ARTICLE XI – Development Agreement

2.11.1 REQUIREMENTS

The city commission may enter into a development agreement with any person within the city's jurisdiction if:

- a. *The development agreement meets all of the requirements of the Florida Local Government Development Agreement Act, section 163.3220 et seq., Florida Statutes, as may be amended from time to time, including but not limited to notice requirements for public hearings; and*
- b. *Such agreement shall have been considered by the city commission after two public hearings. At the option of the city commission, one of the public hearings may be held by the city planning board and approved by the city commission after the city commission holds a second public hearing.*

163.3220 Short title; legislative intent.—

(1) Sections 163.3220-163.3243 may be cited as the “Florida Local Government Development Agreement Act.”

(2) The Legislature finds and declares that:

(a) The lack of certainty in the approval of development can result in a waste of economic and land resources, discourage sound capital improvement planning and financing, escalate the cost of housing and development, and discourage commitment to comprehensive planning.

(b) Assurance to a developer that upon receipt of his or her development permit or brownfield designation he or she may proceed in accordance with existing laws and policies, subject to the conditions of a development agreement, strengthens the public planning process, encourages sound capital improvement planning and financing, assists in assuring there are adequate capital facilities for the development, encourages private participation in comprehensive planning, and reduces the economic costs of development.

(3) In conformity with, in furtherance of, and to implement the Community Planning Act and the Florida State Comprehensive Planning Act of 1972, it is the intent of the Legislature to encourage a stronger commitment to comprehensive and capital facilities planning, ensure the provision of adequate public facilities for development, encourage the efficient use of resources, and reduce the economic cost of development.

(4) This intent is effected by authorizing local governments to enter into development agreements with developers, subject to the procedures and requirements of ss. 163.3220-163.3243.

(5) Sections 163.3220-163.3243 shall be regarded as supplemental and additional to the powers conferred upon local governments by other laws and shall not be regarded as in derogation of any powers now existing.

*

*

*

163.3225 Public hearings.—

(1) *Before entering into, amending, or revoking a development agreement, a local government shall conduct at least two public hearings. At the option of the governing body, one of the public hearings may be held by the local planning agency.*

(2)(a) *Notice of intent to consider a development agreement shall be advertised approximately 7 days before each public hearing in a newspaper of general circulation and readership in the county where the local government is located. Notice of intent to consider a development agreement shall also be mailed to all affected property owners before the first public hearing. The day, time, and place at which the second public hearing will be held shall be announced at the first public hearing.*

(b) *The notice shall specify the location of the land subject to the development agreement, the development uses proposed on the property, the proposed population densities, and the proposed building intensities and height and shall specify a place where a copy of the proposed agreement can be obtained.*

* * *

163.3235 Periodic review of a development agreement.—*A local government shall review land subject to a development agreement at least once every 12 months to determine if there has been demonstrated good faith compliance with the terms of the development agreement. If the local government finds, on the basis of substantial competent evidence, that there has been a failure to comply with the terms of the development agreement, the agreement may be revoked or modified by the local government.*

* * *

163.3243 Enforcement.—*Any party or aggrieved or adversely affected person as defined in s. 163.3215(2) may file an action for injunctive relief in the circuit court where the local government is located to enforce the terms of a development agreement or to challenge compliance of the agreement with ss. 163.3220-163.3243.*

As provided for in Section 2.11.1(b) of the city's LDRs, this review by the Planning Board shall be considered one of the required public hearings.
