COMMISSION MEMORANDUM

TO: Honorable Mayor and Members of the City Commission

TITLE: A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, ACCEPTING THE WRITTEN RECOMMENDATION OF THE CITY MANAGER AND WAIVING, BY A 5/71H VOTE, THE FORMAL COMPETITIVE BIDDING REQUIREMENT, AS PERMITTED IN SECTION 2-367(E) OF THE CITY CODE, FINDING SUCH WAIVER TO BE IN THE BEST INTEREST OF THE CITY, AND APPROVING, IN SUBSTANTIAL FORM, AND AUTHORIZING THE CITY MANAGER TO EXECUTE A PROFESSIONAL SERVICES AGREEMENT WITH PAVE MOBILITY, INC., TO CONDUCT A NEW ONE (1) YEAR PILOT PROGRAM TO IMPLEMENT AN AUTOMATED PARKING ENFORCEMENT SYSTEM, PURSUANT TO THE RECOMMENDATION OF THE FINANCE AND ECONOMIC RESILIENCY COMMITTEE, AT FOUR (4) MUNICIPAL PARKING LOTS: P-12 (900 WASHINGTON AVENUE), P-13 (1000 WASHINGTON AVENUE), P-16 (1262 COLLINS AVENUE), AND P-71 (4621 COLLINS AVENUE).

RECOMMENDATION

The City Administration ("Administration") recommends that the Mayor and City Commission ("City Commission") adopt the Resolution.

BACKGROUND/HISTORY

On December 14, 2022, the City Commission referred an agenda Item (C4 F) to the Finance and Economic Resiliency Committee ("FERC" or "Committee") for discussion regarding the use of technological capabilities to complement and enhance the operations of the City of Miami Beach ("City") Parking Department, including the issuance of citations and preventing the abuse of disabled parking permits.

On February 17, 2023, the FERC discussed an item regarding technological capabilities to complement and enhance the operations of the Parking Department including the issuance of citations and preventing the abuse of disabled parking permits. Representatives of PAVE Mobility, Inc. ("PAVE Mobility"), a technology company that offers a camera-based license plate recognition ("LPR") system for data collection and parking payment enforcement, were recognized to speak and presented information about their system. The PAVE Mobility LPR System ("PAVE System") employs cameras placed at parking lot entrances and exits to track vehicle entry and exit times by license plate and compares this information to payment records. The PAVE System helps correlate parking activity with payment activity and can generate data regarding uncollected parking fees as well as issue electronic citations to violators.

At the FERC meeting, the Committee approved a motion to bring before the City Commission a resolution to allow a pilot program with PAVE Mobility for the collection of parking payment data at five (5) municipal parking lots – of which three (3) are in commercial corridors and two (2) in residential areas. The PAVE System was to be installed at the municipal lot located at 4621

Collins Avenue (P-71) as one of the selected lots in a commercial corridor, with the remainder of the lots to be selected by the Parking Department. The pilot program was to be at no cost to the City and PAVE Mobility would cover all costs including, but not limited to, installation, equipment, and integration costs. The City would assist PAVE Mobility with securing permits, as appropriate, and share data to allow the integration with the City's electronic payment systems.

Data collected by the PAVE System during the pilot program was to be shared with the City as the data would be helpful in determining the loss of parking revenue, detecting disabled placard parking permit abuse, scofflaws, and stolen vehicles, and assist the City in making decisions to improve parking enforcement operations and revenue collections. During the pilot program, the data collected would not be used to issue parking citations or fines to violators.

On March 27, 2023, the City Commission adopted Resolution No. 2023-32532 accepting the recommendation of the FERC, at its February 17, 2023 meeting, directing the Administration to implement a limited pilot program with PAVE Mobility with the following parameters established by the FERC: 1) no cost to the City; 2) minimum of three (3) months and a maximum of six (6) months duration; and 3) test the PAVE System to detect payment compliance, disabled placard parking permit abuse, scofflaws, and stolen vehicles at five (5) municipal parking lots - three (3) lots to be located in commercial corridors, including Lot P-71 located at 4621 Collins Avenue, and two (2) lots to be located in residential areas.

On August 10, 2023, a Professional Services Agreement ("Agreement") between the City and PAVE Mobility was executed. Subsequently, on November 13, 2023, Amendment No. 1 to the Agreement was executed, amending Section 3 of the Agreement which required the PAVE LPR Systems to be installed not later than November 15, 2023. The Amendment set the commencement date of the Agreement to the date of the installation of the last LPR System, however, not later than January 1, 2024, and set the end date of the Agreement to not later than June 30, 2024.

On April 3, 2024, the City Commission referred an agenda Item (C4 I) to the FERC requesting the Administration provide an update on the pilot program with Pave Mobility. At the April 19, 2024, FERC meeting, the Administration and a PAVE Mobility representative provided an update on the status of the pilot program. PAVE reported that the PAVE System had been fully installed at the five (5) selected municipal parking lots and was detecting violations and performing as intended. The average payment compliance rate for the five (5) municipal parking lots in the pilot program for the months of February 2024 and March 2024 was approximately 70%. Per PAVE Mobility, the potential citation revenue based on the number of customers who did not pay for parking at the lots during this two (2) month period was estimated to be approximately \$1.9 million. It is important to note that the violations detected by the PAVE System included residents as well as disabled placard parking permit holders. During the meeting, the FERC unanimously passed a motion recommending to extend the pilot program with PAVE Mobility for one (1) year to include up to four (4) municipal parking lots throughout the City. The new pilot program would include issuing electronic citations and charging fees for detected parking violations/non-payments. The FERC also recommended that during the new one (1) year pilot program, City residents not be issued citations for violations/non-payment; however, registered residents would be charged the \$1.00 per hour resident rate for the duration of the violation/non-payment period.

Given the Agreement with PAVE Mobility for the initial six (6) month pilot program expired on June 30, 2024, City Commission approval of a waiver of the formal competitive bidding requirement is required to re-engage PAVE Mobility under a new Agreement for a new pilot program.

Several meetings have been held among the Parking Department staff, City Attorney's Office, and PAVE Mobility to discuss the scope, operational parameters, and pricing options for a new

one (1) year pilot program, as recommended by the FERC. Attachment A includes the Draft Term Sheet provided by PAVE Mobility for a new pilot program. Attachment B includes the Professional Services Agreement with PAVE Mobility, in substantial form.

ANALYSIS

Off-street parking facilities within the City include parking garages and lots. Garages are gated, necessitating patrons to pay the parking fee for the gate arms to lift, allowing the vehicle to exit. Municipal parking lots, however, are not gated and thus are more vulnerable to parking violations. Parking Enforcement Specialists use either a handheld or vehicle-mounted LPR device to scan vehicle license plates and ascertain parking payment status. Non-payment of parking fees can result in the issuance of a \$36 parking citation. It is important to note that from each \$36 citation issued in Miami Beach, once paid, the City receives \$24 in revenue and Miami-Dade County receives \$12 in revenue.

Automated parking enforcement systems, such as PAVE Mobility, can significantly enhance the efficiency of parking enforcement operations and result in increased number of citations issued and increased revenues to the City. The PAVE System utilizes cameras positioned at parking lot entrances and exits, along with software that tracks vehicle entry and exit times via license plates, ascertains parking payment status, generates information regarding uncollected parking fees, and can electronically issue and mail citations to violators. The implementation of an automated parking enforcement system, such as the PAVE System, in municipal parking lots will allow the Parking Department to more efficiently reallocate its limited enforcement staffing resources from parking lots to other areas in need of greater enforcement throughout the City, including residential parking permit zones, freight loading zones, and on-street parking in commercial areas.

Under a new Agreement for a one (1) year pilot program, PAVE Mobility will conduct automated enforcement for non-payment of parking fees at the following four (4) municipal parking lots: P-12 (900 Washington Avenue); P-13 (1000 Washington Avenue); P-16 (1262 Collins Avenue); and P-71 (4621 Collins Avenue). The PAVE System seamlessly integrates with both the Miami-Dade County Clerk of Courts' citation issuance system and the City's virtual parking permit and electronic payment systems, and includes a comprehensive automated parking enforcement system with the following capabilities: vehicle license plate recognition, violation detection, Department of Motor Vehicle ("DMV") records search, electronic citation issuance and mailing, and real-time parking violation and lot utilization data reporting and analytics.

Specifically, the PAVE System is comprised of:

- **LPR Cameras:** High-resolution cameras will be strategically installed at parking lot entrances and exits to capture vehicle license plates.
- **Violation Detection Software:** PAVE Mobility software will automatically read and recognize license plates, cross-check them against all payment platforms and parking permit systems and databases to identify potential violations including non-payment, overstaying parking time limits, and expired or invalid parking permits.
- **DMV Records Search:** The PAVE System integrates with third parties and/or directly with the DMV to obtain accurate vehicle ownership information, ensuring citations are correctly issued and mailed to the registered owner of the vehicle in the event a violation is identified.
- **Parking Citation Issuance and Reporting:** Upon detecting a violation, the PAVE System will automatically generate a parking citation with all necessary details, including license plate number, vehicle description, date/time of violation with photos of vehicle entry/exit; location of violation, type of violation/statute violated, and citation amount.

- PAVE Mobility will perform DMV records searches and mail the parking citations.
- The PAVE System will integrate with the Miami-Dade County Clerk of Courts to record the citation in the Miami-Dade County system where it can be paid or disputed/adjudicated within the County Clerk's existing citation processing system.
- **Robust Reporting and Business Intelligence System:** PAVE Mobility will provide comprehensive reports and analytics to gain valuable insights into parking activity, violation trends, and revenue collection. Reports can be customized and generated on various metrics, including number of vehicles parked versus number of citations issued by location and violation type, revenue collected from transient payments as well as citation revenue, and parking space utilization rates.

PAVE Mobility will manage the full deployment and implementation process, including site surveys, camera installations, PAVE System configuration and integration with the DMV, Miami-Dade County Clerk of Courts, and City databases, and conduct user trainings for Parking Department staff on the operation of the PAVE System for real-time parking data, statistics, and trends, generating parking and violation reports and parking data analytics.

KEY TERMS

The City and PAVE Mobility have mutually agreed to the following proposed fee structure for a 12-month pilot program to be implemented at the aforementioned four (4) municipal parking lots:

- | | |
|---|----------------|
| ● Owner ID and mailing fee to PAVE Mobility per citation paid*: | \$ 1.85 |
| ● <u>Fee to PAVE Mobility per citation paid:</u> | <u>\$ 8.20</u> |
| Total fee to PAVE Mobility per citation paid: | \$ 10.05 |

Based on the proposed fee structure, the City would be required to pay PAVE Mobility \$10.05 from the \$24 the City receives in revenue from each \$36 parking citation paid; thus, the City would keep \$13.95 in net revenue per \$36 citation paid. This represents a revenue share of approximately 58% City/42% PAVE Mobility.

PAVE Mobility shall be entitled to receive its fees ONLY for those citations that result in payment to the City. In addition, PAVE Mobility assumes the risk of loss of the Owner ID and mailing fee in the event of non-payment for any reason for any citation issued by PAVE Mobility.

PAVE Mobility shall not mail citations to owners of vehicles that (1) reflect a Miami Beach address on the vehicle registration; (2) are registered with the City's residential parking program; or (3) are registered with the City's Disabled Placard Parking Permit Registration Program. Instead, PAVE Mobility will provide all relevant information to the Parking Department regarding parking violations detected with respect to such resident vehicles and the City shall charge \$1.00 per hour (resident rate) for the duration of the violation/non-payment (except for individuals registered with the City's Disabled Placard Parking Permit Registration Program which are not charged for parking in municipal parking lots). PAVE Mobility shall not be entitled to receive the Owner ID and mailing fee or the fee per citation with respect to any charges imposed by the City to the owners of such vehicles.

FISCAL IMPACT STATEMENT

Adopting this Resolution authorizing the execution an Agreement with PAVE Mobility for a one (1) year pilot program for the installation of an automated parking enforcement system at four (4) municipal parking lots in the City is anticipated to generate additional revenue to the City. It should be noted that, while this Agreement will result in a revenue share with PAVE Mobility thereby

reducing the City's net revenue share per citation paid, the implementation of automated parking enforcement systems is expected to detect a higher volume of violations and generate an overall higher volume of citations paid as compared to conventional parking enforcement methods via enforcement officers; thus, total net revenue to the City is anticipated to increase as a result of this pilot program.

CONCLUSION

Automated parking enforcement systems, such as PAVE Mobility, can significantly enhance the efficiency of parking enforcement operations and result in increased number of citations issued and increased revenues to the City. The PAVE System utilizes cameras positioned at parking lot entrances and exits, along with software that tracks vehicle entry and exit times via license plates, ascertains parking payment status, generates information regarding uncollected parking fees, and can electronically issue and mail citations to violators.

Under a new Agreement for a one (1) year pilot program, PAVE Mobility will conduct automated enforcement for non-payment of parking fees at the following four (4) municipal parking lots: P-12 (900 Washington Avenue); P-13 (1000 Washington Avenue); P-16 (1262 Collins Avenue); and P-71 (4621 Collins Avenue).

Residents would not be issued citations for violations/non-payment; however, registered residents would be charged the \$1.00 per hour resident rate for the duration of the violation/non-payment period, except for individuals registered with the City's Disabled Placard Parking Permit Registration Program which are not charged for parking in municipal parking lots.

The Administration recommends that the City Commission adopt the Resolution, waiving by 5/7th vote, the formal competitive bidding requirement, and approving, in substantial form, the Professional Services Agreement with PAVE Mobility, Inc. for a one (1) year pilot program for the implementation of an automated parking enforcement system, pursuant to the recommendation of the FERC at its April 19, 2024 meeting, at the aforementioned four (4) municipal parking lots.

Comprehensive License Plate Recognition (LPR) Parking Enforcement System with Violation Detection, DMV Lookup, Citation Mailing and Reporting

Introduction

This proposal outlines a comprehensive License Plate Recognition (LPR) parking enforcement system designed to streamline parking enforcement, increase violation detection, increase payment compliance for parking sessions and citations, and better allocate staff resources to areas that require manual enforcement (i.e. residential zones, freight-loading zones, etc.).

System Components

- LPR Cameras: At PAVE's sole cost and expense, high-resolution cameras will be strategically installed at parking lot entrances and exits to capture license plates.
- Violation Detection Software: PAVE's advanced software will automatically read and recognize license plates, cross-check them against all payment platforms and credentialed parkers to identify potential violations such as:
 - Non-payment
 - Overstaying parking time limits
 - Expired or invalid parking permits
- DMV Lookup: PAVE's system integrates with third parties and/or directly to Department Motor Vehicles (DMV) to obtain real-time vehicle ownership information, ensuring accurate citations are issued in the event of a violation is detected.
- Parking Citation Issuance and Reporting
 - Upon detecting a violation, PAVE's system will automatically generate a parking citation with all necessary details, including:
 - License plate number
 - Vehicle description
 - Date and time of violation with photos of vehicles' entries/exits
 - Location of violation
 - Type of violation/statute violated
 - Citation amount
 - PAVE will perform DMV lookup and mail citation.
 - PAVE's system will integrate with Miami-Dade County Clerk of Court to push the citation into the Clerk's system where it can be paid or disputed/adjudicated within the Clerk's existing citation processing system.

- Robust Reporting and Business Intelligence System:
 - PAVE will provide comprehensive reports and analytics to gain valuable insights into parking activity, violation trends, and revenue collection.
 - Reports can be customized and generated on various metrics such as:
 - Number of vehicles parked versus number of citations issued by location and violation type
 - Revenue collected from transient payments as well as citation revenue
 - Parking space utilization rates
 - These insights can be used to optimize parking operations, identify areas for improvement, and make data-driven decisions for enhanced enforcement strategies.

Implementation and Training

PAVE will handle the entire implementation process, including:

- Site survey and camera installation
- System configuration and integration with DMV database
- User training for Parking Department staff on the system operation

Costs (assumes only 4 parking lots)

<u>Option 1</u> 12 Month Pilot	<u>Option 2</u> 24 Month Pilot	<u>Option 3</u> 36 Month Pilot
Owner ID & Mailing per citation - \$1.85	Owner ID & Mailing per citation - \$1.85	Owner ID & Mailing per citation - \$1.85
Total Per Paid Citation - \$8.20	Total Per Paid Citation - \$6.35	Total Per Paid Citation - \$5.73

Benefits of PAVE's LPR System

- Increased Efficiency: Automates the citation issuance process, freeing up staff time for other tasks.
- Improved Accuracy: Reduces human error in license plate recognition and citation issuance.
- Enhanced Revenue Collection: Streamlines the payment process and increases collection rates.
- Reduced Administrative Costs: Eliminates manual data entry and paperwork associated with citations.
- Real-Time 24/7 Enforcement: Enables real-time detection of violations, including scofflaws, for immediate action.
- Data-Driven Decisions: Provides valuable insights to optimize parking management strategies.

Consultant shall obtain all necessary licenses and permits required under the City Code and other applicable law to install the Equipment or any required utilities at the Designated Parking Lots or other property located within the City, provided, the City shall reasonably assist Consultant by executing, in its proprietary capacity, permit applications that comply with all requirements. The foregoing shall not be deemed to impose any obligation on the City to waive or otherwise modify any applicable permitting requirements. If the City incurs any cost or expense in connection with assistance provided to Consultant, Consultant shall reimburse the City therefor within thirty (30) days of receipt of an invoice with appropriate back-up documentation, if appropriate.

4.2 The Consultant represents and warrants that it has entered into all necessary agreements with the State of Florida, Miami-Dade County and any other applicable agency for the integration of PAVE's system with the Department of Motor Vehicle database and Miami-Dade County's system for the issuance of Parking Citations, as well as Miami-Dade County Clerk of Court's citation processing system. 4.5 PAVE shall be entitled to receive the fees set forth in Exhibit "A". For the avoidance of doubt, PAVE assumes all risk of non-payment and will not be entitled to receive any fee in respect of citations that are not paid for any reason. The City shall issue payment to PAVE on a quarterly basis on the date that is forty-five (45) days following the end of each calendar year quarter (i.e., the City shall issue payments on April 15th, July 15th, October 15th and January 15th in respect of the quarters ended March 31, June 30, September 30 and December 31) in respect of citations for which the City has been paid in the applicable calendar year quarter.

SECTION 5 **TERMINATION**

5.1 TERMINATION FOR CAUSE

If the Consultant shall fail to fulfill in a timely manner, or otherwise violates, any of the covenants, agreements, or stipulations material to this Agreement, the City, through its City Manager, shall thereupon have the right to terminate this Agreement for cause. Prior to exercising its option to terminate for cause, the City shall notify the Consultant of its violation of the particular term(s) of this Agreement and shall grant Consultant ten (10) days to cure such default. If such default remains uncured after ten (10) days, the City may terminate this Agreement without further notice to Consultant. Upon termination, the City shall be fully

discharged from any and all liabilities, duties, and terms arising out of, or by virtue of, this Agreement.

Notwithstanding the above, the Consultant shall not be relieved of liability to the City for damages sustained by the City for any breach of the Agreement by the Consultant. The City, at its sole option and discretion, shall be entitled to bring any and all legal/equitable actions that it deems to be in its best interest in order to enforce the City's rights and remedies against Consultant. The City shall be entitled to recover all costs of such actions, including reasonable attorneys' fees.

5.2 TERMINATION FOR CONVENIENCE OF THE CITY

THE CITY MAY ALSO, THROUGH ITS CITY MANAGER, AND FOR ITS CONVENIENCE AND WITHOUT CAUSE, TERMINATE THE AGREEMENT AT ANY TIME DURING THE TERM BY GIVING WRITTEN NOTICE TO CONSULTANT OF SUCH TERMINATION; WHICH SHALL BECOME EFFECTIVE WITHIN THIRTY (30) DAYS FOLLOWING RECEIPT BY THE CONSULTANT OF SUCH NOTICE. ADDITIONALLY, IN THE EVENT OF A PUBLIC HEALTH, WELFARE OR SAFETY CONCERN, AS DETERMINED BY THE CITY MANAGER, IN THE CITY MANAGER'S SOLE DISCRETION, THE CITY MANAGER, PURSUANT TO A VERBAL OR WRITTEN NOTIFICATION TO CONSULTANT, MAY IMMEDIATELY SUSPEND THE SERVICES UNDER THIS AGREEMENT FOR A TIME CERTAIN, OR IN THE ALTERNATIVE, TERMINATE THIS AGREEMENT ON A GIVEN DATE. IF THE AGREEMENT IS TERMINATED FOR CONVENIENCE BY THE CITY, CONSULTANT SHALL BE PAID FOR ANY SERVICES SATISFACTORILY PERFORMED UP TO THE DATE OF TERMINATION; FOLLOWING WHICH THE CITY SHALL BE DISCHARGED FROM ANY AND ALL LIABILITIES, DUTIES, AND TERMS ARISING OUT OF, OR BY VIRTUE OF, THIS AGREEMENT.

5.3 TERMINATION FOR INSOLVENCY

The City also reserves the right to terminate the Agreement in the event the Consultant is placed either in voluntary or involuntary bankruptcy or makes an assignment for the benefit of creditors. In such event, the right and obligations for the parties shall be the same as provided for in Section 5.2.

SECTION 6

INDEMNIFICATION, RELEASE AND INSURANCE REQUIREMENTS

6.1 INDEMNIFICATION

Consultant agrees to indemnify, defend and hold harmless the City of Miami Beach and its officers, employees, agents, and contractors, from and against any and all actions (whether at law or in equity), claims, liabilities, losses, and expenses, including, but not limited to, attorneys' fees and costs, for personal, economic or bodily injury, wrongful death, loss of or damage to property (collectively, "Losses"), which may arise or be alleged to have arisen from the negligent acts, errors, omissions or other wrongful conduct of the Consultant, its officers, employees, agents, contractors, or any other person or entity acting under Consultant's control or supervision (collectively, "Consultant Parties"), in connection with, related to, or as a result of the Consultant's performance of the Services pursuant to this Agreement. To that extent, the

Consultant shall pay all such claims and losses and shall pay all such costs and judgments which may issue from any lawsuit arising from such claims and losses, and shall pay all costs and attorneys' fees expended by the City in the defense of such claims and losses, including appeals. The Consultant expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by the Consultant shall in no way limit the Consultant's responsibility to indemnify, keep and save harmless and defend the City or its officers, employees, agents and instrumentalities as herein provided.

Further, Consultant hereby releases, waives, and holds harmless the City its partners, employees, servants, representatives, associates, officers, agents, volunteers, successors and assigns (collectively, "Releasees"), from and against any and all Losses that may be sustained by any of the Consultant Parties as a result of entering into, and installing/removing the Equipment at, the Designated Parking Lots.

The provisions of this Section 6.1 shall survive termination or expiration of this Agreement.

6.2 INSURANCE REQUIREMENTS

The Consultant shall maintain the below required insurance in effect prior to awarding the agreement and for the duration of the agreement. The maintenance of proper insurance coverage is a material element of the agreement and failure to maintain or renew coverage may be treated as a material breach of the contract, which could result in withholding of payments or termination of the Agreement.

Should the Vendor be exempt from this Statute, the Vendor and each employee shall hold the City harmless from any injury incurred during performance of the Contract. 6.4 NOTICE OF CANCELLATION

Each insurance policy, except for Professional Liability, required above shall provide that coverage shall not be cancelled, except with not less than 30 days' notice to the City of Miami Beach c/o EXIGIS Insurance Compliance Services. With regard to Professional Liability, in case of any reduction in coverage, other material changes, or cancellation, Consultant will provide not less than 30 days' notice to the City of Miami Beach c/o EXIGIS Insurance Compliance Services.

6.5 WAIVER OF SUBROGATION

6.6 ACCEPTABILITY OF INSURERS

Insurance must be placed with insurers with a current A.M. Best rating of A:VII or higher. If not rated, exceptions may be made for members of the Florida Insurance Funds (i.e. FWCIGA, FAJUA). SECTION 7
LITIGATION JURISDICTION/VENUE/JURY TRIAL WAIVER

This Agreement shall be governed by, and construed in accordance with, the laws of the State of Florida, both substantive and remedial, without regard to principles of conflict of laws. The City and Consultant agree that any dispute, claim or controversy between them relating to or arising under this Agreement ("Dispute") will first be submitted, by written notice, to a designated representative of each Party who will meet at City's place of business or other mutually agreeable location, or by teleconference or videoconference, and confer in an effort to resolve such Dispute. Any decision of the representatives will be final and binding on the parties. In the event the representatives are unable to resolve any Dispute within ten (10) business days after submission by either of them, either Party may refer the dispute to mediation. The exclusive venue for any Dispute not resolved by mediation shall be Miami-Dade County, Florida. IN THE INTEREST OF OBTAINING A SPEEDIER AND LESS COSTLY HEARING OF ANY DISPUTE, EACH OF THE CITY AND CONSULTANT EXPRESSLY WAIVES ANY RIGHTS IT MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO, OR ARISING OUT OF, THIS AGREEMENT AND, ACCORDINGLY, ANY TRIAL RELATING TO THIS LICENSE WILL BE A BENCH TRIAL.

SECTION 8
LIMITATION OF CITY'S LIABILITY

The City desires to enter into this Agreement only if in so doing the City can place a limit on the City's liability for any cause of action, for money damages due to an alleged breach by the City of this Agreement, so that its liability for any such breach never exceeds the sum of \$10,000. Consultant hereby expresses its willingness to enter into this Agreement with Consultant's recovery from the City for any damage action for breach of contract to be limited to a maximum amount of \$10,000.

Accordingly, and notwithstanding any other term or condition of this Agreement, Consultant hereby agrees that the City shall not be liable to the Consultant for damages in an amount in excess of \$10,000 for any action or claim for breach of contract arising out of the performance or non-performance of any obligations imposed upon the City by this Agreement.

Nothing contained in this section or elsewhere in this Agreement is in any way intended to be a waiver of the limitation placed upon the City's liability, as set forth in Section 768.28, Florida Statutes.

reasonably been foreseen and prepared for by such party at any time prior to the occurrence of the event. Subject to the foregoing criteria, Force Majeure may include events such as war, civil insurrection, riot, fires, epidemics, pandemics, terrorism, sabotage, explosions, embargo restrictions, quarantine restrictions, transportation accidents, strikes, strong hurricanes or tornadoes, earthquakes, or other acts of God which prevent performance. Force Majeure shall not include technological impossibility, inclement weather, or failure to secure any of the required permits pursuant to the Agreement.

- (B) If the City or Consultant's performance of its contractual obligations is prevented or delayed by an event believed by to be Force Majeure, such party shall immediately, upon learning of the occurrence of the event or of the commencement of any such delay, but in any case within fifteen (15) business days thereof, provide notice: (i) of the occurrence of event of Force Majeure, (ii) of the nature of the event and the cause thereof, (iii) of the anticipated impact on the Agreement, (iv) of the anticipated period of the delay, and (v) of what course of action such party plans to take in order to mitigate the detrimental effects of the event. The timely delivery of the notice of the occurrence of a Force Majeure event is a condition precedent to allowance of any relief pursuant to this section; however, receipt of such notice shall not constitute acceptance that the event claimed to be a Force Majeure event is in fact Force Majeure, and the burden of proof of the occurrence of a Force Majeure event shall be on the requesting party.
- (C) No party hereto shall be liable for its failure to carry out its obligations under the Agreement during a period when such party is rendered unable, in whole or in part, by Force Majeure to carry out such obligations. The suspension of any of the obligations under this Agreement due to a Force Majeure event shall be of no greater scope and no longer duration than is required. The party shall use its reasonable best efforts to continue to perform its obligations hereunder to the extent such obligations are not affected or are only partially affected by the Force Majeure event, and to correct or cure the event or condition excusing performance and otherwise to remedy its inability to perform to the extent its inability to perform is the direct result of the Force Majeure event with all reasonable dispatch.
- (D) Obligations pursuant to the Agreement that arose before the occurrence of a Force Majeure event, causing the suspension of performance, shall not be excused as a result of such occurrence unless such occurrence makes such performance not reasonably possible. The obligation to pay money in a timely manner for obligations and liabilities which matured prior to the occurrence of a Force Majeure event shall not be subject to the Force Majeure provisions.
- (E) Notwithstanding any other provision to the contrary herein, in the event of a Force Majeure occurrence, the City may, at the sole discretion of the City Manager, suspend the City's payment obligations under the Agreement, and may take such action without regard to the notice requirements herein. Additionally, in the event that an event of Force Majeure delays a party's performance under the Agreement for a time period greater than thirty (30) days, the City may, at the sole discretion of the City Manager, terminate the Agreement on a given date, by giving written notice to Consultant of such termination. If the Agreement is terminated pursuant to this section, Consultant shall be paid for any Services satisfactorily performed up to the date of termination; following which the City shall be discharged from any and all liabilities, duties, and terms arising

out of, or by virtue of, this Agreement. In no event will any condition of Force Majeure extend this Agreement beyond its stated term.

Additionally, Consultant shall expressly require any subconsultant performing work or providing services pursuant to the Agreement to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subconsultant during the contract Term. If Consultant enters into a contract with an approved subconsultant, the subconsultant must provide the Consultant with an affidavit stating that the subconsultant does not employ, contract with, or subcontract with an unauthorized alien. Consultant shall maintain a copy of such affidavit for the duration of the contract or such other extended period as may be required under this Agreement.
- (B) **TERMINATION RIGHTS.**
- (1) If the City has a good faith belief that Consultant has knowingly violated Section 448.09(1), Florida Statutes, which prohibits any person from knowingly employing, hiring, recruiting, or referring an alien who is not duly authorized to work by the immigration laws or the Attorney General of the United States, the City shall terminate this Agreement with Consultant for cause, and the City shall thereafter have or owe no further obligation or liability to Consultant.
 - (2) If the City has a good faith belief that a subconsultant has knowingly violated the foregoing Subsection 10.9(A), but the Consultant otherwise complied with such subsection, the City will promptly notify the Consultant and order the Consultant to immediately terminate the contract with the subconsultant. Consultant's failure to terminate a subconsultant shall be an event of default under this Agreement, entitling City to terminate this Agreement for cause.
 - (3) A contract terminated under the foregoing Subsection (B)(1) or (B)(2) is not in breach of contract and may not be considered as such.
 - (4) The City or Consultant or a subconsultant may file an action with the Circuit or County Court to challenge a termination under the foregoing Subsection (B)(1) or (B)(2) no later than 20 calendar days after the date on which the contract was terminated.

Comprehensive License Plate Recognition (LPR) Parking Enforcement System with Violation Detection, DMV Lookup, Citation Mailing and Reporting

Introduction

This proposal outlines a comprehensive License Plate Recognition (LPR) parking enforcement system designed to streamline parking enforcement, increase violation detection, increase payment compliance for parking sessions and citations, and better allocate staff resources to areas that require manual enforcement (i.e. residential zones, freight-loading zones, etc.).

System Components

- LPR Cameras: At PAVE’s sole cost and expense, high-resolution cameras will be strategically installed at parking lot entrances and exits to capture license plates.
- Violation Detection Software: PAVE’s advanced software will automatically read and recognize license plates, cross-check them against all payment platforms and credentialed parkers to identify potential violations such as:
 - o Non-payment
 - o Overstaying parking time limits
 - o Expired or invalid parking permits
- DMV Lookup: PAVE’s system integrates with third parties and/or directly to Department Motor Vehicles (DMV) to obtain real-time vehicle ownership information, ensuring accurate citations are issued in the event of a violation is detected. PAVE will be solely responsible for DMV look-up and any associated costs, regardless of the place of residence of the vehicle owner.
- Parking Citation Issuance and Reporting
 - o Upon detecting a violation, PAVE’s system will automatically generate a parking citation with all necessary details, including:
 - License plate number
 - Vehicle description
 - Date and time of violation with photos of vehicles’ entries/exits
 - Location of violation
 - Type of violation/statute violated
 - Citation amount
 - o PAVE will perform DMV lookup and mail citation.
 - o For vehicles that have license tags registered for _____
 - o PAVE’s system will integrate with Miami-Dade County Clerk of Court to push the citation into the Clerk’s system where it can be paid or disputed/adjudicated within the Clerk’s existing citation processing system.

- Robust Reporting and Business Intelligence System:

- o PAVE will provide comprehensive reports and analytics to gain valuable insights into parking activity, violation trends, and revenue collection.
- o Reports can be customized and generated on various metrics such as:
 - Number of vehicles parked versus number of citations issued by location and violation type
 - Revenue collected from transient payments as well as citation revenue
 - Parking space utilization rates
- o These insights can be used to optimize parking operations, identify areas for improvement, and make data-driven decisions for enhanced enforcement strategies.

Implementation and Training

PAVE will handle the entire implementation process, including:

- Site survey and camera installation
- System configuration and integration with DMV database
- User training for Parking Department staff on the system operation

Fees (assumes only 4 parking lots and 12-month Pilot Program)

Owner ID and Mailing fee per citation*: \$1.85

Fee to PAVE for per citation: \$8.20

Total fee to PAVE per citation: \$10.05

PAVE shall be entitled to receive its fees ONLY with regard to those citations that result in payment to the City. PAVE assumes risk of loss of the Owner ID and Mailing Fee in the event of non-payment for any reason of any citation issued by PAVE.

*PAVE will not issue or mail citations to owners of vehicles that (1) reflect a Miami Beach address on the vehicle registration, (2) are registered with the City's residential parking program, or (3) are registered with the City's Disabled Person Parking Registration Program. Instead, PAVE will provide all relevant information regarding parking violations detected in respect of such vehicles and the City shall charge \$1.00 per hour (resident rate) except to individuals registered in the City's Disabled Person Parking Registration Program. PAVE mobility shall not be entitled to receive the Owner ID and Mailing Fee or the fee per citation in respect of any charges imposed by the City to the owners of such vehicles.

Benefits of PAVE's LPR System

- Increased Efficiency: Automates the citation issuance process, freeing up staff time for other tasks.
- Improved Accuracy: Reduces human error in license plate recognition and citation issuance.
- Enhanced Revenue Collection: Streamlines the payment process and increases collection rates.

- **Reduced Administrative Costs:** Eliminates manual data entry and paperwork associated with citations.
- **Real-Time 24/7 Enforcement:** Enables real-time detection of violations, including scofflaws, for immediate action.
- **Data-Driven Decisions:** Provides valuable insights to optimize parking management strategies.
