

MIAMIBEACH

PLANNING DEPARTMENT

Staff Report & Recommendation

Historic Preservation Board

TO: Chairperson and Members
Historic Preservation Board

DATE: June 17, 2025

FROM: Thomas R. Mooney, AICP
Planning Director

SUBJECT: HPB25-0647 a.k.a. HPB 7431, **1020 Pennsylvania Avenue.**

An application has been filed requesting a modification to a previously issued Certificate of Appropriateness for the after-the-fact demolition of the previously existing buildings on the site. Specifically, the applicant is requesting the deletion of Condition C.1. of the final order.

STAFF RECOMMENDATION

Approval of the modification to the previously issued After-the-Fact Certificate of Appropriateness with conditions.

BACKGROUND

On June 10, 2014, the Historic Preservation Board granted an After-the-Fact Certificate of Appropriateness for the demolition of all structures on the site.

On April 22, 2025, the Historic Preservation Board reviewed and continued the subject application to a date certain of June 17, 2025.

PREVIOUSLY EXISTING STRUCTURE(S)

Local Historic District:	Flamingo Park
Classification:	Contributing
Construction Date:	1922
Architect:	unknown

ZONING / SITE DATA

Folio:	02-4203-009-1160
Legal Description:	Lot 6, Block 43, of the Ocean Beach Addition No. 3, According to the Plat Thereof, as Recorded in Plat Book 2, Page 81, of the Public Records of Miami-Dade County, Florida.

Zoning:	RM-1, residential multi-family, low intensity
Future Land Use Designation:	RM-1, residential multi-family, low intensity

Previous Use:	Multi-family residential
---------------	--------------------------

Current Use: Vacant lot

THE PROJECT

The applicant has submitted documents prepared by Praxis Architecture, dated February 16, 2025.

COMPLIANCE WITH ZONING CODE

A preliminary review of the project indicates that the application appears to be consistent with the requirements of the Land Development Regulations. This shall not be considered final zoning review or approval. These and all zoning matters shall require final review and verification by the Zoning Administrator prior to the issuance of a Building Permit.

CONSISTENCY WITH 2040 COMPREHENSIVE PLAN

A preliminary review of the project indicates that the proposed multi-family residential use proposed in the companion application (HPB24-0618) is **consistent** with the Future Land Use Map of the Comprehensive Plan.

COMPLIANCE WITH SEA LEVEL RISE AND RESILIENCY REVIEW CRITERIA

Section 7.1.2.4(a)(i) of the Land Development Regulations establishes review criteria for sea level rise and resiliency that must be considered as part of the review process for board orders. The following is an analysis of the request based upon these criteria:

1. A recycling or salvage plan for partial or total demolition shall be provided.
Not Applicable
2. Windows that are proposed to be replaced shall be hurricane proof impact windows.
Not Applicable
3. Where feasible and appropriate, passive cooling systems, such as operable windows, shall be provided.
Not Applicable
4. Resilient landscaping (salt tolerant, highly water-absorbent, native or Florida friendly plants) shall be provided, in accordance with Chapter 4 of the Land Development Regulations.
Not Applicable
5. The project applicant shall consider the adopted sea level rise projections in the Southeast Florida Regional Climate Action Plan, as may be revised from time-to-time by the Southeast Florida Regional Climate Change Compact. The applicant shall also specifically study the land elevation of the subject property and the elevation of surrounding properties.
Not Applicable
6. The ground floor, driveways, and garage ramping for new construction shall be adaptable to the raising of public rights-of-ways and adjacent land and shall provide sufficient height and space to ensure that the entry ways and exits can be modified to accommodate a higher street height of up to three (3) additional feet in height.
Not Applicable

7. In all new projects, all critical mechanical and electrical systems shall be located above base flood elevation. Due to flooding concerns, all redevelopment projects shall, whenever practicable, and economically reasonable, move all critical mechanical and electrical systems to a location above base flood elevation.
Not Applicable
8. Existing buildings shall be, where reasonably feasible and economically appropriate, elevated up to base flood elevation, plus City of Miami Beach Freeboard.
Not Applicable
9. When habitable space is located below the base flood elevation plus City of Miami Beach Freeboard, wet or dry flood proofing systems will be provided in accordance with Chapter of 54 in General Ordinances.
Not Applicable
10. In all new projects, water retention systems shall be provided.
Not Applicable
11. Cool pavement materials or porous pavement materials shall be utilized.
Not Applicable
12. The project design shall minimize the potential for a project causing a heat island effect on site.
Not Applicable

COMPLIANCE WITH CERTIFICATE OF APPROPRIATENESS CRITERIA

A decision on an application for a certificate of appropriateness shall be based upon the following:

- I. Evaluation of the compatibility of the physical alteration or improvement with surrounding properties and where applicable, compliance with the following criteria pursuant to section 2.13.7(d)(ii)(1) of the Land Development Regulations (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):
 - a. The Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings as revised from time to time.
Not Applicable
 - b. The Secretary of Interior's Standards for Reconstruction as may be amended from time to time.
Not Applicable
 - c. Other guidelines/policies/plans adopted or approved by resolution or ordinance by the city commission.
Satisfied
- II. In determining whether a particular application is compatible with surrounding properties the historic preservation board shall consider the following criteria pursuant to section

2.13.7(d)(ii)(2) of the Land Development Regulations (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):

- a. Exterior architectural features.
Not Applicable
- b. General design, scale, massing and arrangement.
Not Applicable
- c. Texture and material and color.
Not Applicable
- d. The relationship of subsections a., b., c., above, to other structures and features of the district.
Not Applicable
- e. The purpose for which the district was created.
Satisfied
- f. The relationship of the size, design and siting of any new or reconstructed structure to the landscape of the district.
Not Applicable
- g. An historic resources report, containing all available data and historic documentation regarding the building, site or feature.
Satisfied
- h. The original architectural design or any subsequent modifications that have acquired significance.
Not Applicable

III. The examination of architectural drawings for consistency with the criteria pursuant to section 2.13.7(d)(ii)(3) of the Land Development Regulations and stated below, with regard to the aesthetics, appearances, safety, and function of any new or existing structure, public interior space and physical attributes of the project in relation to the site, adjacent structures and properties, and surrounding community. The criteria referenced above are as follows (it is recommended that the listed criteria be found Satisfied, Not Satisfied or Not Applicable, as so noted):

- a. The location of all existing and proposed buildings, drives, parking spaces, walkways, means of ingress and egress, drainage facilities, utility services, landscaping structures, signs, and lighting and screening devices.
Not Applicable
- b. The dimensions of all buildings, structures, setbacks, parking spaces, floor area ratio, height, lot coverage and any other information that may be reasonably necessary to determine compliance with the requirements of the underlying zoning district, and any applicable overlays, for a particular application or project.
Satisfied

- c. The color, design, surface finishes and selection of landscape materials and architectural elements of the exterior of all buildings and structures and primary public interior areas for developments requiring a building permit in areas of the city identified in section 2.13.1(c).
Not Applicable
- d. The proposed structure, or additions to an existing structure are appropriate to and compatible with the environment and adjacent structures, and enhance the appearance of the surrounding properties, or the purposes for which the district was created.
Not Applicable
- e. The design and layout of the proposed site plan, as well as all new and existing buildings and public interior spaces shall be reviewed so as to provide an efficient arrangement of land uses. Particular attention shall be given to safety, crime prevention and fire protection, relationship to the surrounding neighborhood, impact on preserving historic character of the neighborhood and district, contiguous and adjacent buildings and lands, pedestrian sight lines and view corridors.
Not Applicable
- f. Pedestrian and vehicular traffic movement within and adjacent to the site shall be reviewed to ensure that clearly defined, segregated pedestrian access to the site and all buildings is provided for and that any driveways and parking spaces are usable, safely and conveniently arranged and have a minimal impact on pedestrian circulation throughout the site. Access to the site from adjacent roads shall be designed so as to interfere as little as possible with vehicular traffic flow on these roads and pedestrian movement onto and within the site, as well as permit both pedestrians and vehicles a safe ingress and egress to the site.
Not Applicable
- g. Lighting shall be reviewed to ensure safe movement of persons and vehicles and reflection on public property for security purposes and to minimize glare and reflection on adjacent properties and consistent with a city master plan, where applicable.
Not Applicable
- h. Landscape and paving materials shall be reviewed to ensure an adequate relationship with and enhancement of the overall site plan design.
Not Applicable
- i. Buffering materials shall be reviewed to ensure that headlights of vehicles, noise, and light from structures are adequately shielded from public view, adjacent properties and pedestrian areas.
Not Applicable

- j. Any proposed new structure shall have an orientation and massing which is sensitive to and compatible with the building site and surrounding area and which creates or maintains important view corridor(s).
Not Applicable
- k. All buildings shall have, to the greatest extent possible, space in that part of the ground floor fronting a sidewalk, street or streets which is to be occupied for residential or commercial uses; likewise, the upper floors of the pedestal portion of the proposed building fronting a sidewalk street, or streets shall have residential or commercial spaces, or shall have the appearance of being a residential or commercial space or shall have an architectural treatment which shall buffer the appearance of a parking structure from the surrounding area and is integrated with the overall appearance of the project.
Not Applicable
- l. All buildings shall have an appropriate and fully integrated rooftop architectural treatment which substantially screens all mechanical equipment, stairs and elevator towers.
Not Applicable
- m. Any addition on a building site shall be designed, sited and massed in a manner which is sensitive to and compatible with the existing improvement(s).
Not Applicable
- n. All portions of a project fronting a street or sidewalk shall incorporate an amount of transparency at the first level necessary to achieve pedestrian compatibility.
Not Applicable
- o. The location, design, screening and buffering of all required service bays, delivery bays, trash and refuse receptacles, as well as trash rooms shall be arranged so as to have a minimal impact on adjacent properties.
Not Applicable
- p. In addition to the foregoing criteria, the requirements of chapter 104, of the General Ordinances, shall apply to the historic preservation board's review of any proposal to place, construct, modify or maintain a wireless communications facility or other over the air radio transmission or radio reception facility in the public rights-of-way.
Not Applicable
- q. The structure and site comply with the sea level rise and resiliency review criteria in chapter 7, article I, as applicable.
Satisfied
See Compliance with Sea Level Rise and Resiliency Review Criteria section of this report.

CERTIFICATE OF APPROPRIATENESS FOR DEMOLITION EVALUATION CRITERIA

Section 2.13.7(d)(vi)(4) of the Land Development Regulations provides criteria by which the Historic Preservation Board evaluates requests for a Certificate of Appropriateness for Demolition. The following is an analysis of the request based upon these criteria:

- a. The building, structure, improvement, or site is designated on either a national or state level, as part of a historic preservation district or as a historic architectural landmark or site, or is designated pursuant to section 2.13.9 as a historic building, historic structure or historic site, historic improvement, historic landscape feature, historic interior or the structure is of such historic/architectural interest or quality that it would reasonably meet national, state or local criteria for such designation.

Satisfied

The previously existing structure was designated as part of the Flamingo Park Local Historic District.

- b. The building, structure, improvement, or site is of such design, craftsmanship, or material that it could be reproduced only with great difficulty or expense.

Satisfied

The previously existing structure was of such design, craftsmanship, or material that it could be reproduced only with great difficulty and/or expense.

- c. The building, structure, improvement, or site is one of the last remaining examples of its kind in the neighborhood, the county, or the region, or is a distinctive example of an architectural or design style which contributes to the character of the district.

Satisfied

The previously existing structure was an example of an architectural or design style which contributed to the character of the district.

- d. The building, structure, improvement, or site is a contributing building, structure, improvement, site or landscape feature rather than a noncontributing building, structure, improvement, site or landscape feature in a historic district as defined in chapter 1 of these land development regulations or is an architecturally significant feature of a public area of the interior of a historic or contributing building.

Satisfied

The previously existing structure was classified as contributing in the Miami Beach Historic Properties Database.

- e. Retention of the building, structure, improvement, landscape feature or site promotes the general welfare of the city by providing an opportunity for study of local history, architecture, and design, or by developing an understanding of the importance and value of a particular culture and heritage.

Satisfied

The retention of the previously existing structure was critical to developing an understanding of an important Miami Beach architectural style.

- f. If the proposed demolition is for the purpose of constructing a parking garage, the board shall consider it if the parking garage is designed in a manner that is consistent with the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings, U.S. Department of the Interior (1983), as amended, or the design review guidelines for that particular district. If the district in which the property is located lists retail uses as an allowable use, then the ground floor shall contain such uses. At-grade parking lots shall not be considered under this regulation. Parking lots or garages

as main permitted uses shall not be permitted on lots which have a lot line on Ocean Drive or Espanola Way.

Not Applicable

- g. In the event an applicant or property owner proposes the total demolition of a contributing structure, historic structure or architecturally significant feature, there shall be definite plans presented to the board for the reuse of the property if the proposed demolition is approved and carried out.

Not Applicable

- h. The county unsafe structures board has ordered the demolition of a structure without option.

Not Applicable

STAFF ANALYSIS

The previously existing structures were originally constructed in 1922 as a single-family residence and detached rear garage. An attached 2-story front addition was permitted in 1949 and designed by architect T. Hunter Henderson. The main structure featured a heavily textured stucco finish, gable roof with projecting eaves and supporting brackets, glass block door surround, chimneys, and walled front yard.

1020 Pennsylvania Avenue, 1989 photograph

On February 5, 2014, the City of Miami Beach Building Official issued an Emergency Demolition Order for the demolition of all structures on the site due to an unsafe structures violation. A

demolition permit was issued on March 25, 2014, and the buildings were subsequently demolished.

Pursuant to Section 2.13.1(d)(2)(A) of the Land Development Regulations, the previous property owner filed an After-the-Fact Certificate of Appropriateness for Demolition application. On June 10, 2014, the Board reviewed and approved the application, subject to conditions. Specifically, Condition C.1. of the final Order states: “Any future development on the site shall not exceed the total square footage of the previous structures” (approximately 4,530 sq. ft.).

The applicant, a new property owner, has submitted an application for a Certificate of Appropriateness (HPB24-0618) for the construction of a new 3-story, multi-family residential building on the site, which exceeds the total square footage of the previous structures by approximately 4,100 sq. ft. Consequently, the applicant is requesting to modify the final Order inclusive of the elimination of Condition C.1.

Staff believes that the proposed new architecture is appropriately scaled and massed in a manner consistent with the neighboring 2 and 3-story buildings and the surrounding historic district. Further, if condition C.1. remains, it may not be economically feasible to redevelop the site, as any new structure would be limited to approximately 50% of square footage permitted by Code. In light of the fact that the lot has remained vacant for over 10 years and has had an increasingly adverse impact on the surrounding historic district, staff has no objection to deletion of condition C.1. of the final Order.

RECOMMENDATION

In view of the foregoing analysis, staff recommends that the modification request for the previously granted After-the-Fact Certificate of Appropriateness be **approved**, subject to the conditions enumerated in the attached draft Order.

HISTORIC PRESERVATION BOARD
City of Miami Beach, Florida

MEETING DATE: June 17, 2025

PROPERTY/FOLIO: 1020 Pennsylvania Avenue / 02-4203-009-1160

FILE NO: HPB25-0647 a.k.a. HPB 7431

APPLICANT: 1020 Pennsylvania Investment LLC

IN RE: An application has been filed requesting a modification to a previously issued Certificate of Appropriateness for the after-the-fact demolition of the previously existing buildings on the site. Specifically, the applicant is requesting the deletion of Condition C.1. of the final order.

LEGAL: Lot 6, Block 43, of the Ocean Beach Addition No. 3, According to the Plat Thereof, as Recorded in Plat Book 2, Page 81, of the Public Records of Miami-Dade County, Florida.

CONSOLIDATED ORDER

The City of Miami Beach Historic Preservation Board makes the following FINDINGS OF FACT, based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

I. Certificate of Appropriateness

- A. The subject site is located within the Flamingo Park Local Historic District.
- B. Based on the plans and documents submitted with the application, testimony and information provided by the applicant, and the reasons set forth in the Planning Department Staff Report, the project as submitted:
 - 1. Is consistent with Sea Level Rise and Resiliency Review Criteria in Section 7.1.2.4(a)(1) of the Land Development Regulations.
 - 2. Is consistent with Certificate of Appropriateness Criteria in section 2.13.7(d)(ii)(1) of the Land Development Regulations.
 - 3. Is consistent with Certificate of Appropriateness Criteria in section 2.13.7(d)(ii)(2) of the Land Development Regulations.
 - 4. Is consistent with Certificate of Appropriateness Criteria in section 2.13.7(d)(ii)(3) of the Land Development Regulations.
 - 5. Is consistent with Certificate of Appropriateness Criteria in 2.13.7(d)(vi)(4) of the Land Development Regulations.

C. The project would be consistent with the criteria and requirements of sections 2.13.7(d) and 7.1.2.4(a) of Land Development Regulations if the following conditions are met:

- ~~1. Any future development on the site shall not exceed the total square footage of the previous structures.~~
1. ~~2.~~ A museum quality historic analysis and display of the existing structure, inclusive of a photographic and written description of the history and evolution of the original building and its changes of use over time, shall be submitted to and approved by staff, prior to the issuance of a Certificate of Occupancy or a Temporary Certificate of Occupancy for the new structure constructed on the site; such historic analysis shall be displayed prominently, in a location to be determined by staff.
2. ~~3.~~ A copy of all pages of the recorded Final Order shall be scanned into the plans submitted for building permit for the new structure constructed on the site, and shall be located immediately after the front cover page of the permit plans.
3. ~~4.~~ A revised landscape plan, prepared by a Professional Landscape Architect, registered in the State of Florida, and corresponding site plan, shall be submitted to and approved by staff. The species type, quantity, dimensions, spacing, location and overall height of all plant material shall be clearly delineated and subject to the review and approval of staff. At a minimum, such plan shall incorporate the following:
 - a. The entire site shall be thoroughly cleaned, evenly leveled, and sodded and an aluminum picket fence shall be required at the front and rear of the property, in a manner to be reviewed and approved by staff consistent with the Certificate of Appropriateness Criteria and/or the directions from the Board.
 - b. The grass and landscape materials shall remain properly maintained, irrigated, and trimmed at all times, subject to periodic staff review, until such time as the entire site is redeveloped.
 - c. A fully automatic irrigation system with 100% coverage and an automatic rain sensor in order to render the system inoperative in the event of rain.
5. ~~Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.~~
6. ~~The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.~~
7. ~~The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.~~

~~8. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.~~

~~9. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.~~

In accordance with section 2.2.4.8(c) of the Land Development Regulations the applicant, the City Manager, Miami Design Preservation League, Dade Heritage Trust, or an affected person may appeal the Board's decision on a Certificate of Appropriateness to a special magistrate appointed by the City Commission.

II. Variance(s)

- A. No variances have been applied for as part of this application.

The decision of the Board regarding variances shall be final and there shall be no further review thereof except by resort to a court of competent jurisdiction by petition for writ of certiorari.

III. General Terms and Conditions applying to both 'I. Certificate of Appropriateness' and 'II. Variances' noted above.

- A. This Final Order consolidates all conditions and requirements for After-the-Fact Certificate of Appropriateness approval as same as are contained herein, and in the original Order dated June 10, 2014. Accordingly, this Order shall serve as the Final Order and, in the event of conflict between the provisions hereof and those of the June 10, 2014 Order, the provisions hereof shall control.
- B. Satisfaction of all conditions is required for the Planning Department to give its approval on a Certificate of Occupancy; a Temporary Certificate of Occupancy or Partial Certificate of Occupancy may also be conditionally granted Planning Departmental approval.
- C. The Final Order shall be recorded in the Public Records of Miami-Dade County, prior to the issuance of a Building Permit.
- D. A copy of all pages of the recorded Final Order shall be scanned into the plans submitted for building permit and shall be located immediately after the front cover page of the permit plans.
- E. The Final Order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the Board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
- F. The conditions of approval herein are binding on the applicant, the property's owners, operators, and all successors in interest and assigns.

- G. Nothing in this order authorizes a violation of the City Code or other applicable law, nor allows a relaxation of any requirement or standard set forth in the City Code.
- H. The applicant agrees and shall be required to provide access to areas subject to this approval (not including private residences or hotel rooms) for inspection by the City (i.e.: Planning, Code Compliance, Building Department, Fire Safety), to ensure compliance with the plans approved by the Board and conditions of this order.

IT IS HEREBY ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which are adopted herein, including the staff recommendations, which were amended and adopted by the Board, that the application is GRANTED for the above-referenced project subject to those certain conditions specified in Paragraph I, II, III of the Findings of Fact, to which the applicant has agreed.

PROVIDED, the applicant shall build substantially in accordance with the plans and documents approved by the Historic Preservation Board on June 10, 2014 and April 22, 2025, as determined by staff.

When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order. No building permit may be issued unless and until all conditions of approval that must be satisfied prior to permit issuance, as set forth in this Order, have been met.

The issuance of the approval does not relieve the applicant from obtaining all other required Municipal, County and/or State reviews and permits, including final zoning approval. If adequate handicapped access is not provided on the Board-approved plans, this approval does not mean that such handicapped access is not required. When requesting a building permit, the plans submitted to the Building Department for permit shall be consistent with the plans approved by the Board, modified in accordance with the conditions set forth in this Order.

If the Full Building Permit for the project is not issued within eighteen (18) months of the meeting date at which the original approval was granted, the application will expire and become null and void, unless the applicant makes an application to the Board for an extension of time, in accordance with the requirements and procedures of section 2.13.7 of the Land Development Regulations; the granting of any such extension of time shall be at the discretion of the Board. If the Full Building Permit for the project should expire for any reason (including but not limited to construction not commencing and continuing, with required inspections, in accordance with the applicable Building Code), the application will expire and become null and void.

In accordance with chapter 2 of the Land Development Regulations, the violation of any conditions and safeguards that are a part of this Order shall be deemed a violation of the land development regulations. Failure to comply with this Order shall subject the application to chapter 2 of the Land Development Regulations, for revocation or modification of the application.
