**WHEREAS**, at the May 24, 2024 FERC meeting, the Public Works Department favorably recommended approving the air rights easement, provided Grantees contributed to the City the proposed public benefit in the total monetary amount of \$803,250.00, based upon an appraisal secured by the City Administration; and

**WHEREAS**, FERC members recommended engaging the neighborhood to determine if there is opposition to the proposed air rights easement, as it was commented that last year the Belle Isle Residents Association, Inc. ("BIRA") was not in favor of this initiative when presented with a similar

**WHEREAS**, the City has previously approved pedestrian bridge connector projects, such as the connectors for the Tides and the Betsy Hotel; however, in this case, the Grantees will be developing three levels of habitable improvements within the skybridge connector, having a total of approximately 1,841.57 square feet, which will include a private balcony, decorative architectural features, a portion of a lap pool and roof terrace; and

**WHEREAS**, pursuant to Section 82-38 of the City Code, any proposed sale or lease of City-owned land is required to be analyzed from a Planning perspective, based upon the criteria set forth in Section 82-38, so that the City Commission and the public are fully apprised of all conditions related to the proposed sale or lease; and

**WHEREAS**, on October 2, 2024, the City's Planning Department prepared a Planning analysis, a copy of which is attached to the City Commission Memorandum accompanying this Resolution as Exhibit "B", finding that the proposed Easement is consistent with the criteria in Section 82-38 of the City Code; and

**WHEREAS**, pursuant to Section 82-39(b) of the City Code, an appraisal was conducted and received on March 19, 2024, a copy of which is attached to the City Commission Memorandum accompanying this Resolution as Exhibit "C", in order to form an opinion of the market value of the proposed Easement, which calculated the fee simple market value of the subject air rights and land value; and

**WHEREAS**, Grantees and the City Administration have reached agreement as to the monetary value of the Easement in the form of a public benefit, as follows: \$595,000.00 appraised market value of the Easement + 35% (median range of 20-50%) range above market value as suggested on the appraisal report, for a total monetary contribution of \$803,250.00; and

**WHEREAS**, Grantees will pay the City the public benefit in installments, as follows: (1) \$267,750.00 upon the earlier of: (i) issuance of Design Review Board (DRB) approval or (ii) June 30, 2025; (2) \$267,750.00 upon the earlier of (i) receipt a building permit to construct the project on Grantees' Parcels or (ii) September 30, 2025; and (3) \$267,750.00 on or before December 31, 2025; and

  - 31% in favor of Farrey Lane

**WHEREAS**, although FERC, at its June 28, 2024 meeting, requested that BIRA be notified of the possible approval of the Easement, in that, BIRA is concerned with matters which could impact its neighborhood, BIRA is a voluntary neighborhood association and Grantees' Parcels are not governed by any homeowners' association covenants; as such, BIRA's consent to the proposed Easement is not legally required and allocation of the public benefits proffered by Grantees remains at the discretion of the City Commission; and

**WHEREAS**, at the October 30, 2024 City Commission meeting, it was discussed that at a previous FERC meeting, Commissioner Laura Dominguez had made a request to FERC members to consider allocating \$300,000.00 from the proposed public benefit towards the Belle Isle dog park, which request was reiterated at the October 30, 2024 City Commission meeting by Commissioner Dominguez, which recommendation was accepted by the members of the City Commission; and

**WHEREAS**, at the October 30, 2024 City Commission meeting, the Mayor and City Commission, on first reading of the Resolution, voted to accept the recommendation of FERC at its June 28, 2024 meeting, and approve the Easement, subject to and conditioned upon Grantees: (1) securing all land use development approvals and other required regulatory approvals; and (2) delivering to the City a voluntary monetary public benefit in the amount of \$803,250.00, with all of the funds allocated to the general fund, of which \$300,000.00 was designated to be used toward the Belle Isle dog park project and the remainder of the funds to be used at the City's discretion; further, waiving, by 5/7<sup>th</sup> vote, the formal competitive bidding requirement in Section 82-39(a) of the City Code, finding that the public interest would be served by waiving such condition; and further, authorizing the City Manager to negotiate an Easement Agreement with Grantees, subject to approval by the City Commission at the second and final reading/public hearing of the Resolution; and

**WHEREAS**, based upon the foregoing, and the fact that only the Grantees could benefit from the use of the proposed Easement Area, the City Manager recommends that the Mayor and City Commission waive, by a 5/7<sup>th</sup> vote, the formal competitive bidding requirement, as permitted under Section 82-39(a) of the City Code, as being in the best interest of the City; and

**WHEREAS**, pursuant to Section 82-40 of the City Code, Grantees are responsible for all costs associated with the purchase of the Easement including, without limitation, the appraisal; and

**WHEREAS**, the City Manager recommends accepting the recommendation of FERC at its June 28, 2024 meeting, and waiving, by 5/7<sup>th</sup> vote, the formal competitive bidding requirement in Section 82-39(a) of the City Code, finding that the public interest would be served by waiving such condition, and approving and authorizing the City Manager and City Clerk to execute an air rights Easement Agreement pursuant to section 82-37(a)(2) of the City Code, in the form attached to this Resolution as Exhibit "A", subject to and conditioned upon, Grantees: (1) securing all land use development approvals and all other required regulatory approvals; and (2) delivering to the City a voluntary monetary public benefit in the amount of \$803,250.00, of which \$300,000.00 is to be allocated toward the Belle Isle dog park project and the remainder of the funds to be allocated at the City's discretion.

Subsequent to the construction of the Project Improvements, Grantee shall have the right to demolish and remove the Skybridge Improvements, provided that all required Permits and approvals are obtained from the City. In the event that the Skybridge Improvements are demolished with the expectation of future development thereon, this Easement shall not automatically terminate and shall only be voidable in Grantee (or Grantee's successor's) reasonable discretion and in accordance with Applicable Laws. In the event that the Skybridge Improvements are demolished without the expectation of future development, this Easement shall terminate and the parties agree to promptly execute a written release of the Easement and record said release in the Public Records of Miami-Dade County, Florida. In the event that Grantee fails to commence construction of a future development within three (3) years, the Easement shall terminate and the parties agree to promptly execute a written release of the Easement and record said release in the Public Records of Miami-Dade County, Florida.

7. Successors and Assigns. This Easement shall bind, and the benefit thereof shall inure to the respective successors and assigns of the parties hereto. Any transferee of the Properties, or any portion thereof, shall automatically be deemed, by acceptance of the title thereto, to be subject to all of the terms of this Easement.

8. Limitation. It is the intention of the parties hereto that this Easement shall be limited to and utilized for the purposes expressed herein and only for the benefit of the persons and Properties named herein. The roadway surface of the Farrey Lane Right of Way shall continue to be used for appropriate pedestrian and vehicular access and activity, except as necessary during times of installation, maintenance, repair or replacement of the Skybridge Improvements by Grantee, or maintenance, repair or replacement of the Farrey Lane Right of Way or utilities located therein.

9. Indemnification.

A. Grantee shall indemnify, defend and hold harmless Grantor, its officers and employees, from any costs, liabilities, claims, losses, and damages (including, without limitation, reasonable attorneys' fees and disbursements at the trial level and all levels of appeal), whether suit is instituted or not, relating to death of or injury to persons, or loss of or damage to property, arising out of, or incurred in connection with, this Easement, or with the use and/or operation of the Easement Area or Skybridge Improvements by Grantee, and/or its officials employees, contractors, and agents; and including, but not limited to, any violation by the Grantee, and/or its officials, employees, contractors, and agents, of any laws, rules, regulations or ordinances regarding hazardous materials, hazardous wastes, hazardous substances, solid waste, or pollution, whether now existing or hereafter enacted or promulgated, as they may be amended from time to time ("Environmental Laws"); any presence, release, or threat of release of hazardous materials, hazardous wastes, hazardous substances, solid waste or pollution at, upon, under, from or within the Easement Area by Grantee, and/or its officials, employees, contractors; and agents; the failure of Grantee, and/or its officials, employees, contractors, and agents, to duly perform any obligations or any clean-up required to be taken by Grantee under any Environmental Laws; liability for personal injury or property damage; and any fines, penalties, and punitive damages, or any fines or assessments incurred by or claimed against Grantor and arising out of the failure of Grantee, and/or its officials, employees, contractors, and agents, to comply with Environmental Laws in connection with the use of the Easement by Grantee, and/or its officers, employees, contractors, and agents. For the avoidance of doubt, the liability in this Section 9 as to Environmental Laws shall not apply to Grantee unless the liability is caused by the actions of Grantee and/or its officials, employees, contractors, and agents.

B. Grantee shall also, as part of the indemnification provided to Grantor pursuant to this Section 9, defend any and all claims asserted against Grantor resulting from, arising out of, or incurred in connection with the existence and/or use of the Easement and the Easement Area or Skybridge Improvements by Grantee, and/or its officials, employees, contractors, and agents. Grantee shall be entitled to select counsel of Grantee's choice to defend claim; provided however, that such counsel shall first be approved by Grantor's City Attorney, which approval shall

not be unreasonably conditioned, withheld, or delayed; and, provided further, that the Grantor shall be permitted, at its cost and expense, to retain independent counsel to monitor the claim proceeding. The duty to defend set forth in this subsection shall be severable and independent from the indemnity obligations otherwise set forth in this Section 9, to the extent that if any other provisions and/or subsections of this Section 9 are deemed to be invalid and/or unreasonable, this duty to defend provision shall remain in full force and effect.

- C. Notwithstanding anything contained in Section 9 to the contrary, Grantee shall not be obligated or liable to Grantor, or any third parties, for any costs, liabilities, expenses, losses, claims or damages, with respect to claims resulting from the gross negligence, recklessness or willful misconduct of Grantor or its officials, employees, contractors, and agents.
- D. The indemnity and defense obligations set forth in this Section 9 including, without limitation, the provisions of its subsections, shall survive the expiration of the Term or any termination of this Easement regarding any and all costs, liabilities, claims, losses, and damages (including, without limitation, reasonable attorneys' fees and disbursements at the trial level and all levels of appeal), whether suit is instituted or not, relating to death of or injury to persons, or loss of or damage to property, resulting from, arising out of, or incurred in connection with the existence and use of the Easement and the Easement Area by Grantee and/or its officials, employees, contractors, and/or agents during the Term of the Easement. For purposes of example only and without limiting the generality of the foregoing, costs, liabilities, claims, losses and/or damages which are unknown or unaccrued as of the date of the expiration of the Term or other termination of the Easement could include, without limitation, latent construction defects and/or environmental remediation claims.

10. **Insurance.** Grantee shall maintain insurance sufficient to cover Grantee's liability exposure with respect to its construction, use or operation of the Skybridge Improvements, which insurance shall include Commercial General Liability Insurance, including Products-Completed Operations and Contractual Liability, in an amount not less than \$1,000,000 combined single limit per occurrence, and \$2,000,000 in the aggregate, for bodily injury and property damage, and Workmen's Compensation as required by Applicable Law. Grantee shall name the Grantor as an additional named insured on the Certificates of Insurance for Commercial General Liability Insurance, and upon request of the Grantor, shall provide the City with a certificate of insurance evidencing the foregoing coverages.

11. **Default.**

- A. **Default By Grantee.** In the event of a default by Grantee under the terms of this Easement, Grantor shall give written notice to Grantee, specifying the nature of such default. Grantee shall have a period of thirty (30) days following receipt of said notice in which to remedy the default (or such longer time as may be necessary and reasonable, provided Grantee shall have commenced a cure within said 30-day period and is diligently and continuously prosecuting same); failing which Grantor shall have the right to enter upon the Easement Area, for the limited purpose of

effecting the required repair or maintenance of the Pedestrian Bridge Improvements. Notwithstanding the foregoing, if the default is of such a nature that an emergency situation arises, constituting an unsafe or unsanitary condition, the period of cure of such default shall be accelerated to a period of time which is reasonable in light of the nature of the emergency. All costs incident to curing a default by the Grantee under this subsection shall be the sole responsibility and obligation of, and accordingly, shall be borne by, the Grantee.

- B. Default by Grantor. In the event of a default by Grantor, Grantee shall give written notice to Grantor, specifying the nature of such default. Grantor shall have a period of thirty (30) days following receipt of said notice in which to remedy the default (or such longer time as may be necessary and reasonable, provided Grantor shall have commenced a cure within said 30-day period and is diligently prosecuting same). Notwithstanding the foregoing, if the default is of such a nature that an emergency situation arises constituting an unsafe or unsanitary condition, the period for cure of such default shall be accelerated to be a period of time which is reasonable in light of the nature of the emergency. All costs incident to curing a default by Grantor relating to an emergency situation shall be borne by the Grantor.
  - C. Any sums due and owing under this Easement by Grantor or Grantee shall be due and owing within thirty (30) days from receipt of the invoice. Any unpaid sums shall accrue interest at the interest rate of eighteen percent (18%) per annum or the highest interest rate authorized by Applicable Law, whichever is less.
12. **No Liens.** Grantee shall not cause liens of any kind to be placed against the Easement Area or any portion thereof. The right, title and interest of the Grantor in the Easement Area shall not be subject to liens or claims of liens for improvements made by Grantee. Nothing contained in this Easement shall be deemed or construed to constitute the consent or request of the Grantor, express or by implication or otherwise, to any contractor, subcontractor, laborer or materialman for the performance of any labor or the furnishing of any materials for any specific improvement of, alteration to, or repair of the Easement Area, or any part thereof, nor as giving Grantee, any mortgagee or lessee of the Grantee or Properties any right, power or authority to contract for, or permit the rendering of, any services or the furnishing of materials that would give rise to the filing of any lien, mortgage or other encumbrance against Grantor's interest in the Easement Area, or any part thereof, or against assets of the Grantor. In the event Grantee fails to remove any lien or desires to contest any lien placed against the Easement Area or any portion thereof, Grantee shall indemnify, defend and hold harmless the Grantor against all loss, expense or damages in connection therewith, in accordance with Section 9 of this Easement. Notwithstanding the foregoing, Grantee's rights under this Easement may be part of the collateral for any mortgage encumbering the Properties.
13. **Inspection.** It is hereby agreed that any City official has the right to enter and investigate the Easement Area at any time to verify compliance with the conditions of this Easement and any Applicable Laws.

14. Enforcement. An action to enforce the terms and conditions of this Easement may be brought at law or in equity against any party or person violating or attempting to violate any provision of this Easement or provisions of any Permits or Applicable Laws, either to restrain violations or to recover damages. In the event it becomes necessary for any party to defend or institute legal proceedings to enforce the terms, covenants and conditions of this Easement, the prevailing party in such litigation shall recover from the other party all costs and expenses incurred or expended in connection therewith, including, without limitation, reasonable attorney's fees and costs, at all levels.
15. Venue and Jurisdiction: WAIVER OF JURY TRIAL. This Easement shall be enforceable in Miami-Dade County, Florida, and if legal action is necessary by either party with respect to the enforcement of any or all of the terms and conditions herein, exclusive venue for the enforcement of same shall be Miami-Dade County, Florida. This Easement shall be governed by, and construed in accordance with, the laws of the State of Florida, both substantive and remedial, without regard to principles of conflict of laws. BY ENTERING INTO THIS EASEMENT, GRANTOR AND GRANTEE EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO, OR ARISING OUT OF, THIS EASEMENT.
16. No Joint Venture. Nothing in this Easement shall be construed to create a joint venture, partnership, tenancy in common, or joint tenancy relationship between the Grantor and the Grantee, nor shall this Easement render either party liable for the debts or obligations of the other party.
17. Interpretation. No provision of this Easement will be interpreted in favor of, or against, any of the parties hereto by reason of the extent to which any such party or its counsel participated in the drafting thereof or by reason of the extent to which any such provision is inconsistent with any prior draft hereof or thereof.
18. Counterparts. This Easement may be executed in any number of counterparts, each of which shall be deemed an original and all of which, taken together, shall constitute a single document.
19. Notices. Any notices required or permitted to be given under this Easement shall be in writing and shall be deemed to have been given if delivered by hand, sent by recognized overnight courier (such as Federal Express) or mailed by certified or registered mail, return receipt requested, in a postage prepaid envelope, and addressed as follows:
