12. LIQUIDATED DAMAGES

- a. Integrated Security Systems' LIMITS OF LIABILITY: It is understood that Integrated Security Systems is not an insurer; that insurance for whatever reason or purpose and in whatever amount shall be obtained by Customer, if any is desired; that the sums payable hereunder to Integrated Security Systems by Customer are based upon the value of services offered and the scope of liability undertaken and such sums are not related to the value of property belonging to Customer or to others located on Customer's premises.

The Customer does hereby waive and release any rights of recovery against Integrated Security Systems that it may have hereunder.

12. LIQUIDATED DAMAGES (cont'd).

- c. It is agreed that it is impractical and impossible to fix actual damages which may arise from situations where there may be a failure of services provided, due to the uncertain value of Customer's property or the property of others kept on the protected premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system is designed to detect or avert. Due to the inability of Integrated Security Systems to establish a causal connection between systems or service problems and Customer's possible loss, it is further agreed that if Integrated Security Systems should become liable for any losses or damages attributable to a failure of systems or services in any respect, its total liability to Customer shall be limited to \$250.00, which the Customer agrees is reasonable. The payment of this amount shall be Integrated Security Systems' sole and exclusive liability regardless of the amount of loss or damage incurred by the Customer. No suit or action shall be brought against Integrated Security Systems more than one (1) year after the accrual of the cause of action therefore.
- d. Since it is agreed that the Customer retains the sole responsibility of the life and safety of all persons in the protected premises, and for protecting against losses to his own property or the property of others in the protected premises, Customer agrees to indemnify, defend and hold harmless Integrated Security Systems from any and all such claims and lawsuits including the payment of all damages, expenses, costs, and attorney fees incurred by Integrated Security Systems, its employees and agents, from and against all claims, lawsuits and losses, by persons not a party to this Agreement, against Integrated Security Systems for failure of its equipment or services in any respect, alleged to be caused by the improper operation of the system, whether due to malfunctioning or non-functioning of the system, or by the negligence, active or passive, of Integrated Security Systems.

- a. The Service Agreement portion of these conditions is self-renewing for the term provided herein and at the prices in effect as of the date of renewal unless modified or canceled by either party in writing not less than thirty (30) days prior to the expiration date of this Agreement.

14. TERMINATION/PAYMENT:

- a. Integrated Security Systems has the option to terminate this agreement for cause should any payment due from Customer to Integrated Security Systems remain overdue for a period of more than thirty (30) days. Should Integrated Security Systems elect to exercise such cancellation option, said exercise shall be in writing, sent by certified mail, return receipt requested, and such cancellation shall be effective upon receipt.

15. SUCCESSORS:

- a. The Agreement is not assignable by Customer except upon the written consent of Integrated Security Systems, which consent will not unreasonably be withheld.

16. ENTIRE AGREEMENT:

- a. This Agreement is to govern the providing of services by Integrated Security Systems to Customer as described herein. Nothing in this Agreement is to be construed as creating a lease or a leasehold agreement between the parties. This Agreement is not binding unless approved in writing by an authorized representative of Integrated Security Systems. If approval is not obtained, the only liability of Integrated Security Systems shall be to return to Customer the amount, if any, paid to Integrated Security Systems upon the signing of the Agreement by its Sales Representative.
- b.
