COMMISSION

MEMORANDUM

TO: Mayor Steven Meiner and Members of the City Commission
Eric Carpenter, City Manager

FROM: Ricardo J. Dopico, City Attorney

FIRST READING

DATE: February 3, 2025

SUBJECT: AN ORDINANCE OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, AMENDING CHAPTER 58 OF THE MIAMI BEACH CITY CODE, ENTITLED "HOUSING," BY AMENDING ARTICLE III, ENTITLED "PROPERTY MAINTENANCE STANDARDS," BY AMENDING SECTION 58-298 THEREOF TO REQUIRE PROPERTY OWNERS OF COMMERCIAL, HISTORICALLY DESIGNATED BUILDINGS IN ALL OTHER HISTORIC DISTRICTS (AS DEFINED) TO MAINTAIN THE HISTORIC CHARACTER BY PROMPTLY ADDRESSING EXTERIOR MAINTENANCE, UNAPPROVED SIGNAGE OR AWNINGS, AND OTHER VISUAL BLIGHT VIOLATIONS; AND, PROVIDING FOR REPEALER, SEVERABILITY, CODIFICATION AND AN EFFECTIVE DATE.

The attached Ordinance was prepared at the request of Vice-Mayor Tanya K. Bhatt and co-sponsor Commissioner Kristen Rosen Gonzalez.

Chapter 58 of the Miami Beach City Code outlines the minimum maintenance standards for buildings within the City, which includes requirements that ensure the preservation of a building's aesthetic appeal and prevent visual blight.

At the December 11, 2024 City Commission meeting, the Mayor and City Commission adopted Ordinance No. 2024-4684, sponsored by Commissioner Kristen Rosen Gonzalez, amending Chapter 58 to require property owners of commercial, historically designated buildings in the Art Deco Cultural District to maintain the historic character by promptly addressing exterior maintenance, unapproved signage or awnings, and other visual blight violations, with the exception of properties undergoing a recertification process.

The sponsor of this Ordinance proposes to further amend Chapter 58 to extend the property maintenance requirements and more stringent penalties to any commercial, historically designated building located within any other local historic district designated in accordance with section 2.13.9 of the Resiliency Code

Prioritizing the upkeep of, and the enforcement, and prosecution of violations that create visual blight in the ADCD and the City's other historic districts will improve their aesthetic appeal and contribute to the long-term preservation of the City's art deco charm and beauty.

A first violation of the Ordinance will result in an automatic \$500 fine, with 30 days allowed for correction. Failure to correct will lead to the enforcement procedures before the special magistrate as set forth in chapter 30 of the City Code, who will set a deadline for compliance. If the violation continues past this deadline, a daily penalty of \$1,000 will apply.

ARTICLE III. PROPERTY MAINTENANCE STANDARDS

DIVISION 2. ADMINISTRATION

Subdivision I. Generally

Sec. 58-201. Penalty for violation of article; remedial enforcement procedures.

- (a) It shall be unlawful for any person to fail to comply with the minimum standards established by this article, or to fail or refuse to comply with the requirements of any final order issued in accordance with the provisions of this article. If any person shall knowingly fail or refuse to obey or comply with or willfully violates any of the provisions of this article, or any lawful final order issued under this article, such person shall be subject to enforcement procedures before the special magistrate and to penalties as set forth in chapter 30 of this Code.
- (b) As a cumulative and supplemental method of enforcing the remedial purposes of this article, the code inspector is authorized, empowered and directed, in the event of a willful and intentional failure or refusal to obey or comply with the requirements of any final order issued in accordance with the provisions of this article ten days after date of receipt of such notice, to carry out or cause to be carried out the provisions of such final order. Bids may be requested for the work and material as a whole or for any part thereof, separately. The code inspector shall have the right to reject any or all bids; and if all bids are rejected, the code inspector may readvertise for all or part of such work and materials, or may determine to do all or a part of the work by city forces. After a contract shall have been entered into for any work or materials required for compliance, or if the work or materials are performed or furnished by city forces, the code inspector shall prepare an appropriate claim of lien which shall set forth the following:
 - (1) A description of the lots and parcels of land involved;
 - (2) The name of the owner of each lot or parcel where such can be ascertained from the city records;
 - (3) The total cost of the work and materials which, if made by contract, shall be the price named in the contract; or the price computed from unit prices named in the contract, taking into consideration minor changes and alterations found necessary; but if city forces shall do the work or furnish the material, the actual cost of such work or material; and
 - (4) The amount of incidental expenses, estimated or actual.

Such claim of existing lien or lien imposed later shall thereupon be filed of record in the public records of the county and shall be treated as special assessment liens against the subject real property, and until fully paid and discharged, shall remain liens equal in rank and dignity with the lien of ad valorem taxes, and shall be superior in rank and dignity to all other liens, encumbrances, titles and claims in, to or against the real property involved. The maximum rate of interest allowable by law shall accrue to such delinquent accounts. Such liens shall be enforced by any of the methods provided in F.S. ch. 86; or, in the alternative, foreclosure proceedings may be instituted and prosecuted under the provisions applicable to practice, pleading and procedure for the foreclosure of mortgages on real estate set forth in Florida Statutes, or may be foreclosed per F.S. ch. 173, or the collection and enforcement of payment

thereof may be accomplished by any other method authorized by law. The owner and/or operator shall pay all costs of collection, including reasonable attorney fees, incurred in the collection of fees, service charges, penalties and liens imposed by virtue of this article.

Sec. 58-202. When notice of violation or emergency order constitutes final order.

Any notice of violation provided for in section 58-231 shall automatically become a final order in the event that no appeal from the notice of violation is filed with the special magistrate within ten days after the date of service of the notice of violation, other than emergency orders, as set forth in section 58-232. Any emergency order provided for in section 58-232 shall automatically become a final order if no appeal from the emergency order is filed with the special magistrate within 24 hours after the date of service of the emergency order, exclusive of the date of service and intervening Saturdays, Sundays and legal holidays, if any. Orders of the special magistrate affirming or modifying any action or decision of the code inspector shall be recorded in the office of the clerk of the circuit court, so as to afford constructive notice to prospective purchasers of the real property involved, of the nature and extent of the violation involved, and the requirements for the correction thereof. Such recording shall be made following the expiration of the time given to the appellant for the correction of the violations specified, or any extension thereof granted by the special magistrate. The costs of the recording of the order and satisfaction thereof shall be borne by the legal or beneficial owner of the premises involved.

Where central air conditioning is provided and not individually controlled by thermostat, it shall be the duty and responsibility of the owner to operate the same continuously, maintaining a continual temperature range between 70 and 76 degrees based on normal outside temperature and humidity factors, on a 24-hour basis, except for minimal shutdown periods required for reasonable maintenance and repair. Where air conditioning is provided and individually controlled by thermostat, it shall be the duty and responsibility of the owner to maintain such units so as to be capable of maintaining a continual temperature range between 70 and 76 degrees on a 24-hour basis. The owner or operator of a commercial building shall be required to operate central air conditioning only during normal business hours.
- (m) Every owner or owner's agent of a building that has rental units shall post a sign in a conspicuous place, inside the vestibule or lobby of the building, indicating the names, addresses and telephone numbers, local and foreign, of the owner or manager; but this subsection shall not apply where there is a resident agent on the premises. Every owner who does not maintain his principal residence within the county shall be required to designate, in writing, to the city manager's designee some legally competent person who shall be designated as the owner's agent and who shall reside within the county. Such person shall be authorized by the owner to accept notices of violation, process and other

communications relating to the enforcement of this article. The owner shall obtain the acceptance of such designation from the person so designated in writing and file it with the city manager's designee at the time the designation is filed. If the designated agent resigns, retires, is terminated or the agency relationship is otherwise terminated, the owner shall appoint another agent. The code inspector is authorized and directed to prescribe a form for the purpose of implementing this subsection. The information to be provided on the form shall include the name and residence address and telephone number of the owner and designated agent, the address of the building, and the designated agent's work address and telephone. The form shall be required to be acknowledged before a notary or other person authorized by law to take oaths.

- (o) Every tenant shall provide reasonable access to repairmen or other services required to rectify violations provided the landlord's representative or the tenant is on the premises.
- (p) Every owner or landlord of a dwelling shall be responsible for any violation of the occupancy level standards set forth in subsection (b).
- (q) Subsections (b), (f), (i), (j) and (o) of this section shall not apply to boarded buildings.
- (r) Every owner of a commercial, historically designated building in the city's Art Deco Cultural District, or any commercial, historically designated building located within any other local historic district, with the exception of those currently undergoing a recertification process, shall ensure that the building's historic character is properly maintained by promptly addressing: (i) exterior maintenance issues such as peeling paint, neglected facades, and dilapidated architectural features; (ii) the presence of signage, awnings, or other elements that conflict with the historic character of the building and/or the District and/or other historic district and have not been properly approved by any applicable land use board and/or the Planning Department; and (iii) any other violations of this article that contribute to visual blight.
