## DESIGN TEAM

### **Foster + Partners**

Foster + Partners is a global studio for architecture, urbanism and design, rooted in sustainability, which was founded over fifty years ago in 1967 by Norman Foster. Design is at the core of everything that we do. We design buildings, spaces and cities; we listen, we question, and we innovate.

Founded in 2004, ODP is an award-winning service architecture and interior design firm headquartered in Hollywood, FL, with offices in Fort Lauderdale, Naples and Tampa, FL. With over 20 years of delivering projects in South Florida, ODP has also partnered with premier architecture firms as Architect of Record.

### **Shulman + Associates**

Shulman + Associates is a multidisciplinary design studio that has been deeply engaged in the built environment of Miami Beach since the mid 1990s. Through built works and studies, lectures, exhibits and books, S+A has become a leader in the creative urban synthesis between preservation and innovation.

PROPOSED

## PROPOSED LEGISLATION – COMPREHENSIVE PLAN

Authorizes the City Commission to adopt land development regulations that provide additional floor area for substantial reconstruction of a contributing historic structure up to a **maximum of 400,000 SF**, provided that:

- Density is limited to **75 units per acre**
- Hotel unit count is limited to **280 units**
- Accessory uses are limited to **35%** of the square footage of the **reconstructed contributing building**
- The HPB approves the **substantial reconstruction**

# PROPOSED LEGISLATION – RESILIENCY CODE

## **Creates North Beach Oceanfront Overlay for existing oceanfront lots within North Beach Resort Historic District that are 140,000 SF in size and at least 450 feet wide**

- Authorizes new construction above pedestal of substantially reconstructed Deauville
- Authorizes new ground floor additions
- Allows 20-foot-wide driveways
- Base FAR of 3.0 + 400,000 SF for substantial reconstruction of Deauville, provided:  
1) density and intensity limits are adhered to, 2) short term rentals prohibited for residences, 3) a public beach path is provided, 4) planning analysis is provided, and 5) building permit is obtained within 5 years
- Height bonus to 400 feet if all criteria required to use bonus FAR are satisfied
- Modifies required setbacks and setback encroachments for substantial reconstruction and new construction above pedestal
- Restores parking exemption for substantially reconstructed historic building
- Facilitates mechanical parking
- Imposes **Resilient Design Requirements** in lieu of compliance with current Resiliency Code requirements.
