Prior Approvals for 8 & 10 Century Lane - 2 Single-Family Homes

DRB22-0841 - 8 Century Lane

- 5 story residence
 - Variance to eliminate all of the required setback of 20'0" to construct an enclosed parking and access ramp.
 - Variance to increase by 1.8' the maximum allowable elevation of interior side yard to elevate interior side yard associated with walkways and ramps.
 - Variance to reduce by 3'2" the minimum required rear setback of 7'6" to construct a pool.

DRB22-0847 - 10 Century Lane

- 4 story residence
 - Variance to reduce by 20'0" the required front setback in order to allow parking within the provided driveway.
 - Waiver to reduce the minimum height requirement of 12 feet by 1'6".

Proposed new single-family residence:

Waiver requests:

1. To waive the requirement of maximum lot coverage for lots equal or greater than 65 feet in width be 45% to allow for a total lot coverage of 50% ("Waiver 1").
2. To waive the requirement of a minimum height of 12'-0" to the underside of the first floor slab by 2'-0" to allow for a total of 10'-0" ("Waiver 2"). *(Previously approved by DRB)*

Variance requests:

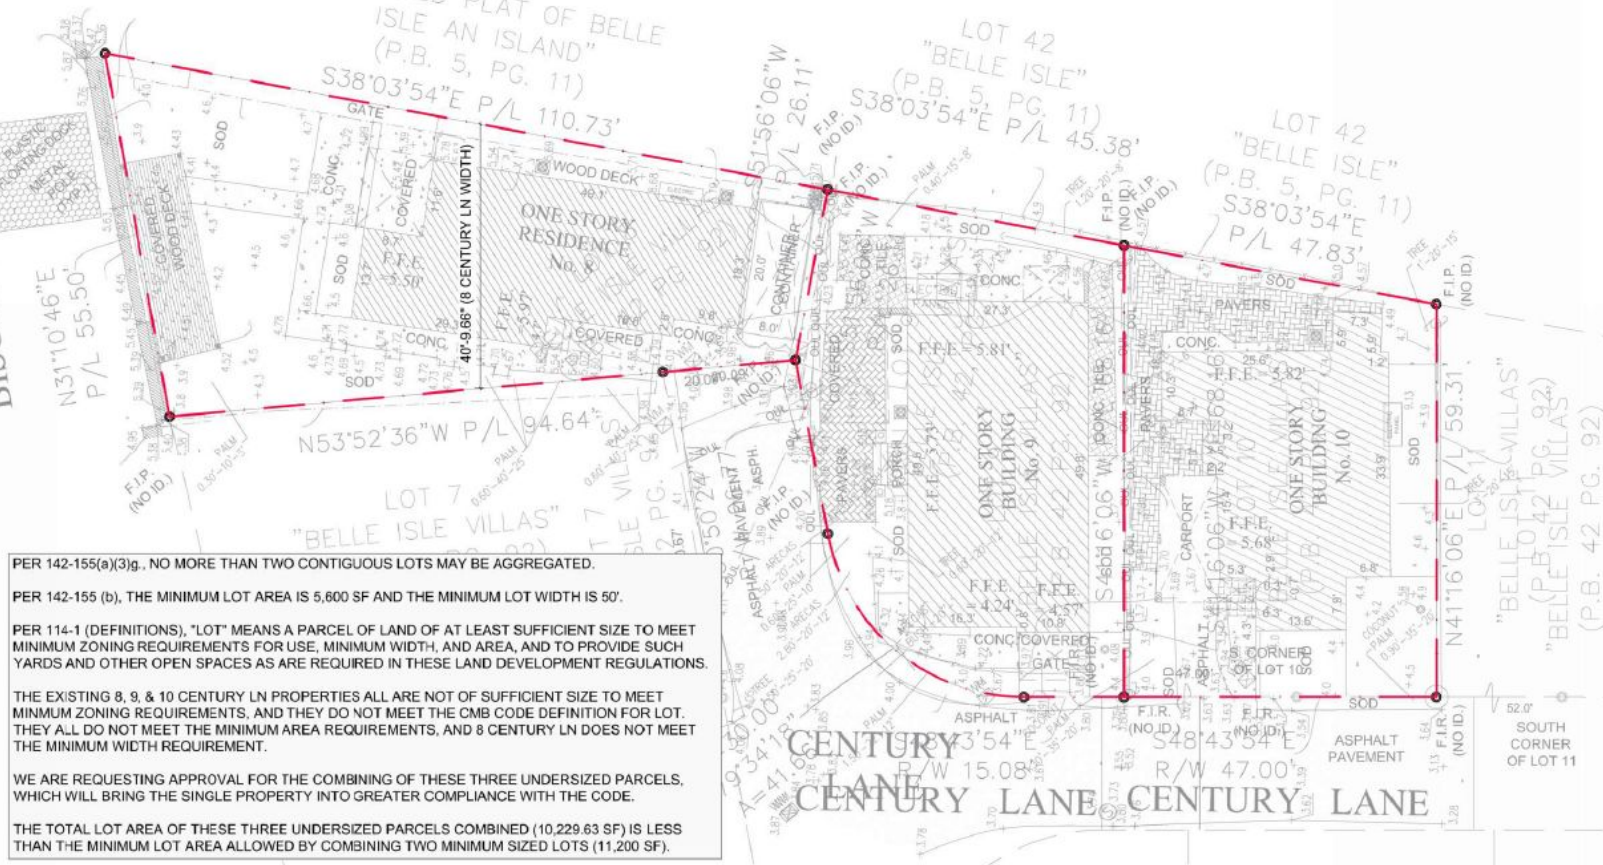

1. To reduce the requirement for a 7'-6" rear setback for a pool to permit a 4'-4" rear setback ("Variance 1"). *(Previously approved by DRB)*
2. To reduce the requirement for street side setback of 10'-0" to permit a 6'-8" street side setback ("Variance 2").
3. To allow for an aggregation of 3 lots where 2 are allowed ("Variance 3")

FOR INTERIM REVIEW AND CMB DRB ONLY. NOT FOR PERMITTING, NOR CONSTRUCTION.

LOT COVERAGE FOR LOTS 65' WIDTH OR LESS = UNLIMITED
 LOT COVERAGE FOR LOTS GREATER THAN 65' WIDTH = 45%
 NEW LOT FOR THIS PROJECT IS A UNIQUE CONFIGURATION, VIEWED BY CMB PLANNING & ZONING AS CONSISTING OF A
 PORTION THAT IS < 65' IN WIDTH AND A PORTION THAT IS > 65' IN WIDTH, AS DISPLAYED IN THE "SETBACKS ON SURVEY
 DIAGRAM" AND ON THIS LOT COVERAGE DIAGRAM.

PROPOSED LOT COVERAGE IS 4,995 SF = 49% LOT COVERAGE

WAIVER REQUESTED TO ALLOW UP TO 50% LOT COVERAGE

PER 142-155(a)(3)e. THE DRB MAY WAIVE THE LOT COVERAGE REQUIREMENTS IN ACCORDANCE WITH THE DESIGN REVIEW.

PER MICHAEL BELUSH VIA EMAIL, "I DON'T SEE AN ISSUE WITH SOME WAIVING OF THE LOT COVERAGE REQUIREMENTS HERE
 BASED UPON THE UNIQUE NATURE OF THESE PARCELS."

STREET SIDE SETBACK AT LEVEL 02

STREET SIDE SETBACK VARIANCE REQUESTED DUE TO UNIQUE CONFIGURATION OF UNDERSIZED PARCELS WITH A BOTTLENECK.

EXISTING SETBACKS ARE ALL SEVERELY NON-COMPLIANT.

NEW DESIGN IS BEST USE, WHILE SATISFYING AS MANY OF CMB PLANNING & ZONING'S GUIDELINES AND REQUESTS, INCLUDING CREATING THE APPEARANCE OF BUILDING SEPARATION, RESPECTING AS-NEW SETBACKS IF PARCELS WERE SEPARATE, INCLUDING GREENERY ON THE FACADE, BREAKING UP THE HOME'S MASSING ALONG THE NORTH ELEVATION, AND COMPLYING WITH OTHER SETBACKS.

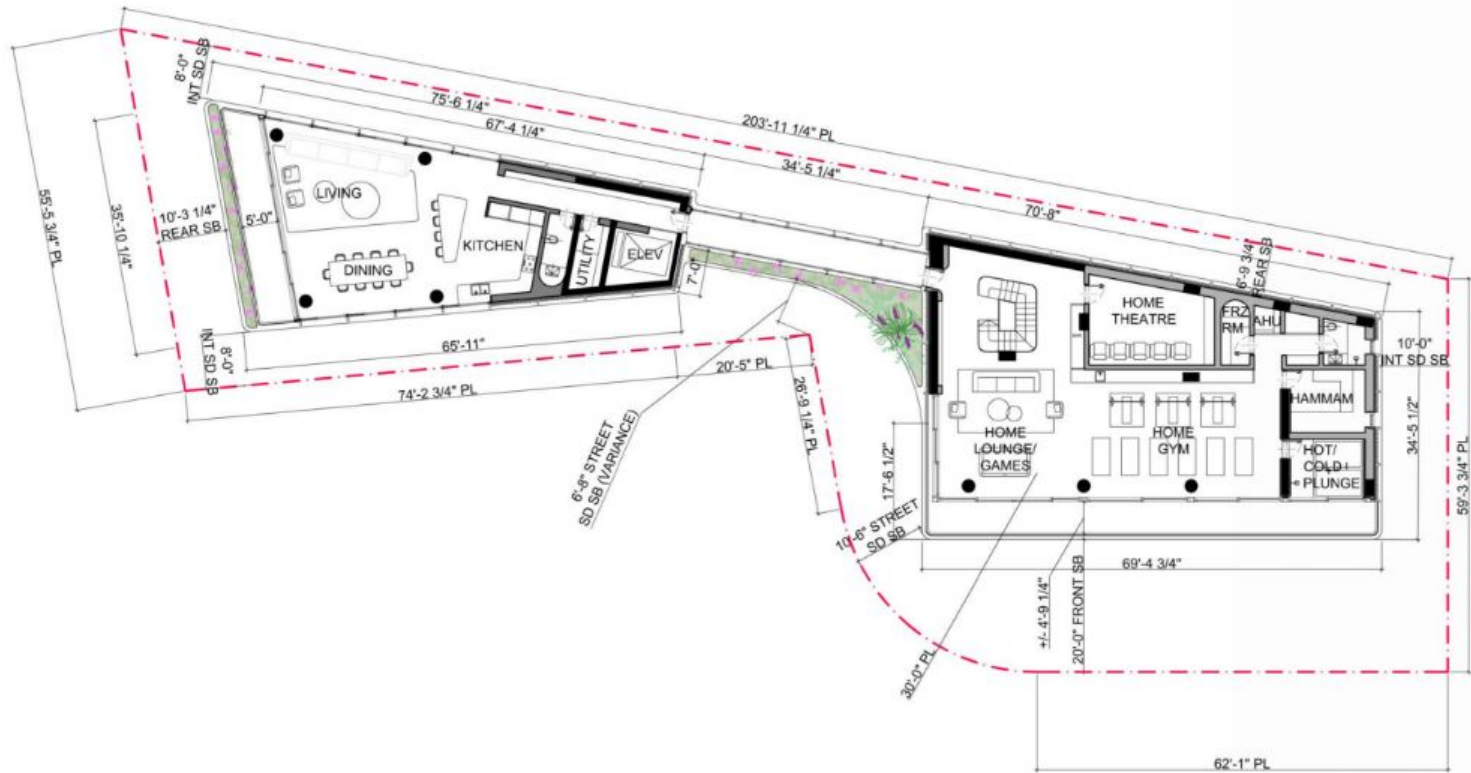

PLEASE REFER TO THE RENDERINGS FOR ADDITIONAL INSIGHT ON THE DESIGN.

NOT FOR PERMITTING, NOR CONSTRUCTION.

What could be built instead?

Allowed by Code:

14 multifamily units, 21 parking spaces (@ 1.5 per unit) + loading docks + commercial dumpsters + multiple drives + multiple stairwells & elevator bulkheads + active roof decks

What are we proposing?

ONE SINGLE-FAMILY HOME

- one circle drive
- one 3-car garage
- one residential elevator
- roof hatches for required access
- lower level deck below allowable height, not a deck on the rooftop
- utilities concealed and within the footprint of the home
- recessed from neighbors far exceeding required setbacks

Design Principles & Priorities

- 1. Eco-modern aesthetic with natural materials and integrated landscaping**
- 2. Honor the legacy of Miami Beach Design, with nods to Art Deco & Streamline Moderne**
- 3. Human scale elements that reduce the building's relative scale**
- 4. Heed the City Planning Department's Guidance & Input**
- 5. Respect for neighbors**
- 6. Architecturally, treat your neighbors better than they treat you**
- 7. Improve vehicular circulation**
- 8. Maximize and Preserve views and natural light**
- 9. Be Contextual**
- 10. Belong to our time and place, while creating a timeless design**

Tracy

Just to give you a heads up. Below are my initial thoughts

**

**

**

We also plan on adding at least 2-4 stories to our house within the next 2-3 years. i would need a deal like you have with the Standard to generally pre approve our project

Lastly, although it is not part of this project I will not approve any dock that extends beyond the allowable dock space. We can be surrounded with buildings but i will not allow our view to be taken away

I hope that we can work together to solve these issues

Hi Michael,

A much better solution which will give you the premier home in Miami beach is to buy my property. You should sell each of the other 2 lots for 2.5 M each and give me 12M for my property. Which is only then 7M out of your pocket.

Here is what you get : 100 feet of waterfront, a pre approved boat lift and dock which can be modified to any size boat you want. Gorgeous views from every room except on the southside. Even your east and west views will be gorgeous. You could build at least a 10000 square foot home with all of the amenities. The usable space will probably be comparable to your present plans. You could probably petition to have our part of century lane converted to your driveway relieving you of all the congestion.

Why would I do this? I love my house and have no interest in moving. However, I am not excited to deal with 3 years of construction. The 12M is enough money after paying capital gain to rent or buy somewhere else nice. Also I honestly feel this is the best move for you.

If you don't think it is going to work we will stay in our house and we obviously will be oppositional . I don't want to fight you but I will if I have to.

Think about it.

Scott

Previous concerns regarding parking issued by BIRA:

October 3, 2022

**Re: DRB Application Nos: DRB22-0841 & DRB22-0847
8 & 10 Century Lane, Miami Beach**

WHEREAS, in addition to Century Lane being a tiny street for traffic patterns, there is also inadequate parking for existing residential single-family homes with three single family homes sharing one driveway and inadequate space for existing mail trucks, trash pick-up, delivery vans, landscaping trailers, contractors, and construction vehicles; and

WHEREAS, such congestions with limited space results in these vehicles illegally parking on Century Lane preventing two-way traffic including obstruction of entry and exit from driveways, parking garages and emergency exit stairwells; and

WHEREAS, this parking inadequacy and blockage of emergency stairwell exits creates dangerous circumstances which could result in personal safety and damage to personal property when trying to bypass vehicles blocking the roadway; and

**Re: DRB Application Nos: DRB22-0841 & DRB22-0847
8 & 10 Century Lane, Miami Beach**

I am writing as a concerned owner on Century Lane to communicate my opposition to the proposed plans and construction of new properties located at 8 and 10 Century Lane. While there are many concerns regarding these proposed plans, I have highlighted my biggest below for your consideration:

- Century Lane is a small and unique street of character on Belle Isle. It is home to The Vistas Condominium (a boutique 48 unit building) and six one-story single-family homes. Century Lane is more like an alley than an actual road, with non-conforming width for two-way traffic, no sidewalks, no turn-around, no outlet, and no swale. Additionally, there are already shared driveways between three of the six single-family homes (including 8 Century Lane), resulting in insufficient parking for the existing homes and residents, as well as visitors, delivery trucks, and contractors that illegally park and block the roadway.
