**RECOMMENDATION**

Second Reading of this Ordinance will be opened and continued to May 21, 2025.

**BACKGROUND/HISTORY**

The subject application was submitted on August 6, 2024 by TMG 67 Communities LLC with respect to the property located at 6701 Collins Avenue. This is a private application submitted pursuant to Sections 2.4.1 and 7.1.10 of the Resiliency Code. The applicant is proposing to create the North Beach Oceanfront Overlay within the City's Future Land Use Map, the text of the City's 2040 Comprehensive Plan, and the City's Resiliency Code.

**ANALYSIS**

The applicant is proposing to create a new overlay, entitled the North Beach Oceanfront Overlay district, as well as amend the RM-3 development regulations specific to 6701 Collins Avenue, the site of the former Deauville Hotel. The proposal includes amendments to the Comprehensive Plan, as more specifically noted in the attached ordinance.

The proposed amendments to the Comprehensive Plan and the Land Development Regulations of the City Code (LDRs) would enable the construction of an apartment hotel development that includes up to 416,250 square feet of bonus floor area, which would equate to an overall FAR of 5.5 for the property. The maximum zoned FAR for the property would remain at 3.0. Additionally, the applicant is proposing up to 180 feet of bonus building height, which will result in new towers constructed with a total height of 380 feet. The maximum zoned building height for the property would remain at 200 feet.

The applicant is also proposing to modify the minimum setback requirements in a manner specific

to the property. Other proposed amendments include modifications to the allowable encroachments, as identified in the attached ordinance, resulting in a zero-foot side setback for certain structures, as well as modification to the rear setback requirements. In addition, a reduction in the minimum off-street parking requirements is proposed, along with the allowance for subterranean parking and mechanical parking without the review of the Planning Board. Lastly, substantial exemption from the requirements of the long frontage standards is also proposed.

### **COMPREHENSIVE PLAN AMENDMENT AND REVIEW PROCESS**

The proposal requires an amendment to the Comprehensive Plan for the proposed changes to the maximum intensity requirements for the property. In this regard, the following revision is proposed in the attached comprehensive plan amendment:

*Policy RLU1.1.7 High Intensity Multi-family (RM-3) is proposed to be amended as follows:*

*Density Limits: 150 dwelling units per acre.*

*Intensity Limits: Intensity may be limited by such set back, height, floor area ratio and/or other restrictions as the City Commission acting in a legislative capacity determines can effectuate the purpose of this land use category and otherwise implement complementary public policy. However, in no case shall the intensity exceed the following:*

- *a floor area ratio of 2.25 on lot area equal to or less than 45,000 sq. ft.;*
- *a floor area ratio of 2.75 on lot area greater than 45,000 sq. ft.;*

- *Notwithstanding the foregoing, the City Commission acting in a legislative capacity may adopt land development regulations that provide intensity bonuses in the following RM-3 land use category overlays:*

*A. - v. A property that provides pedestrian pathways from Collins Avenue to the beach walk on the north and south sides of the property for public beach access in perpetuity shall receive a floor area bonus of 0.50.*

- vi. Notwithstanding the foregoing, the City Commission may adopt land development regulations that allow additional floor area for the sole purpose of partial reconstruction of the pedestal of a contributing structures, with the extent of reconstruction to be approved by the Historic Preservation Board, up to a maximum of 166,500 square feet of additional floor area, provided that density and intensity of development at the property where the reconstruction occurs is limited as provided below.
- vii. Accessory Uses: the enclosed portions of accessory uses shall not exceed 35% of the square footage of the reconstructed contributing building square footage of the historic structure.

Under Section 163.3187(1), Florida Statutes, this amendment qualifies as a small-scale amendment as the proposed North Beach Oceanfront Overlay is approximately 3.82 acres. This process requires a public hearing by the local planning agency (Planning Board) and a final adoption public hearing before the City Commission.
