

COMMISSION MEMORANDUM

TO: Honorable Mayor and Members of the City Commission
FROM: Eric Carpenter, City Manager
DATE: December 11, 2024 2:15 p.m. Public Hearing
TITLE: A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, ADOPTING THE SECOND AMENDMENT TO THE CAPITAL BUDGET FOR FISCAL YEAR 2025 AS SET FORTH IN ATTACHMENTS A, "PROJECTS"; B, "SOURCE OF FUNDS"; AND C "PROGRAMS."

RECOMMENDATION

The Administration recommends that the City Commission adopt the attached Resolution.

BACKGROUND/HISTORY

Planning for capital improvements is an ongoing process; as needs change within the City of Miami Beach (the "City"), capital programs and priorities must be adjusted accordingly. The Capital Improvement Plan ("CIP") serves as the primary policy and planning tool for systematically identifying, prioritizing, and assigning funds to critical City capital improvement projects.

The City's CIP and Capital Budget development process begins in the winter when all departments are asked to prepare updates and requests on their department's ongoing and new proposed capital projects. Individual departments prepare submittals identifying potential funding sources and requesting commitment of funds for their respective projects.

The CIP is updated annually and submitted to the City Commission for adoption. The Fiscal Years ("FY") 2025 – 2029 CIP and FY 2025 Capital Budget was adopted on September 25, 2024 by Resolution No. 2024-33297.

The First Amendment to the FY 2025 Capital Budget was adopted on October 30, 2024 by Resolution No. 2024-33348.

ANALYSIS

SECOND AMENDMENT TO THE FY 2025 CAPITAL BUDGET

The proposed Second Amendment to the FY 2025 Capital Budget reflects an overall increase of \$2,640,000.00 and a re-alignment of \$54,978.00 for the following capital projects:

- 1. Collins Park Rotunda - Panels (#25823/24324 – ACGO#19 Collins Park Rotunda):**
This project initially included the renovation of the Collins Park Rotunda as a performing arts venue. The scope has been extended to include the structural work and waterproofing repairs needed based on concerns expressed by the project's consultant.

The Collins Park Performing Arts Rotunda has sand cast panels on its façade that now require significant repairs due to prolonged exposure to ocean-side elements for the last 62 years. Over the decades, these panels have deteriorated extensively, leading the consulting engineer to express serious concerns regarding the potential risk of panel dislodgement from the building's exterior.

Recent assessments have highlighted multiple issues:

- Gaps between the exterior walls and the sand cast panels were identified along the building perimeter.
- Water infiltration at the perimeter was noted, especially following heavy rainfall.
- Structural issues with the panels and their connections to the building were identified, including cracking, spalling, and corrosion of the anchors.

To address these issues and ensure long-term structural stability, it is necessary to:

- Remove all 162 panels from the building façade.
- Replace existing connectors with new stainless-steel anchors.
- Repair the damaged panels, as well as concrete walls and columns/beams.
- Apply appropriate waterproofing to the exterior masonry surfaces.

Based on the contractor's preliminary estimate, an additional \$2,640,000 is required to complete these repairs. This budget covers construction costs, permitting, professional service fees, contingency, and internal project management expenses, ensuring all necessary steps are taken to preserve the Rotunda's structural integrity and historical significance.

Funding for this proposed amendment would come from available accrued interest income within the 2023 General Obligation Bonds for Arts and Culture (Fund 395).

Prior Years' Appropriations	\$1,500,000.00
December 11, 2024 Budget Amendment	2,640,000.00
Proposed Total Appropriations	\$4,140,000.00

2. Miami Beach Rowing Club Exterior Painting and Waterproofing (New Project):

This project includes the painting and waterproofing of the Miami Beach Rowing Club exterior. The scope includes the main building, hanger, all railings on both floors, and exterior doors. The Facilities & Fleet Management department seeks to proceed with this project in the current fiscal year to extend the building's lifespan, protect its structural integrity, and enhance its appearance.

Funding for this proposed amendment would come from North Beach Quality of Life Funds (Fund 307) previously appropriated to the Shane Rowing Center Surface Lot Renovation project (#66725), which is anticipated to be completed with savings.

Prior Years' Appropriations	\$-
December 11, 2024 Budget Amendment	54,978.00
Proposed Total Appropriations	\$54,978.00
