## An aerial view of a city intersection. A robot, represented by a small orange circle with black and white striped segments, is positioned in the center of the intersection. A line connects the robot to a car, represented by a yellow rectangle with black wheels. The car is positioned on the right side of the image. A green label '10th St' is visible on the right side of the image. A green label 'Washington Ave' is visible on the left side of the image. A traffic light is visible in the center of the intersection. A compass rose is visible in the top right corner. A black box with the text 'NTS' is visible in the top right corner. A black box with the text '25.780382757645608' and '-80.13289175783162' is visible in the bottom right corner.
