RECOMMENDATION

The Administration recommends that the Chairperson and Members of the Miami Beach Redevelopment Agency approve the Finance and Economic Resiliency Committee's recommendation to utilize vacant units at Anchor Garage and Shops as temporary spaces for local aspiring artists, photographers and/or not for profit groups.

BACKGROUND/HISTORY

On June 26, 2024, the City Commission approved a referral by Commissioner Joseph Magazine (Item C4 K) to the Finance and Economic Resiliency Committee ("FERC") to address vacant retail spaces on City-owned properties. The initiative aims to transform these spaces, such as at Anchor Garage and Shops, as a temporary studio for aspiring artists and photographers. This innovative program highlights the City's vacant space as a platform to showcase the work of emerging local talent or provide a temporary office for a worthy local not for profit group ("Program Licensee"). Currently, Anchor Garage and Shops, located at 100 16th Street, Suite Nos. 3-5 (the "Premises") are vacant and could be utilized for these temporary programs while the City continues negotiations with prospective tenants for long-term lease agreements. By leveraging these spaces creatively, the City can simultaneously support the arts, drive foot traffic to the area, and enhance the vibrancy of the community (the "Program").

The Premises consists of approximately 1,855 square feet of ground retail space located at 100 16th Street, Suites Nos. 3 - 5, Miami Beach, FL, suitable for temporary use of the Program. The duration of the Program License Agreement, including any fee waivers or subsidies, shall be limited to a maximum of ninety (90) days per group or artist.

ANALYSIS

The Administration has taken a proactive approach to securing occupants who align with Miami Beach's high standards. The proposed initiative to repurpose these spaces, including units at Anchor Garage and Shops, as temporary photo shoot studios for aspiring artists and photographers and/or not for profit groups, not only upholds these standards but also introduces a fresh and dynamic element to the retail area, enriching the tenant mix with a creative and culturally diverse offering.

This Program not only provides a financially advantageous opportunity for the City while negotiations with prospective tenants for long-term leases continue, but it also serves as a marketing strategy for showcasing the vacant spaces. The presence of these artists and photographers will generate increased foot traffic to the area, creating a vibrant environment that enhances the visibility and appeal of these units. This heightened activity will benefit the community's growth and cultural landscape.
