Subject: Re: La grande Boucherie opening

Dear Emil

As South of Fifth residents for 21 years, we have seen a lot of restaurants come and go. La Boucherie is the best thing to happen to the neighborhood in a long time. We spent a couple of hours talking with friends we had not seen in a few years. They spend a lot of time in Europe and they remarked how much they felt they were enjoying an afternoon in a Parisian brasserie. Everyone, from the greeting at the front when we arrived, to the manager, to the wait staff, were welcoming and attentive, but also allowed us to take our time to linger over a long meal.

It has whet our appetite for returning soon -
Many thanks, once again,

Gerald

Sound Limiter Installed

Limiter Configuration – Outdoor Sound System at La Grande Boucherie Miami

To: Zorica Vukovic

Hi Zorica, I hope this message finds you well.

I'm writing to confirm that we have configured the limiter on the QSC MP-M80 sound processor for the outdoor speaker system at La Grande Boucherie Miami.

This limiter has been carefully set to manage output levels and ensure full compliance with local sound regulations.

The limiter settings are as follows:

- **Threshold:** -10 dB
- **Attack:** 10 ms
- **Release:** 400 ms

These parameters were calibrated specifically to maintain audio clarity while keeping the sound levels within acceptable limits to avoid any excessive noise in the outdoor area.

Please let me know if you have any questions or require further adjustments.

Best regards, and have a great day.

Re: Closing Memorandum, Complaints regarding Golden Dreams Condominium Owners, 65-75 Washington Avenue, Miami Beach
OIG No. 23-10

Between October 2022 and February 2023, the OIG received numerous complaints from Ms. Kristina Vega of 65 Washington Avenue, Apartment 20, Miami Beach (Golden Dreams Condominium). Ms. Vega also provided these complaints to the City of Miami Beach administration, the City Commission, the Miami Beach Police Department, and various State agencies, including the Florida Department of Business and Professional Regulation and the Attorney General's office. Ms. Vega's complaints alleged multiple criminal violations, building permit violations, and code compliance violations at the premises of the Golden Dreams Condominiums by owners of various of the twenty-six-unit condominium. The OIG referred each

Commander Prieto informed the OIG that the MBPD has exhausted all resources in dealing with the allegations brought by Ms. Vega. On January 4, 2023, Criminal Investigations Major Enrique Doce sent an email to the command staff of the MBPD and leadership of the Criminal Investigations Division that stated,

Our CID team has been in contact with this resident and have looked into every allegation she has made. We have determined through extensive investigatory work that she is perceiving things differently than they actually are. The HOA fraud investigations' were sent to the proper investigatory agencies and they have closed the allegations out as unfounded. She will continue to seek further agencies for another response. She is still very functional but her reality is not what is actually going on.
