

MIAMI BEACH

COMMISSION MEMORANDUM

TO: Honorable Mayor and Members of the City Commission
FROM: Eric Carpenter, City Manager
DATE: October 30, 2024
TITLE: REFERRAL TO THE PLANNING BOARD - ORDINANCE AMENDING THE LAND DEVELOPMENT REGULATIONS OF THE CITY CODE TO CREATE A 6TH STREET OVERLAY.

RECOMMENDATION

The Administration recommends that the Mayor and City Commission (City Commission) refer the attached draft ordinance to the Planning Board and in accordance with section 2.4.1.c.1 of the Land Development Regulations of the City Code (LDRs), waive the applicable fees

BACKGROUND/HISTORY

On July 28, 2021, at the request of then Commissioner, now Mayor Steven Meiner, the City Commission referred a discussion item (C4 T) pertaining to the creation of a 6th Street Overlay between Washington Avenue and Alton Road, to the Land Use and Sustainability Committee (LUSC). On September 14, 2021, the LUSC discussed the item and continued it to the October 19, 2021 LUSC meeting.

On October 19, 2021, the item was deferred to the December 2021 LUSC meeting. The December 2021 LUSC meeting did not take place and the item was automatically deferred to the first available meeting of 2022.

On March 4, 2022, the LUSC discussed and continued the item to the May 13, 2022 LUSC meeting with the following direction:

1. Engage in follow-up outreach to the affected stakeholders and provide a summary of the applicable comments and input.
2. Modify the northeast boundary of the overlay to remove Washington Avenue.

On May 13, 2022, the item was deferred to the June 6, 2022, LUSC meeting, with no discussion. On June 6, 2022, the item was deferred to the July 7, 2022, LUSC meeting, with no discussion. On July 7, 2022, the item was deferred to the September 28, 2022 LUSC meeting, with no discussion.

On September 28, 2022, the LUSC discussed the proposal, including additional revisions to the draft overlay, and continued the item to the November 18, 2022 LUSC meeting with direction to further explore allowable uses within the proposed overlay, as well as hold a publicly noticed community meeting in the neighborhood. On November 18, 2022, the item was deferred to the January 25, 2023, LUSC meeting, with no discussion.

On January 25, 2023, the item was discussed and continued to the March 1, 2023 LUSC with direction to the Administration to develop incentives to transfer allowable intensity from the south side of 6th Street closer to 5th Street. On March 1, 2023, the LUSC recommended that the City Commission refer the Administration's version of the proposed overlay ordinance to the Planning

Board.

On March 27, 2023, the City Commission referred the attached ordinance to the Planning Board (Item C4 B).

On April 25, 2023, the Planning Board discussed the item and continued it to the May 23, 2023 meeting. On May 23, 2023, the Planning Board discussed the item and continued it to the June 27, 2023 meeting. On June 27, 2023, the Planning Board continued the item to the September 26, 2023 meeting.

Prior to the September 26, 2023 Planning Board meeting, the item sponsor requested that the proposal be removed from the Planning Board agenda and placed on the next available City Commission agenda for a new referral to the LUSC. The purpose of referring the item back to the LUSC is to allow for additional study, as well as further input from affected residents and property owners. On October 18, 2023, the City Commission referred the item to the LUSC (C4 A). Additionally, Commissioner Laura Dominguez became a co-sponsor.

On February 26, 2024, the LUSC discussed the proposed overlay and continued the item to the March 19, 2024 meeting. On March 19, 2024, the item was deferred to a future meeting, with no discussion, for the Administration meet with affected stakeholders.

On July 9, 2024, the LUSC discussed the proposed overlay and continued the item to a future date with the direction to the Administration to include the recommendations from the Flamingo Park Neighborhood Association regarding hotel prohibition and height restrictions in the proposed ordinance. On September 5, 2025, the LUSC discussed the proposal and recommended that the City Commission refer the ordinance to the Planning Board with revised overlay boundaries noted in the LUSC memo.

ANALYSIS

Background

The area between 5th and 6th Street, from Washington Avenue to Alton Road, is currently zoned C-PS2 (commercial performance general mixed-use). The C-PS2 district permits a range of business, commercial, office and hotel use, as well as medium density residential development.

As noted on the attached map, the north side of 6th Street between Washington Avenue and Alton Road is comprised of the following zoning districts: RM-2, residential multifamily medium intensity (between Washington Avenue and Pennsylvania Court); GU, government use (between Meridian Avenue and Jefferson Avenue); CD-2, commercial medium intensity (between Lenox Court and Alton Road), with the remainder RM-1, residential multifamily low intensity.

The south side of 6th Street between Washington Avenue and Alton Road is comprised of C-PS2, general mixed-use commercial (between Washington Avenue and Alton Road). The center line of 6th Street between Washington Avenue and Lenox Court serves as the boundary for the Flamingo Park Historic District to the north and the Ocean Beach Historic District to the south.

The Flamingo Park neighborhood is bounded on the south by 6th Street, and on the north by Lincoln Lane south, and is generally between Alton Road and Washington Avenue. The Flamingo Park neighborhood is within a designated local historic district, and is composed predominantly of low scale, multi-family residential apartment buildings.

The low scale residential neighborhood within Flamingo Park is currently buffered from higher intensity zoning districts, including the CD-2 district on the west side of Washington Avenue, and by the RO (Residential Office) zoning districts on Pennsylvania and Drexel Avenues. Additionally, in 2014, the Alton Road Historic District Buffer Overlay was created along the east side of Alton Road, in order to create a transition zone between that CD-2 commercial district. Over time, these transition areas have helped to mitigate the impacts of higher intensity commercial uses adjacent

to lower intensity residential uses on the east and west sides of the Flamingo Park neighborhood.

Planning Analysis

Recently there have been several large, high intensity projects approved within the C-PS2 area between 5th and 6th Streets, from Alton Road to Meridian Avenue. Most recently, a new hotel with a rooftop amenity deck and accessory outdoor café was approved for the property located at the southeast corner of 6th Street and Lenox Avenue. Given that there are a number of non-contributing properties, including several surface parking lots, in this area, as well as the designation of 5th Street as a major transit corridor, it is likely the City will see an increase in new development proposals in this C-PS2 area.

In order to ensure that future development proposals within the C-PS2 area north of 5th Street are compatible with and sensitive to the established, low scale area of Flamingo Park north of 6th Street, additional development regulations have been proposed. To this end, the proposed amendments to the LDRs are intended for properties and uses that front on or are near the south side of 6th Street. The intention of such regulations, as part of an overlay, is to foster a more compatible relationship in terms of scale, massing and land uses between the 6th Street corridor and the Flamingo Park residential neighborhood.

The proposed overlay is intended to create a meaningful buffer along the 6th Street corridor and should be carefully shaped, as the make-up of existing properties between 5th and 6th Streets is unique and includes variations in overall lot sizes and unified development sites. Also, this area contains several less than desirable uses, including surface parking lots, gas stations and other automobile related uses, and the overlay for this area must consider the ability for multiple lots to be developed in a tangible manner.

Attached are additional maps showing the following:

1. Existing unified development sites (current property owners map); and
2. Existing properties with buildings classified as 'contributing' in the City's historic properties database (contributing buildings map).

These maps show how dispersed the area between 5th and 6th Street is both from a property ownership and unified site standpoint. Additionally, there is no strong concentration of contributing structures along 5th Street and the mid portions of most blocks.

In light of this, the overlay regulations have been drafted so as to not create a barrier to establishing desirable unified sites, even if some of the lots within a unified site are close to or fronting 6th Street. Additionally, as 5th Street is a dedicated transit corridor there is an opportunity to maximize the development potential of these properties, including unification efforts with properties immediately north of 5th Street. Currently there are a number of highly underutilized parcels fronting on and north of 5th Street, as well as a number of uses that would be better suited elsewhere.

The following is a summary of the proposed overlay regulations included in the attached draft ordinance:

1. The overlay would apply to properties bounded by 6th Street to the north and 5th Street to the south, between the west side of Michigan Avenue and the west side of Washington Avenue.
2. Properties with frontage on Washington and Lenox Avenues as of January 1, 2022 have been removed from the overlay. However, in the future, if a lot with frontage on Washington or Lenox Avenue is unified with another, such unified site shall therein after be subject to the overlay regulations.
3. The following shall apply to alcoholic beverage establishments within the proposed overlay:

- a. Operations in outdoor or open-air areas of an alcoholic beverage establishment shall cease no later than 12:00 a.m., except as otherwise provided herein.
 - b. Alcoholic beverage establishments participating in the Outdoor Dining Concession Program shall not be permitted to have outdoor speakers abutting or adjacent to any public sidewalks.
 - c. Outdoor bar counters shall be prohibited within the overlay.
 - d. Outdoor restaurant seating would be limited to 100 seats within 200 feet of the south side of 6th Street.
 - e. Outdoor seating above the ground floor (rooftop seating) within 200 feet within the south side of 6th Street would be prohibited.
4. Outdoor music, whether amplified or nonamplified, and television sets, shall be prohibited within 200 feet of the south side of 6th Street.
 5. For properties with frontage on 6th Street, entry and exit doors, as well as access points (with the exception of required emergency egress) to hotels, apartment hotels and suite hotels, and food and beverage establishments serving alcohol, shall be subject to the following regulations:
 - a. Entry and exit doors, as well as access points, shall not be permitted on 6th Street.
 - b. A minimum setback of 20 feet from the south side of 6th Street, for all such entry and exit doors, as well as access points, shall be required.
 - c. For properties which contain 200 feet or more of frontage along Euclid, Meridian, Jefferson, Michigan or Lennox Avenues, all entry and exit doors, as well as access points shall be setback a minimum setback of 100 feet from the south side of 6th Street.
 - d. Subject to the approval of the Historic Preservation Board, for existing contributing structures the minimum setbacks from the south side of 6th Street may be waived or modified by the Historic Preservation Board, and the location of such entry and exit doors, and access points, may be permitted on 6th Street.
 6. For properties with frontage on 6th Street, the storage or parking of vehicles above the ground level shall be setback a minimum of 100 feet from the south side of 6th Street.
 7. The following uses shall be prohibited:
 - a. The sale, lease or rental of any motor vehicles, including, but not limited to, automobiles, golf carts, low-speed vehicles, mopeds, motorcycles, motorized bicycles, and motorized scooters.
 - b. Hostels.
 - c. Convenience stores.
 - d. Smoke shops and vape stores.
 - e. Package stores and the retail sale of alcohol for off premise consumption.
 - f. Hotels within 200 feet of the south side of 6th Street.
 8. The maximum permitted height within the first 100 feet south of 6th Street shall not exceed 28 feet, regardless of property use, and the maximum permitted height between 100 feet and 140 feet south of 6th Street shall not exceed 40 feet. This height limit may be waived by the Historic Preservation Board to preserve contributing buildings or for a development whose primary use is affordable, workforce, or senior housing.
 9. A minimum setback of five (5') feet shall be required along all front and side facing a street yards, in order to provide a clear pedestrian path that exceeds the width of the abutting sidewalk. This requirement may be waived by the Historic Preservation Board for portions of a property containing a contributing building.
 10. If an alley exists, no front or street side curb cut shall be permitted. If no alley exists, any curb-cut required shall not exceed 12 feet in width.
 11. Notwithstanding the provisions of section 142-1161 of these land development regulations,

roof-top additions shall not exceed the applicable maximum building height set forth in the C-PS2 district.

Community Meeting

At the previous direction of the LUSC, on December 19, 2022, the City held an evening public meeting at the Miami Beach Police Department Community Room within the Flamingo Park neighborhood. The hybrid meeting was advertised and well attended by residents and property owners both in person and via Zoom.

After a brief presentation, some residents expressed concerns regarding potential proliferation of transient and commercial uses along the south side of 6th Street across from the Flamingo Park residential neighborhood. More specifically, the members of the public requested that the City explore the following:

- Prohibit the introduction of balconies facing 6th Street or any side street, for transient uses;
- Explore the introduction of zoning incentives that would encourage residential development; and
- Explore the possibility of rezoning the south side of 6th Street to the RM-1 zoning district.

Summary

Pursuant to the direction of the LUSC on September 5, 2024, the Administration has updated the boundaries of the proposed 6th Street Overlay in the attached ordinance as follows:

The following additional regulations shall apply to properties located from 5th Street to 6th Street, between the east side of Lenox Avenue and the west side of Washington Avenue, within the C-PS2 district, except for those lots with frontage on Lenox Avenue and Washington Avenue as of January 1, 2022; where there is conflict within this division, the following shall control:

I. In the event a lot with frontage on Washington Avenue is unified with a lot that does not have frontage on Washington Avenue, such unified site shall therein after be subject to the regulations herein.

II. In the event a lot with frontage on Lenox Avenue is unified with another lot, such unified site shall therein after be subject to the regulations herein.

Additionally, the Administration remains concerned about limiting building height to anything less than 50 feet within the proposed overlay and would continue to urge caution regarding this modification. However, height limits on properties closer to 6th Street, which are part of larger unified development sites, would be appropriate, as they would result in a higher level of compatibility between new construction and the lower scale Flamingo Park Neighborhood to the north. As such, the Administration recommends that the proposed height regulations be applicable to unified development sites that consist of more than five platted lots, to not disproportionately affect smaller lots and development sites that do not have enough area to distribute the maximum allowable FAR. Specifically, the following is recommended:

- *The maximum permitted height within the first two platted lots south of 6th Street shall not exceed 50 feet, regardless of property use.*
- *Notwithstanding the building height regulations set forth above, for a unified development site consisting of more than 5 platted lots, the maximum permitted height within 100 feet of the south side of 6th Street shall not exceed 28 feet and the maximum permitted height between 100 feet and 140 feet from the south side of 6th Street shall not exceed 40 feet.*

APPLICATION FEE WAIVER

The subject amendment is proposed on a comprehensive basis, and not on behalf of a private applicant or third party. Pursuant to section 2.4.1.c of the Land Development Regulations of the City Code, amendments to the City Code require the payment of the applicable fees in section

2.2.3.5, 2.2.3.6, and appendix A to the City Code. These fees may be waived by a five-sevenths (5/7ths) vote of the City Commission, based upon one or more of the following circumstances:

1. The City Commission determines that the proposed amendment is necessary due to a change in federal or state law, or to implement best practices in urban planning, or based on circumstances unique to the proposed amendment.
2. Upon the written recommendation of the City Manager acknowledging a documented financial hardship of a property owner(s) or developer(s).
3. If requested, in writing, by a non-profit organization, neighborhood association, or homeowner's association for property owned by any such organization or association, so long as the request demonstrates that a public purpose is achieved by enacting the applicable amendment.

Should this proposal be referred to the Planning Board, the Administration recommends that the City Commission determine that the proposed amendment is necessary based on circumstances unique to the proposed amendment and waive the applicable fees.

FISCAL IMPACT STATEMENT

No Fiscal Impact Expected

Does this Ordinance require a Business Impact Estimate? No (FOR ORDINANCES ONLY)

If applicable, the Business Impact Estimate (BIE) was published on:

See BIE at: <https://www.miamibeachfl.gov/city-hall/city-clerk/meeting-notices/>

FINANCIAL INFORMATION

Not Applicable

CONCLUSION

The Administration recommends the following:

1. The City Commission refer the attached draft ordinance to the Planning Board.
2. In accordance with section 2.4.1.c.1 of the Land Development Regulations of the City Code, the City Commission waive the applicable fees based on circumstances unique to the proposed amendment.

Applicable Area

South Beach

Is this a "Residents Right to Know" item, pursuant to City Code Section 2-17?

Yes

Is this item related to a G.O. Bond Project?

No

Was this Agenda Item initially requested by a lobbyist which, as defined in Code Sec. 2-481, includes a principal engaged in lobbying? No

If so, specify the name of lobbyist(s) and principal(s):
