

## MIAMI BEACH - SCHOOL CONCURRENCY LIST

AS OF: 02/21/23

### Planning Department School Concurrence process:

Whenever a building permit application or Land Use Board application is reviewed which involves new residential units (not individual single family homes), the below information is transmitted to Miami-Dade County Public Schools (MDCPS) through their online portal system. (including building permits where a school concurrency evaluation was previously done as part of a land use board application).

For Land Use Boards applications, the applicant has to pay the fee for the initial evaluation with MDCPS before going to the LUB hearing. (MDCPS may require additional steps to satisfy school concurrency, this process needs to be finalized in order to obtain a building permit.).

The Planning Department cannot approve building permits involving an increase in residential units until the County School Board has issued a valid school concurrency determination and concludes that the development satisfies the school concurrency requirements. Without this, a building permit cannot be issued.

### Please provide the following information:

Applicant Name (owners):	2125 Bay Dr LLC
Applicant Phone (owners):	954 533 4492
Applicant Email(owners):	roteam@redoctopusllc.com
Project Address :	2125 BAY DRIVE, MIAMI FL 33141
Contact Name:	Yanina Mauro
Contact Phone:	954 533 4492
Contact Email:	roteam@redoctopusllc.com
Local Government Application Number (Board Number or Permit number):	<b>DRB23-0961</b>
Master Folio Number (No dashes):	02321000110730
Additional Folio Numbers (No dashes): use an additional page if required.	
Total Acreage:	7,789 sf
Proposed Use:	MULTI-FAMILY
Number of units*:	7 UNITS
SFH (Existing/Proposed):	2,397 SF / 9,702 SF
TH (Existing/Proposed):	0
Existing multifamily units:	1 UNITS
Proposed Multifamily units	10 UNITS
Proposed Co-living units:	0

\*The number of units is the ADDITIONAL number of residential units proposed vs. the number of current existing units on the site. For example, if an existing building contains 8 residential units, and is being replaced with a 20 unit project, the number of units would be 12.
