Applicable Area:

COMMISSION MEMORANDUM

TO: Honorable Mayor and Members of the City Commission
FROM: Eric Carpenter, City Manager
DATE: February 26, 2025 2:05 p.m. Public Hearing
TITLE: A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, ADOPTING THE FOURTH AMENDMENT TO THE CAPITAL BUDGET FOR FISCAL YEAR 2025 AS SET FORTH IN ATTACHMENTS A, "PROJECTS"; B, "SOURCE OF FUNDS"; AND C "PROGRAMS."

RECOMMENDATION

The Administration recommends that the City Commission adopt the attached Resolution.

BACKGROUND/HISTORY

Planning for capital improvements is an ongoing process; as needs change within the City of Miami Beach (the "City"), capital programs and priorities must be adjusted accordingly. The Capital Improvement Plan ("CIP") serves as the primary policy and planning tool for systematically identifying, prioritizing, and assigning funds to critical City capital improvement projects.

The City's CIP and Capital Budget development process begins in the winter when all departments are asked to prepare updates and requests on their department's ongoing and new proposed capital projects. Individual departments prepare submittals identifying potential funding sources and requesting commitment of funds for their respective projects.

The CIP is updated annually and submitted to the City Commission for adoption. The Fiscal Years ("FY") 2025 – 2029 CIP and FY 2025 Capital Budget was adopted on September 25, 2024 by Resolution No. 2024-33297.

The First Amendment to the FY 2025 Capital Budget was adopted on October 30, 2024 by Resolution No. 2024-33348.

The Second Amendment to the FY 2025 Capital Budget was adopted on December 11, 2024 by Resolution No. 2024-33442.

The Third Amendment to the FY 2025 Capital Budget was adopted on February 3, 2025.

ANALYSIS

FOURTH AMENDMENT TO THE FY 2025 CAPITAL BUDGET

The proposed Fourth Amendment to the FY 2025 Capital Budget reflects an overall increase of \$1,016,278.00 and a re-alignment of \$266,015.00 for the following capital projects:

1. **41st Street Corridor (#28019-23419 – GO#40):** This project aims to enhance the 41st Street corridor through comprehensive streetscape and infrastructure improvements.

These enhancements include state-of-the-art street lighting, upgraded landscaping with an expanded tree canopy, improved sidewalks and crosswalks, modernized street furnishings, and optimized on-street parking.

At its December 11, 2024, meeting, the City Commission adopted Resolution 2024-33446, approving an additional allocation of \$391,278 to support the expanded scope of the project. This funding will accommodate additional permitting requirements set by the Florida Department of Transportation (the “FDOT”), an expanded lighting scope, the integration of license plate readers (“LPRs”), and the coordination of the concurrent water main utility project.

Funding for this proposed amendment would come from accrued interest income available in the General Obligation Bonds (“GOB”) for Infrastructure Fund (Fund 393).

Prior Appropriations	\$2,531,318.00
February 26, 2025 Budget Amendment	391,278.00
Proposed Total Appropriations	\$2,922,596.00

- 2. Ocean Drive Reconfiguration (New Project):** As part of ongoing litigation regarding the configuration of Ocean Drive, the Court has directed the City to immediately remove the Ocean Drive promenade between 13th Street and 14th Place and return the entirety of Ocean Drive from 5th Street to 15th Street to its two-way traffic configuration. In order to comply with the order, funding is needed to restripe and reconfigure the street.

Funding for this proposed amendment would come from the Capital Projects Financed by Other Funds (Fund 301) previously appropriated to the Washington Avenue Milling and Resurfacing project (#21822) – project projected to be completed with savings.

Prior Appropriations	\$0.00
February 26, 2025 Budget Amendment	141,015.00
Proposed Total Appropriations	\$141,015.00

- 3. North Beach Oceanfront Center/UNIDAD:** This project seeks to enhance the venue through key upgrades, including the expansion and modernization of the catering kitchen, installation of a new sound and acoustical system, replacement of community room furniture, renewal of door and window seals, and interior and exterior painting.

Recent engineering assessments have identified significant concrete spalling, cracks, and delamination on multiple façades of the building. While the facility’s internal framing remains structurally sound, immediate action is required to address safety concerns and prevent further deterioration. The project’s scope includes the design and installation of temporary shoring, consulting engineering services, structural repairs, and permitting.

The total budget for the necessary shoring and structural repairs is \$4.5 million, with work to be completed in three phases. The proposed budget amendment will enable the Facilities and Fleet Management department to implement a comprehensive and proactive plan to restore the building’s structural integrity.

At this time, the department is requesting \$750,000 for Phase 1 to address critical structural deficiencies and to ensure the safety of the facility. This phase will cover design, permitting, and the installation of additional temporary shoring.

Funding for this proposed budget amendment is recommended to be allocated as noted below:

NB Oceanfront Center (#25023 – ACGO#11):

Funding for this portion of the proposed amendment, in the amount of \$625,000.00, would come from accrued interest income available in the Arts and Culture General Obligation Tax-Exempt Bonds (Fund 394).

Prior Appropriations	\$1,183,000.00
February 26, 2025 Budget Amendment	625,000.00
Proposed Total Appropriations	\$1,808,000.00

NB Oceanfront Building Shoring-Structural Repairs (New project for additional non-GOB funding):

Funding for this portion of the proposed amendment, in the amount of \$125,000.00, would come from the following:

- \$60,000.00 from North Beach Quality of Life Funds (Fund 307) previously appropriated to the North Shore Bandshell Signage Replacement project (#63522) – completed with savings
- \$65,000.00 from Pay As You Go Funds (Fund 302) previously appropriated to the Smart Building Automation System project (#67920) – completed under the City Hall Energy Efficient Building project (#64019)

Prior Appropriations	\$0.00
February 26, 2025 Budget Amendment	125,000.00
Proposed Total Appropriations	\$125,000.00
