Hi Michael, thank you for the productive conversation.

I'm very impressed by the process.

Here are the pictures of the Palomar rooftop that show it open to and hovering over our RS-4 neighborhood. The current owner designed the rooftop with this orientation just a few years ago.

Thank you again,
John

Good Morning Michael,

The Palomar Hotel Rooftop Bar Application is going before the Planning Board on Tuesday, February 4th.

The Palm View Neighborhood Association has made extensive efforts to work with Mr Marrero, Mr Finvarb, and the Restaurant operator to find a set of conditions that will protect our neighborhood without impinging on their concept. Unfortunately the applicant has been unwilling to agree to any conditions beyond the already submitted application.

I would like the opportunity to share the Palm View Neighborhood Associations position on this application and the reasonable conditions that were rejected by the applicant.

May we schedule 30 minutes this week ahead of the Planning Board meeting?

Best,
John Courtney

Good Afternoon Miriam,

I heard the Palomar's public rooftop application has been continued to the January 7th planning board meeting.

Could you confirm for me that their application will not be heard on November 26th?

If it is being continued we will hold off on submitting the Palm View Neighborhood Association's position.

Thank you!

John

Thank you Miriam, I will wait to hear from Michael.

Another question I have is what is the correct way to submit the neighborhood's position into the record so it can be available to every member of the board ahead of the meeting?

Thank you,

John

Good Morning Miriam,

I'm leading the Palm View Neighborhood Association's efforts to understand the Palomar Hotel's application for a public rooftop that will be before the Planning Board on November 26th. We have a neighborhood meeting coming up and I'd like to give a clear explanation of what we might expect if this updated Conditional Use Permit is approved.

The applicant has presented their plans to the association and we would now like the opportunity to clarify a few things with the city.

Are you available for a 15 minute call today or tomorrow for a few quick questions? We are primarily interested in noise as this property has created noise issues for our neighborhood in the past.

Thank you,
John
