

MIAMI BEACH

PLANNING DEPARTMENT

Staff Report & Recommendation

Historic Preservation Board

DATE: June 17, 2025

TO: Chairperson and Members
Historic Preservation Board

FROM: Thomas R. Mooney, AICP
Planning Director

SUBJECT: HPB25-0650, **1826 Collins Avenue.**

An application has been filed requesting a Certificate of Appropriateness for total demolition of the existing building.

STAFF RECOMMENDATION

Approval of the Certificate of Appropriateness with conditions.

BACKGROUND

On January 13, 2009, the Historic Preservation Board approved a Certificate of Appropriateness for the construction of a 4-story robotic parking garage with accessory commercial space on a vacant site (HPB 6265).

EXISTING STRUCTURE

Local Historic District:	Museum
Classification:	Non-Contributing
Construction Date:	2012
Architect:	ADD Inc.

ZONING / SITE DATA

Folio:	02-3234-019-0050
Legal Description:	Lot 4 less the west 25 feet, Block 2, of the Alton Beach 1 st Subdivision, according to the plat thereof, recorded in Plat Book 2, Page 77 of the public records of Miami Dade County, Florida.
Zoning:	CD-2, Commercial, medium intensity
Future Land Use Designation:	CD-2, Commercial, medium intensity
Lot Size:	9,957 sq. ft.
Existing FAR:	N/A, main-use parking garage
Existing Height:	50'-0" as measured from grade (6.50' NGVD)

THE PROJECT

The applicant has submitted plans entitled "1826 Collins Avenue", as prepared by Built Form

Architecture, dated March 16, 2025.

COMPLIANCE WITH ZONING CODE

A preliminary review of the project indicates that the application appears to be consistent with the Land Development Regulations.

This shall not be considered final zoning review or approval. These and all zoning matters shall require final review and verification by the Zoning Administrator prior to the issuance of a Building Permit.

CONSISTENCY WITH 2040 COMPREHENSIVE PLAN

A preliminary review of the project indicates that the proposed use is **consistent** with the Future Land Use Map of the Comprehensive Plan.

COMPLIANCE WITH SEA LEVEL RISE AND RESILIENCY REVIEW CRITERIA

Section 7.1.2.4(a)(1) of the Land Development Regulations establishes review criteria for sea level rise and resiliency that must be considered as part of the review process for board orders. The following is an analysis of the request based upon these criteria:

- A. A recycling or salvage plan for partial or total demolition shall be provided.
Not Satisfied
- B. Windows that are proposed to be replaced shall be hurricane proof impact windows.
Not Applicable
- C. Where feasible and appropriate, passive cooling systems, such as operable windows, shall be provided.
Not Applicable
- D. Resilient landscaping (salt tolerant, highly water-absorbent, native or Florida friendly plants) shall be provided, in accordance with Chapter 4 of the Land Development Regulations.
Not Applicable
- E. The project applicant shall consider the adopted sea level rise projections in the Southeast Florida Regional Climate Action Plan, as may be revised from time-to-time by the Southeast Florida Regional Climate Change Compact. The applicant shall also specifically study the land elevation of the subject property and the elevation of surrounding properties.
Not Applicable
- F. The ground floor, driveways, and garage ramping for new construction shall be adaptable to the raising of public rights-of-ways and adjacent land and shall provide sufficient height and space to ensure that the entry ways and exits can be modified to accommodate a higher street height of up to three (3) additional feet in height.
Not Applicable
- G. In all new projects, all critical mechanical and electrical systems shall be located above base flood elevation. Due to flooding concerns, all redevelopment projects shall, whenever

practicable, and economically reasonable, move all critical mechanical and electrical systems to a location above base flood elevation.

Not Applicable

- H. Existing buildings shall be, where reasonably feasible and economically appropriate, elevated up to base flood elevation, plus City of Miami Beach Freeboard.

Not Applicable

- I. When habitable space is located below the base flood elevation plus City of Miami Beach Freeboard, wet or dry flood proofing systems will be provided in accordance with Chapter of 54 in General Ordinances.

Not Applicable

- J. In all new projects, water retention systems shall be provided.

Not Applicable

- K. Cool pavement materials or porous pavement materials shall be utilized.

Not Applicable

- L. The project design shall minimize the potential for a project causing a heat island effect on site.

Not Applicable

COMPLIANCE WITH CERTIFICATE OF APPROPRIATENESS CRITERIA

A decision on an application for a certificate of appropriateness shall be based upon the following:

- I. Evaluation of the compatibility of the physical alteration or improvement with surrounding properties and where applicable, compliance with the following criteria pursuant to section 2.13.7(d)(ii)(1) of the Land Development Regulations (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):
- a. The Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings as revised from time to time.
Not Applicable
 - b. The Secretary of Interior's Standards for Reconstruction as may be amended from time to time.
Not Applicable
 - c. Other guidelines/policies/plans adopted or approved by resolution or ordinance by the city commission.
Not Satisfied
Section 166.04151, Florida Statutes, known as the Live Local Act ("Act") preempts the Historic Preservation Board's review of the replacement building.
- II. In determining whether a particular application is compatible with surrounding properties the historic preservation board shall consider the following criteria pursuant to section

2.13.7(d)(ii)(2) of the Land Development Regulations (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):

- a. Exterior architectural features.
Not Applicable
- b. General design, scale, massing and arrangement.
Not Applicable
- c. Texture and material and color.
Not Applicable
- d. The relationship of subsections a., b., c., above, to other structures and features of the district.
Not Applicable
- e. The purpose for which the district was created.
Not Applicable
- f. The relationship of the size, design and siting of any new or reconstructed structure to the landscape of the district.
Not Applicable
- g. An historic resources report, containing all available data and historic documentation regarding the building, site or feature.
Not Applicable
- h. The original architectural design or any subsequent modifications that have acquired significance.
Not Applicable

III. The examination of architectural drawings for consistency with the criteria pursuant to section 2.13.7(d)(ii)(3) of the Land Development Regulations and stated below, with regard to the aesthetics, appearances, safety, and function of any new or existing structure, public interior space and physical attributes of the project in relation to the site, adjacent structures and properties, and surrounding community. The criteria referenced above are as follows (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):

- a. The location of all existing and proposed buildings, drives, parking spaces, walkways, means of ingress and egress, drainage facilities, utility services, landscaping structures, signs, and lighting and screening devices.
Not Applicable
- b. The dimensions of all buildings, structures, setbacks, parking spaces, floor area ratio, height, lot coverage and any other information that may be reasonably necessary to determine compliance with the requirements of the underlying zoning district, and any applicable overlays, for a particular application or project.
Not Applicable

- c. The color, design, surface finishes and selection of landscape materials and architectural elements of the exterior of all buildings and structures and primary public interior areas for developments requiring a building permit in areas of the city identified in section 2.13.1(c).
Not Applicable
- d. The proposed structure, or additions to an existing structure are appropriate to and compatible with the environment and adjacent structures, and enhance the appearance of the surrounding properties, or the purposes for which the district was created.
Not Applicable
- e. The design and layout of the proposed site plan, as well as all new and existing buildings and public interior spaces shall be reviewed so as to provide an efficient arrangement of land uses. Particular attention shall be given to safety, crime prevention and fire protection, relationship to the surrounding neighborhood, impact on preserving historic character of the neighborhood and district, contiguous and adjacent buildings and lands, pedestrian sight lines and view corridors.
Not Applicable
- f. Pedestrian and vehicular traffic movement within and adjacent to the site shall be reviewed to ensure that clearly defined, segregated pedestrian access to the site and all buildings is provided for and that any driveways and parking spaces are usable, safely and conveniently arranged and have a minimal impact on pedestrian circulation throughout the site. Access to the site from adjacent roads shall be designed so as to interfere as little as possible with vehicular traffic flow on these roads and pedestrian movement onto and within the site, as well as permit both pedestrians and vehicles a safe ingress and egress to the site.
Not Applicable
- g. Lighting shall be reviewed to ensure safe movement of persons and vehicles and reflection on public property for security purposes and to minimize glare and reflection on adjacent properties and consistent with a city master plan, where applicable.
Not Applicable
- h. Landscape and paving materials shall be reviewed to ensure an adequate relationship with and enhancement of the overall site plan design.
Not Applicable
- i. Buffering materials shall be reviewed to ensure that headlights of vehicles, noise, and light from structures are adequately shielded from public view, adjacent properties and pedestrian areas.
Not Applicable

- j. Any proposed new structure shall have an orientation and massing which is sensitive to and compatible with the building site and surrounding area and which creates or maintains important view corridor(s).
Not Applicable
- k. All buildings shall have, to the greatest extent possible, space in that part of the ground floor fronting a sidewalk, street or streets which is to be occupied for residential or commercial uses; likewise, the upper floors of the pedestal portion of the proposed building fronting a sidewalk street, or streets shall have residential or commercial spaces, or shall have the appearance of being a residential or commercial space or shall have an architectural treatment which shall buffer the appearance of a parking structure from the surrounding area and is integrated with the overall appearance of the project.
Not Applicable
- l. All buildings shall have an appropriate and fully integrated rooftop architectural treatment which substantially screens all mechanical equipment, stairs and elevator towers.
Not Applicable
- m. Any addition on a building site shall be designed, sited and massed in a manner which is sensitive to and compatible with the existing improvement(s).
Not Applicable
- n. All portions of a project fronting a street or sidewalk shall incorporate an amount of transparency at the first level necessary to achieve pedestrian compatibility.
Not Applicable
- o. The location, design, screening and buffering of all required service bays, delivery bays, trash and refuse receptacles, as well as trash rooms shall be arranged so as to have a minimal impact on adjacent properties.
Not Applicable
- p. In addition to the foregoing criteria, the requirements of chapter 104, of the General Ordinances, shall apply to the historic preservation board's review of any proposal to place, construct, modify or maintain a wireless communications facility or other over the air radio transmission or radio reception facility in the public rights-of-way.
Not Applicable
- q. The structure and site comply with the sea level rise and resiliency review criteria in chapter 7, article I, as applicable.
Partially Satisfied
See Compliance with Sea Level Rise and Resiliency Review Criteria section of this report.

CERTIFICATE OF APPROPRIATENESS FOR DEMOLITION EVALUATION CRITERIA

Section 2.13.7(d)(vi)(4) of the Land Development Regulations provides criteria by which the Historic Preservation Board evaluates requests for a Certificate of Appropriateness for Demolition. The following is an analysis of the request based upon these criteria:

- a. The building, structure, improvement, or site is designated on either a national or state level, as part of a historic preservation district or as a historic architectural landmark or site, or is designated pursuant to section 2.13.9 as a historic building, historic structure or historic site, historic improvement, historic landscape feature, historic interior or the structure is of such historic/architectural interest or quality that it would reasonably meet national, state or local criteria for such designation.

Satisfied

The existing structure is located within the Museum Local Historic District.

- b. The building, structure, improvement, or site is of such design, craftsmanship, or material that it could be reproduced only with great difficulty or expense.

Not Satisfied

The building is not of such design, craftsmanship, or material that it could be reproduced only with great difficulty and/or expense.

- c. The building, structure, improvement, or site is one of the last remaining examples of its kind in the neighborhood, the county, or the region, or is a distinctive example of an architectural or design style which contributes to the character of the district.

Not Satisfied

The existing building is not a distinctive example of an architecture style which contributes to the district.

- d. The building, structure, improvement, or site is a contributing building, structure, improvement, site or landscape feature rather than a noncontributing building, structure, improvement, site or landscape feature in a historic district as defined in chapter 1 of these land development regulations or is an architecturally significant feature of a public area of the interior of a historic or contributing building.

Not Satisfied

The subject building is classified as a non-contributing building in the Miami Beach Historic Properties Database.

- e. Retention of the building, structure, improvement, landscape feature or site promotes the general welfare of the city by providing an opportunity for study of local history, architecture, and design, or by developing an understanding of the importance and value of a particular culture and heritage.

Not Satisfied

The retention of the building is not critical to developing an understanding of an important Miami Beach architectural style.

- f. If the proposed demolition is for the purpose of constructing a parking garage, the board shall consider it if the parking garage is designed in a manner that is consistent with the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings, U.S. Department of the Interior (1983), as amended, or the design review guidelines for that particular district. If the district in which the property is located

lists retail uses as an allowable use, then the ground floor shall contain such uses. At-grade parking lots shall not be considered under this regulation. Parking lots or garages as main permitted uses shall not be permitted on lots which have a lot line on Ocean Drive or Espanola Way.

Not Applicable

The demolition proposed in the subject application is not for the purpose of constructing a parking garage.

- g. In the event an applicant or property owner proposes the total demolition of a contributing structure, historic structure or architecturally significant feature, there shall be definite plans presented to the board for the reuse of the property if the proposed demolition is approved and carried out.

Not Applicable

The applicant is not proposing the total demolition of a contributing structure.

- h. The county unsafe structures board has ordered the demolition of a structure without option.

Not Applicable

The Miami-Dade County Unsafe Structures Board has not ordered the demolition of the structure.

STAFF ANALYSIS

The subject robotic parking garage structure was constructed in 2012, inclusive of an accessory restaurant. Technical Issues plagued the robotic operations, and the system never functioned as intended. The applicant is currently requesting approval for the total demolition of the parking garage structure.

Typically, as part of a request for total demolition, the applicant would also submit plans for a replacement structure. In this case, however, the applicant has submitted an application to the Planning Department to construct a new mixed-use building in accordance with Section 166.04151, Florida Statutes, known as the Live Local Act ("Act") (PB24-0714). The Act provides development incentives and pre-empts certain local land development regulations for developments that provide at least 40% workforce housing in commercial and mixed-use districts. As outlined in Subsection 7(e) of the Act, a proposed development must be administratively approved and no further action by the governing body of the municipality is required. As such, review of the replacement structure by Historic Preservation Board has been pre-empted by state law. Staff would note however, that in accordance with Section 2.13.7(d)(6)(F), the demolition of the building may not occur until after the Planning Department approval of a building permit for the new building.

Staff has no objection to the proposed demolition of the non-contributing garage structure and has included certain conditions to ensure that the property is secured and maintained prior to and after demolition.

RECOMMENDATION

In view of the foregoing analysis, staff recommends that the request for a Certificate of Appropriateness be **approved**, subject to the conditions enumerated in the attached draft Order, which address the inconsistencies with the aforementioned Certificate of Appropriateness criteria.

HISTORIC PRESERVATION BOARD
City of Miami Beach, Florida

MEETING DATE: June 17, 2025

PROPERTY/FOLIO: 1826 Collins Avenue / 02-3234-019-0050

FILE NO: HPB25-0650

APPLICANT: IC, LLC

IN RE: An application has been filed requesting a Certificate of Appropriateness for total demolition of the existing building.

LEGAL: Lot 4 less the west 25 feet, Block 2, of the Alton Beach 1st Subdivision, according to the plat thereof, recorded in Plat Book 2, Page 77 of the public records of Miami Dade County, Florida.

ORDER

The City of Miami Beach Historic Preservation Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

I. Certificate of Appropriateness

- A. The subject site is located within the Museum Local Historic District.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted:
 - 1. Is not consistent with Sea Level Rise and Resiliency Review Criteria 'A' in section 7.1.2.4(a)(1) of the Land Development Regulations.
 - 2. Is consistent with Certificate of Appropriateness Criteria in section 2.13.7(d)(ii)(1) of the Land Development Regulations.
 - 3. Is consistent with Certificate of Appropriateness Criteria in section 2.13.7(d)(ii)(2) of the Land Development Regulations.
 - 4. Is consistent with Certificate of Appropriateness Criteria in section 2.13.7(d)(ii)(3) of the Land Development Regulations.
 - 5. Is not consistent with Certificate of Appropriateness Criteria 'b', 'c', 'd' & 'e' in section 2.13.7(d)(vi)(4) of the Land Development Regulations.
- C. The project would be consistent with the criteria and requirements of sections 2.13.7(d) and 7.1.2.4(a) of Land Development Regulations if the following conditions are met:

1. Revised elevation, site plan and floor plan drawings shall be submitted, and at a minimum, such drawings shall incorporate the following:
 - a. A plaque or historic display describing the history of the previously existing building shall be provided and be placed on the site in a manner visible from the right of way, prior to the issuance of a Certificate of Occupancy for the building, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - b. Final details of all exterior surface finishes and materials shall be submitted, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - c. All roof-top fixtures, air-conditioning units and mechanical devices shall be clearly noted on a revised roof plan and elevation drawings and shall be screened from view, in a manner to be reviewed and approved by staff, consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
2. The demolition of the building shall not be permitted to commence until all requirements of section 2.13.7(d)(6)(F) have been satisfied.
3. In accordance with Section 7.5.1.6 of the Land Development Regulations, the applicant shall comply with the minimum fencing and landscaping requirements. Unless the building is being lawfully occupied, a building permit for fencing shall be issued within 90 calendar days of this approval and installation shall occur no later than 120 calendar days after this approval.
4. A revised landscape plan, prepared by a Professional Landscape Architect, registered in the State of Florida, and corresponding site plan, shall be submitted to and approved by staff. The species type, quantity, dimensions, spacing, location and overall height of all plant material shall be clearly delineated and subject to the review and approval of staff. At a minimum, such plan shall incorporate the following:
 - a. A fully automatic irrigation system with 100% coverage and an automatic rain sensor in order to render the system inoperative in the event of rain.
 - b. The project design shall minimize the potential for a project causing a heat island effect on site.
 - c. Cool pavement materials or porous pavement materials shall be utilized, if applicable.

In accordance with section 2.2.4.8(c) of the Land Development Regulations the applicant, the City Manager, Miami Design Preservation League, Dade Heritage Trust, or an affected person may appeal the Board's decision on a Certificate of Appropriateness to a special magistrate appointed by the City Commission.

II. Variance(s)

A. No variances have been applied for as part of this application.

The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.

III. General Terms and Conditions applying to both 'I. *Certificate of Appropriateness*' and 'II. *Variances*' noted above.

- A. The applicant agrees and shall be required to provide access to areas subject to this approval (not including private residences or hotel rooms) for inspection by the City (i.e.: Planning, Code Compliance, Building Department, Fire Safety), to ensure compliance with the plans approved by the Board and conditions of this order.
- B. The issuance of a building permit is contingent upon meeting Public School Concurrency requirements, if applicable. Applicant shall obtain a valid School Concurrency Determination Certificate (Certificate) issued by the Miami-Dade County Public Schools. The Certificate shall state the number of seats reserved at each school level. In the event sufficient seats are not available, a proportionate share mitigation plan shall be incorporated into a tri-party development agreement and duly executed. No building permit may be issued unless and until the applicant obtains a written finding from Miami-Dade County Public Schools that the applicant has satisfied school concurrency.
- C. The relocation of any tree shall be subject to the approval of the Environment & Sustainability Director and/or Urban Forester, as applicable.
- D. Where one or more parcels are unified for a single development, the property owner shall execute and record a unity of title or a covenant in lieu of unity of title, as may be applicable, in a form acceptable to the City Attorney.
- E. All applicable FPL transformers or vault rooms and backflow prevention devices shall be located within the main building setbacks with the exception of the valve (PIV) which may be visible and accessible from the street.
- F. A copy of all pages of the recorded Final Order shall be scanned into the plans submitted for building permit and shall be located immediately after the front cover page of the permit plans.
- G. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- H. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- I. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be

returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.

- J. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.
- K. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.
- L. Upon the issuance of a final Certificate of Occupancy or Certificate of Completion, as applicable, the project approved herein shall be maintained in accordance with the plans approved by the board and shall be subject to all conditions of approval herein, unless otherwise modified by the Board. Failure to maintain shall result in the issuance of a Code Compliance citation, and continued failure to comply may result in revocation of the Certificate of Occupancy, Completion and Business Tax Receipt.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended and adopted by the Board, that the application is GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II, III of the Findings of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans entitled "**1826 Collins Avenue**", as prepared by **Built Form Architecture**, dated **March 16, 2025**, as approved by the Historic Preservation Board, as determined by staff.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of the approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original approval was granted, the application will expire and become null and void, unless the applicant makes an application to the Board for an extension of time, in accordance with the requirements and procedures of section 2.13.7 of the Land Development Regulations; the granting of any such extension of time shall be at the discretion of the Board. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the application will expire and become null and void.
