(OFFICE OF HOUSING & COMMUNITY SERVICES)

RECOMMENDATION

The City Administration ("Administration") recommends that the Mayor and City Commission ("City Commission") approve the Resolution.

This solicitation is under the cone of silence.

BACKGROUND/HISTORY

On January 17, 2018, the Mayor and City Commission adopted a policy governing the selection of contractors for construction projects awarded under the Statewide Housing Initiatives Partnership Program (SHIP). Pursuant to the policy, the Administration was authorized to issue a solicitation, at a minimum, once per year, in order to establish and maintain a pool of prequalified contractors. The policy also authorizes the City Manager to execute agreements with the pre-qualified contractors for the project award limits authorized by the City's Local Housing Assistance Plan (LHAP).

Pre-qualified contractors shall compete for future projects pursuant to the State Housing Initiatives Partnership (SHIP) program for owner-occupied construction projects funded by the Florida Housing Finance Corporation (FHFC)'s SHIP program. Pursuant to the Local Housing Assistance Plan (LHAP), previously approved by the City Commission, the City may provide income eligible homeowners with SHIP funds in connection with repairs or improvements that are needed for safe or sanitary habitation, correction of substantial code violations, or the creation of additional living space (rehabilitation) or disaster mitigation repairs (collectively, City's Housing Rehabilitation Program). Pre-qualified contractors must maintain the licensing, insurance, and qualifications

required by the City to be prequalified for future projects awarded through this procedure.

On March 18, 2020, an initial pool of pre-qualified contractors was awarded pursuant to the referenced SHIP Policy, set to expire in March 2025. This Invitation to Bid (ITB) sought to establish a new contract, through a sealed application process, to maintain a prequalified pool of SHIP contractors.

ANALYSIS

Pursuant to the foregoing policy, on December 2, 2024, the Procurement Department issued Invitation to Bid (ITB) 2025-023-MP. The Procurement Department issued bid notices to approximately 34,101 companies utilizing the City's e-procurement system, one (1) addenda was issued, and 55 prospective bidders accessed the solicitation. Responses were due and received on January 6, 2025. The City received applications from the following eleven (11) contractors:

- A & H Environmental, Corp.
- Building & Remodeling, Inc.
- Byrdson Services, LLC
- Centerline Services Group, Inc.
- Cunano Builders, Corp.
- Ferntec, Corp.
- HRT Construction Group, LLC
- Llorens Contracting, LLC
- Paya Construction Management, LLC
- Resipro, LLC
- Solutions Capital Group, Inc.

The ITB stated that following the review of applications, the responsive and responsible bidder(s) meeting all terms and conditions of the ITB would be recommended for award. The ITB stipulated a contract term of five (5) years.

The Procurement and Housing and Community Services Departments determined that all eleven (11) contractors are responsive and responsible, meet all terms and conditions of the ITB, and are recommended for award.

FISCAL IMPACT STATEMENT

There is no fiscal impact at this time as this item only establishes a pool of prequalified contractors for future use. When services are needed, staff will seek proposals from the pool of prequalified contractors. All expenditures pursuant to this contract will be based on approved funding appropriated to the respective department's budget. The cost associated with the projects is subject to the funds available through the SHIP Program.

FINANCIAL INFORMATION

CONCLUSION

Proactively prequalifying firms that can be contacted for proposals for future work will expedite the City's response to future needs for construction projects awarded under the Statewide Housing Initiatives Partnership Program (SHIP). Otherwise, waiting to issue a solicitation when a need arises would significantly delay getting a contractor for construction on board when needed.

It is recommended that the Mayor and City Commission of the City of Miami Beach, Florida, approve the Resolution, prequalifying the initial pool of contractors: A & H Environmental, Corp., Building & Remodeling, Inc., Byrdson Services, LLC, Centerline Services Group, Inc., Cunano Builders, Corp., Ferntec, Corp., HRT Construction Group, LLC, Llorens Contracting, LLC, Paya Construction Management, LLC, Resipro, LLC, and Solutions Capital Group, Inc. The Resolution also authorizes the City Manager to keep the ITB open to prequalify additional contractors and delegates authority to the City Manager to add contractors to the pool, provided such contractors meet the requirements of the ITB or remove contractors for non-performance.
