SUBJECT: **PB24-0707, a.k.a PB23-0577. 230 1st Street & 81 Washington Avenue
– Le Jardin Boucherie & Genzo-Omakase Room**

An application has been filed requesting modifications to a previously issued conditional use permit for a Neighborhood Impact Establishment (NIE), pursuant to Chapter 2, Article V, and Chapter 7, Article II, of the Miami Beach Resiliency Code. Specifically, the application includes expansion of the NIE to include the third floor of the existing building for a new restaurant.

RECOMMENDATION

Approval with conditions.

BACKGROUND

November 14, 2017: The Historic Preservation Board approved a Certificate of Appropriateness for the partial demolition and renovation of the existing 3-story building and site design modifications, including the removal of the existing parking lot to be replaced with outdoor restaurant seating (HPB17-0143).

May 23, 2023: The Planning Board issued a conditional use permit for the operation of a neighborhood impact establishment consisting of a restaurant on the first and second floors of the existing 3-story building.

South:	Residential Multifamily
West:	Commercial Establishments
East:	Residential Multifamily

THE PROJECT

The applicant, 81 Washington LLC, has submitted plans entitled “PB24-0707, Planning Board First Submittal”, prepared by Beilinson Gomez Architects dated 9-8-2024. The proposal is to add

a restaurant to the third floor of the existing building, which was previously occupied by an office use.

The previously approved restaurant fronts Washington Avenue and First Street. The ground floor has an interior bar and restaurant area with 125 seats and an outdoor dining area with 158 seats; the occupancy load on the ground floor is 413 persons. The second floor has 167 seats with an occupancy load of 210 persons. The total occupancy load approved for both levels is 623 persons.

The application now includes an increase in occupancy to 768 and an increase in the total number of seats to 517.

COMPLIANCE WITH CONDITIONAL USE REVIEW GUIDELINES:

Conditional Uses may be approved in accordance with the procedures and standards set forth in the Miami Beach Resiliency Code Chapter 2, Article V, 2.5.2.2:

- 1. The Use is consistent with the Comprehensive Plan or Neighborhood Plan if one exists for the area in which the property is located.**

Consistent – The request is consistent with the permissible uses in the limited Mixed Use Commercial Performance Standard Category (C-PS-1) as designated on the Future Land Use Map within the Comprehensive Plan.

- 2. The intended Use or construction would not result in an impact that would exceed the thresholds for the levels of service as set forth in the Comprehensive Plan**

Consistent – The proposal should not result in an impact that would exceed the thresholds for the levels of service as set forth in the Comprehensive Plan.

- 3. Structures and uses associated with the request are consistent with these Land Development Regulations.**

Consistent – Neighborhood Impact Establishments are permitted as conditional uses in this zoning district.

- 4. Public health, safety, morals and general welfare would not be adversely affected.**

Consistent – The proposed establishment may adversely affect the general welfare of nearby residents if noise and other issues are not controlled. The facility would have to comply with all applicable laws and regulations for licensure.

- 5. Adequate off-street parking facilities would be provided.**

Partially Consistent – The applicant will utilize valet parking services to park vehicles at a nearby storage location. Additionally, there are public parking facilities and street parking adjacent to the site.

- 6. Necessary safeguards would be provided for the protection of surrounding property, persons, and neighborhood values.**

Consistent – Staff is recommending conditions to mitigate any adverse impacts from noise and other issues on the surrounding neighborhood.

- 7. The concentration of similar types of uses would not create a negative impact on the surrounding neighborhood. Geographic concentration of similar types of conditional uses should be discouraged.**

Partially Consistent – There are other restaurants within the vicinity, neighborhood impact establishments are permitted in the C-PS-1 Zoning District as a conditional use. If not carefully controlled, such concentration could negatively impact the surrounding neighborhood.

NEIGHBORHOOD IMPACT ESTABLISHMENT REVIEW GUIDELINES

In accordance with Chapter 7, Article 5 Sec. 7.5.5.4 of the Miami Beach Resiliency Code, in reviewing an application for an outdoor entertainment establishment, open air entertainment establishment or a neighborhood impact establishment, the Planning Board shall apply the following supplemental review guidelines criteria in addition to the standard review guidelines for conditional uses pursuant to Chapter 2, Article V:

- 1. An operational/business plan which addresses hours of operation, number of employees, menu items, goals of business, and other operational characteristics pertinent to the application.**

The operational plan was submitted with the application including details of hours for deliveries, hours of operation, number of employees, and other procedures.

- 2. A parking plan which fully describes where and how the parking is to be provided and utilized, e.g., valet, self-park, shared parking, after-hour metered spaces and the manner in which it is to be managed.**

There are no parking spaces on site and the applicant will utilize valet parking services. Additionally, there are adequate public parking facilities and street parking adjacent to the site.

- 3. An indoor/outdoor crowd control plan which addresses how large groups of people waiting to gain entry into the establishment, or already on the premises would be controlled.**

A crowd control plan was not included with the application. Staff is proposing conditions to mitigate any potential issues with crowd control and queuing in the outdoor areas and sidewalk.

- 4. A security plan for the establishment and any parking facility, including enforcement of patron age restrictions.**

The applicant has indicated that there will be cameras to monitor the facility. The operational plan mentions that patron age limitations will be enforced by any alcohol server.

- 5. A traffic circulation analysis and plan which details the impact of projected traffic on the immediate neighborhood and how this impact is to be mitigated.**

A Traffic Study was provided. Based on the analysis, the Applicant has committed to implement best practices with its valet operations to ensure minimal impacts, as well as other traffic mitigation strategies.

6. A sanitation plan which addresses on-site facilities as well as off-premises issues resulting from the operation of the establishment.

The operations plan indicates how garbage collections are intended to take place. Staff has included recommended conditions to mitigate any potential issues related sanitation operations.

7. A noise attenuation plan which addresses how noise would be controlled to meet the requirements of the noise ordinance.

A sound study was submitted.

8. Proximity of proposed establishment to residential uses.

There is a building that contains residential units adjacent to the site on the south, and another residential building on the East across from the Alley. (Collins Ct).

9. Cumulative effect of proposed establishment and adjacent pre-existing uses.

There are other restaurants within the vicinity in this district. If not carefully controlled, such concentration could negatively impact the surrounding neighborhood.

COMPLIANCE WITH SEA LEVEL RISE AND RESILIENCY REVIEW CRITERIA

Section 7.1.2.4 o of the Land Development establishes review criteria for sea level rise and resiliency that must be considered as part of the review process for board orders. The following is an analysis of the request based upon these criteria:

1. A recycling or salvage plan for partial or total demolition shall be provided.

Satisfied. The applicant shall provide a recycling or salvage plan as part of any building permit.

2. Windows that are proposed to be replaced shall be hurricane proof impact windows.

Satisfied. Windows are hurricane impact windows.

3. Where feasible and appropriate, passive cooling systems, such as operable windows, shall be provided.

Per letter of intent, The Applicant will provide, where feasible, passive cooling systems.

4. Whether resilient landscaping (salt tolerant, highly water-absorbent, native or Florida friendly plants) will be provided.

Satisfied. Per letter of intent, all landscaping will be Florida friendly and resilient.

5. Whether adopted sea level rise projections in the Southeast Florida Regional Climate Action Plan, as may be revised from time-to-time by the Southeast Florida Regional Climate Change Compact, including a study of land elevation and elevation of surrounding properties were considered.

Satisfied.

6. The ground floor, driveways, and garage ramping for new construction shall be adaptable to the raising of public rights-of-ways and adjacent land.

Not Applicable.

7. Where feasible and appropriate, all critical mechanical and electrical systems shall be located above base flood elevation.

Satisfied. All critical mechanical and electrical systems will be located above BFE.

8. Existing buildings shall be, where reasonably feasible and appropriate, elevated to the base flood elevation.

Satisfied. Per letter of intent, the building is existing and was developed in 2014 in accordance with applicable floodplain regulations.

9. When habitable space is located below the base flood elevation plus City of Miami Beach Freeboard, wet or dry flood proofing systems will be provided in accordance with Chapter of 54 of the City Code.

Satisfied. Per letter of intent, Habitable spaces below base flood elevation plus freeboard will use flood proofing system in accordance with the Code.

10. Where feasible and appropriate, water retention systems shall be provided.

Satisfied. Per letter of intent, water retention systems will be provided.

11. Cool pavement materials or porous pavement materials shall be utilized.

Satisfied. Per letter of intent, Cool pavement materials or porous pavement materials will be utilized where possible.

12. The design of each project shall minimize the potential for heat island effects on-site.

Not Applicable.

ANALYSIS

Project Description and Operations

The previously approved project is for the renovation of an existing commercial space with a new restaurant serving alcoholic beverages with a total projected occupancy load of 623 persons on the first and second floors, including 158 seats on the exterior of the premises along Washington Avenue. The applicant is now proposing to add an additional, smaller restaurant to the third floor, which previously was used for offices. The new restaurant is proposed to have 102 seats, with no exterior dining or utilization of the existing outdoor terraces at this level.

As previously approved, the ground level is divided into two areas. The western side is an outdoor dining terrace, with some of the seating area proposed to be covered by a canopy. The main entry point is through the outdoor terrace facing Washington Avenue. The interior portion of the restaurant is on the eastern side of the property, and contains the main dining area, two bars, restrooms, an elevator, stairs, a kitchen, and a secondary entry point facing First Street. The second floor provides space for a dining area, lounge, bathrooms, kitchen and back of house. Entry to the third floor restaurant will be accommodated through the same ground floor entrance.

Sound

The prior application was approved with ambient background music, played at a level that does not interfere with normal conversation. The existing conditions of approval require that outdoor

background music shall cease by 10:00 p.m. Sunday through Thursday, and 11:00 p.m. Friday and Saturday. Further, sound generated from the venue shall not be plainly audible from the adjacent residential building.

Hours of Operation

The prior approval allows operations in the interior portions of the establishment from 11:00 a.m. to 11:00 p.m. Sunday through Thursday, and until 12:00 a.m. on Friday and Saturday. No changes to these hours are proposed.

Deliveries and Sanitation

The operations plan indicates that all deliveries will be made from the rear alley on Collins Court. The plan indicates that no trucks larger than 5-tons will be permitted to access the existing loading and delivery area and that the restaurant will work with all vendors to ensure this. Deliveries are only be permitted between 9:00 a.m. and 11:00 p.m.

Refuse collection will also take place from the rear alley on Collins Court six days per week. The operations plan indicates that weekend collections will not occur before 9:00 a.m. to prevent residential disturbances. The trash room is located at the southeast corner of the building, which faces the adjacent residential building.

Staff has included an additional condition in the modified CUP, to ensure that any loading that takes place along the alleyway shall at no time block the passage of vehicles along the alley. The applicant has included plans that demonstrate the alley is wide enough to comply with this requirement.

Valet Parking

Valet parking is proposed to take place via a valet station located on Washington Avenue and as valet locations may change over time, staff has updated the conditions of approval to require that any change in valet lot locations be subject to the review and approval of the Transportation and Mobility Department. As recommended by the Transportation and Mobility Department, staff has included an additional condition of approval, requiring a minimum of 29 valet attendants during peak hours. Such condition may be updated at the time of a progress report, upon the submission of an actual valet utilization analysis, which justifies any reduction.

Site Access

Per the operations plan, patron access to the restaurant is from Washington Avenue. The operations plan indicates that entering patrons will be guided to a host station upon entering. There will be an additional host station at the ground level to guide patron access to the new third floor restaurant.

Security and Crowd Control

The operations plan does not indicate if security personnel is proposed to be onsite during operating hours; however, the plan did indicate that there will be cameras onsite to monitor the facilities. Also, pursuant to the operational plan patron age limitations will be enforced by alcohol serving staff.

STAFF RECOMMENDATION

In view of the foregoing, staff recommends the application be approved, subject to the conditions in the attached draft order.

MEETING DATE: May 23, 2023; January 7, 2025

MODIFIED CONDITIONAL USE PERMIT

The applicant, 81 Washington, LLC, filed an application with the Planning Director requesting a Conditional Use approval for a Neighborhood Impact Establishment pursuant to Chapter 118, Article IV, and Chapter 142, Article V of the City Code. Notice of the request was given as required by law and mailed out to owners of property within a distance of 375 feet of the exterior limits of the property upon which the application was made.

The Planning Board of the City of Miami Beach makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the of the record for this matter:

That the property in question is located in the C-PS-1 Commercial Performance Standard limited mixed use.

That the use is consistent with the Comprehensive Plan for the area in which the property is located;

That the intended use or construction will not result in an impact that will exceed the thresholds for the levels of service as set forth in the Comprehensive Plan;

That structures and uses associated with the request are consistent with the Land Development Regulations;

That the public health, safety, morals, and general welfare will not be adversely affected;

That necessary safeguards will be provided for the protection of surrounding property, persons, and neighborhood values.

IT IS THEREFORE ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter,

and the staff report and analysis, which is adopted herein, including the staff recommendations, that the modified Conditional Use Permit be GRANTED, as provided below:

Underlining denotes new language and ~~striketrough~~ denotes stricken language from the previous Order.

1. The Planning Board shall maintain jurisdiction of this Conditional Use Permit. The applicant shall appear before the Planning Board for a progress report within 90 days from the issuance of the BTR.

The Board reserves the right to modify the Conditional Use approval at the time of a progress report in a non-substantive manner, to impose additional conditions to address possible problems and to determine the timing and need for future progress reports. This Conditional Use is also subject to modification or revocation under ~~City Code Sec. 448-194 (e)~~ 1.3.7 of the Land Development Regulations (LDRs), entitled "ENFORCEMENT", and such enforcement procedures as are otherwise available.

2. The applicant shall be required to provide a letter to the Planning Department subsequent to the initial progress report and on an annual basis thereafter attesting to the applicant's compliance with all conditions of the CUP. The Planning Director shall include a copy of all such letters on the next available meeting agenda of the Planning Board for informational purposes. Following receipt of an applicant's annual letter, the Planning Board may elect to schedule a progress report before the Board at its next available meeting. Failure to provide such letter on an annual basis shall constitute a violation of the CUP and a progress report shall be scheduled. In addition to all enforcement provisions herein, the Board reserves the right to schedule a modification / revocation hearing if determined necessary when reviewing any annual progress report.
3. This Conditional Use Permit is issued to 81 Washington, LLC, as tenants and operators of the Neighborhood Impact Establishment consisting of ~~a restaurants~~ and accessory indoor bars. Any change of operator or fifty percent (50%) or more stock ownership shall require the new owners or operators to submit an affidavit, approved by City, to the City of Miami Beach Planning Department transferring approval to the new owners and/or operators and acknowledging acceptance of all conditions established herein, prior to the issuance of a new Certificate of Use/Business Tax Receipt. A progress report shall be scheduled within 60 days following the applicant's submission and staff's approval of the affidavit.
4. The conditions of approval for this Conditional Use Permit are binding on the applicant, the property owners, operators, and all successors in interest and assigns.
5. Substantial modifications to the plans submitted and approved as part of the application, as determined by the Planning Director or designee, may require the applicant to return to the Board for approval.
6. The applicant, now and in the future, shall abide by all the documents and statements submitted with this application.
7. The Applicant agrees to the following operational conditions for all permitted and accessory uses and shall bind itself, lessees, permittees, concessionaires, renters,

guests, users, and successors and assigns and all successors in interest in whole or in part to comply with the following operational and noise attenuation requirements and/or limitations. The applicant shall ensure through appropriate contracts, assignments and management rules that these restrictions are enforced and the applicant agrees to include the rules and regulations set forth in these conditions in any contract or assignment:

- i. The restaurants and accessory indoor bars subject to this CUP shall have a maximum occupant content of ~~623~~ 768 persons or any lesser such occupant content as determined by the Fire Marshal.
 - ii. The indoor portions of the establishment may operate from 11:00 AM until 12:00 AM.
 - iii. The outdoor seating areas of the establishment may operate from 11:00 AM until 11:00 PM on Sunday through Thursday, and until 12:00 AM on Fridays and Saturdays.
 - iv. These hours shall not supersede any future amendments to the City Code, pertaining to hours of operation for alcoholic beverage and/or entertainment establishments.
 - v. Entertainment, as defined in City Code Section ~~444-4~~ 1.2.2.4, shall be strictly prohibited in all indoor and outdoor areas.
 - vi. Recorded background music, played at a level that does not interfere with normal conversation is permitted, provided that a sound system with directional speakers and a digital tamper-resistant sound level limiter is used to minimize impacts to adjacent properties.
 - vii. Outdoor music shall cease at 10:00 PM from Sunday to Thursday and 11:00 PM on Fridays and Saturdays.
 - viii. Sound generated from the venue, including, but not limited to, recorded music and patron conversations, shall not be plainly audible from the adjacent residential building.
 - ix. Televisions and projectors shall not be located anywhere in the exterior areas of the property.
 - x. No dancehall shall be permitted on the site.
 - xi. Special event permits shall be prohibited.
 - xii. After normal operating hours, the establishment shall remain closed and no patrons or other persons, other than those employed by the establishment, shall remain therein between the establishment's closing time and 8:00 AM.

- B. Deliveries may only occur between 9:00 AM and 1:00 PM each day.
 - C. Deliveries ~~must~~ shall be conducted via designated loading zones or loading areas at the rear of the property on the Collins Court alleyway. No deliveries shall be made from undesignated loading areas on Washington Avenue or First Street. Additionally, at no time shall delivery or service vehicles block any portion of the public right-of-way, or alleyway.
 - D. Delivery trucks shall not be allowed to idle in ~~the~~ any loading zone, or alleyway.
 - E. Equipment and supplies shall not be stored in areas visible from streets, alleys or nearby buildings.
 - F. Deliveries and waste collections may occur daily between 9:00 AM and 5:00 PM, or as specified by the City in approved loading zones in the vicinity.
 - G. All trash containers shall utilize rubber wheels, or the path for the trash containers shall consist of a surface finish that reduces noise, in a manner to be reviewed and approved by staff.
 - H. Adequate trash room space, air conditioned and noise baffled, shall be provided, in a manner to be approved by the Planning and Public Works Departments. Sufficient interior space must be provided so that doors can remain closed while trash and trash bags are being deposited in dumpsters. Doors shall remain closed and secured when not in active use.
 - I. Trash room(s)/garbage room(s) shall be large enough, or sufficient in number to accommodate enough dumpsters so that more than one pick up of garbage per day will not be necessary.
 - J. Garbage dumpster covers shall be closed at all times except when in active use.
 - K. Restaurant and bar personnel shall take measures to enforce the Patron Age Restriction of the City Code during the hours of operation of all alcoholic beverage establishments.
 - L. No patrons shall be allowed to queue on public rights-of-way, or anywhere on the exterior premises of the subject property.
 - M. The owner/operator shall be responsible for maintaining the areas adjacent to the facility, including the sidewalk, and all areas around the perimeter of the property. These areas shall be kept free of trash, debris and odor, and shall be swept and hosed down at the end of each business day.
 - N. Street flyers and handouts shall not be permitted, including handbills from third-party promotions.
8. Provide a revised floor plan identifying the location of the main patron entrance and the host station. The host station shall be located a minimum of ten (10) feet away from the

- main patron entrance in order to ensure that there is no queuing on the public right of way, subject to the review and approval of the Planning Department.
9. The applicant shall address the following Transportation, Mobility, Concurrency and Parking requirements, as applicable:
- A. The applicant shall pay all impact, mobility, and concurrency fees due prior to obtaining a Building Permit, Certificate of Occupancy, or Business Tax Receipt, whichever may occur first, and any other fair share cost that may be due and owing.
 - B. The applicant shall coordinate with the Transportation Department to develop an acceptable Transportation Demand Management (TDM) Plan, prior to the issuance of a building permit.
 - C. The applicant shall coordinate with the Parking Department to provide valet parking at the proposed valet parking ramps. The applicant will provide text-to-order valet parking services to limit crowding on the exterior of the venue.
 - D. All valet parking operations shall be conducted within the rented on-street parking space(s) for the valet ramp and shall not block, at any time, the right of way on Washington Avenue. There shall be sufficient valet parking runners available to ensure that the right of way is not blocked.
 - E. Valet parking vehicle storage location(s) shall be located in its entirety at 119 Washington Avenue, subject to the review and approval of the Transportation and Mobility Department. A progress report before the Planning Board shall be required prior to any change in the valet parking vehicle storage location.
 - F. The applicant shall assign an employee to monitor the valet areas during all operating hours.
 - G. A minimum of 29 valet attendants shall be required during peak hours. This number may be adjusted at the time of a progress report, provided detailed analysis of the actual valet utilization rate are provided for review and confirmation.
10. The applicant shall satisfy outstanding liens and past due City bills, if any, to the satisfaction of the City prior to the issuance of an occupational license to operate this entertainment establishment.
11. The existing curbcut previously used to access the onsite parking on Washington Avenue shall be removed and replaced with a sidewalk and curb, subject to the review and approval of staff.
12. The applicant shall obtain a full building permit within 18 months from the date of the meeting, and the work shall proceed in accordance with the Florida Building Code. Extensions of time for good cause, not to exceed a total of one year for all extensions, may be granted by the Planning Board.
13. The Planning Board shall retain the right to call the owner or operator before the Board and modify the hours of operation or the occupant load should there be valid complaints

about loud, excessive, unnecessary, or unusual noise. Nothing in this provision shall be deemed to limit the right of the Planning Board to call back the owner or operator for other reasons and for other modifications of this Conditional Use Permit.

14. A violation of Chapter 46, Article IV, "Noise," of the Code of the City of Miami Beach, Florida (a/k/a "noise ordinance"), as may be amended from time to time, shall be deemed a violation of this Conditional Use Permit and subject to the remedies as described in section ~~118-194, of the City Code.~~ 2.5.2.5 of the Land Development Regulations (LDRs).
15. This order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
16. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
17. The establishment and operation of this Conditional Use shall comply with all the aforementioned conditions of approval; non-compliance shall constitute a violation of the Code of the City of Miami Beach, Florida, and shall be subject to enforcement procedures set forth in Section ~~444-7~~ 1.3.7 of the Code Land Development Regulations (LDR's), entitled "ENFORCEMENT", and such enforcement procedures as are otherwise available. Any failure by the owner, applicant or operators to comply with the conditions of this Order shall also constitute a basis for consideration by the Planning Board for a revocation of this Conditional Use permit.
18. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.
19. The applicant agrees and shall be required to provide access to areas subject to this Conditional Use Permit (not private residences or hotel rooms) for inspection by the City (i.e. Planning Department, Code Compliance Department, Building Department, and Fire Department staff), to ensure compliance with the terms and conditions of this Conditional Use Permit. Failure to provide access may result in revocation of the Conditional Use Permit.
20. In accordance with Section 2.5.2.4.b.ii of the Land Development Regulations of the City Code, should the conditional use approved herein cease operation at any point and remain idle or unused in whole or in part for a continuous period of six months or for 18 months during any three-year period whether or not the equipment, fixtures, or structures remain, the applicant shall be required to seek re-approval of the conditional use from the board. Resumption of such use shall not be permitted unless and until the board approval has been granted.
