BACKGROUND/HISTORY

ANALYSIS

At the request of Commissioner Alex Fernandez, the attached Ordinance has been placed on the City Commission meeting agenda for first reading.

Currently, section 12-9 of the City Code provides that no more than 15 percent of any city cash sponsorship contribution may be made in advance of the event, with all remaining cash contributions to be made on a reimbursement basis, following the conclusion of the event and submission of the final report referenced in subsection 12-9(b)(1). This limitation can cause hardship to event organizers who rely on the City's sponsorship dollars to pay advances to artists or production companies that supply sound, light, staging and other equipment. In addition to the payment of advances, artist agreements typically require the event organizer to pay the balance in full at the conclusion of the artist's performance.

The proposed ordinance would amend Section 12-9 to allow for a larger advance if (a) the event organizer can establish that limiting the advance to only fifteen percent would create an undue hardship due to contractual obligations to pay artists and production companies that provide sound, light, staging and other production equipment advances and/or payments that are due immediately upon the conclusion of the event, (b) the event organizer is a Miami Beach-based non-profit organization, (c) the event organizer has produced the event in question for at least five

(5) years, and (d) the event budget is not greater than \$500,000. The amount of such larger advance, and the applicable conditions, shall be determined by the city manager (or designee).
