TITLE: C-PS2 DEVELOPMENT REGULATIONS - 6TH STREET OVERLAY
AN ORDINANCE OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, AMENDING THE RESILIENCY CODE OF THE CITY OF MIAMI BEACH, BY AMENDING CHAPTER 7, ENTITLED "ZONING DISTRICTS AND REGULATIONS, ARTICLE II, ENTITLED "DISTRICT REGULATIONS," SECTION 7.2.15, ENTITLED "PERFORMANCE STANDARD DISTRICT (PS)," AT SUB-SECTION 7.2.15.3, ENTITLED "COMMERCIAL PERFORMANCE STANDARDS DISTRICTS (C-PS)," TO AMEND THE PERMITTED, CONDITIONAL AND SUPPLEMENTAL USE REGULATIONS, AS WELL AS DEVELOPMENT REGULATIONS, INCLUDING MAXIMUM PERMITTED BUILDING HEIGHT, WITHIN THE C-PS2 ZONING DISTRICT; AND PROVIDING FOR CODIFICATION, REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

RECOMMENDATION

The Administration recommends that the Mayor and City Commission (City Commission) adopt the ordinance.

BACKGROUND/HISTORY

On July 28, 2021, at the request of then Commissioner, now Mayor Steven Meiner, the City Commission referred a discussion item (C4 T) pertaining to the creation of a 6th Street Overlay between Washington Avenue and Alton Road, to the Land Use and Sustainability Committee (LUSC). On September 14, 2021, the LUSC discussed the item and continued it to the October 19, 2021, LUSC meeting.

On October 19, 2021, the item was deferred to the December 2021 LUSC meeting. The December 2021 LUSC meeting did not take place and the item was automatically deferred to the first available meeting of 2022. On March 4, 2022, the LUSC discussed and continued the item to the May 13, 2022, LUSC meeting with the following direction:

1. Engage in follow-up outreach to the affected stakeholders and provide a summary of the applicable comments and input.
2. Modify the northeast boundary of the overlay to remove Washington Avenue.

On May 13, 2022, the item was deferred to the June 6, 2022, LUSC meeting, with no discussion. On June 6, 2022, the item was deferred to the July 7, 2022, LUSC meeting, with no discussion. On July 7, 2022, the item was deferred to the September 28, 2022, LUSC meeting, with no discussion.

On September 28, 2022, the LUSC discussed the proposal, including additional revisions to the draft overlay, and continued the item to the November 18, 2022, LUSC meeting with direction to further explore allowable uses within the proposed overlay, as well as hold a publicly noticed community meeting in the neighborhood. On November 18, 2022, the item was deferred to the

January 25, 2023, LUSC meeting, with no discussion.

On January 25, 2023, the item was discussed and continued to the March 1, 2023, LUSC meeting with direction to the Administration to develop incentives to transfer allowable intensity from the south side of 6th Street closer to 5th Street. On March 1, 2023, the LUSC recommended that the City Commission refer the Administration version of the proposed overlay ordinance to the Planning Board.

On March 27, 2023, the City Commission referred a draft ordinance to the Planning Board (Item C4 B). On April 25, 2023, the Planning Board discussed the item and continued it to the May 23, 2023, meeting. On May 23, 2023, the Planning Board discussed the item and continued it to the June 27, 2023 meeting. On June 27, 2023, the Planning Board continued the item to the September 26, 2023, meeting.

Prior to the September 26, 2023, Planning Board meeting, the item sponsor requested that the proposal be removed from the Planning Board agenda and placed on the next available City Commission agenda for a new referral to the LUSC. The purpose of referring the item back to the LUSC was to allow for additional study, as well as further input from affected residents and property owners. On October 18, 2023, the City Commission referred the item to the LUSC (C4 A). Additionally, Commissioner Laura Dominguez became a co-sponsor.

On February 26, 2024, the LUSC discussed the proposed overlay and continued the item to the March 19, 2024, meeting. On March 19, 2024, the item was deferred to a future meeting, with no discussion, for the Administration to meet with affected stakeholders.

On July 9, 2024, the LUSC discussed the proposed overlay and continued the item to a future date with the direction to the Administration to include the recommendations from the Flamingo Park Neighborhood Association (FPNA) regarding a hotel prohibition and height restrictions in the proposed ordinance. On September 5, 2024, the LUSC discussed the proposal and recommended that the City Commission refer the revised ordinance to the Planning Board with revised overlay boundaries noted in the LUSC memorandum.

On October 30, 2024, at the request of Mayor Steven Meiner and Commissioner Laura Dominguez, the City Commission referred the attached ordinance to the Planning Board (item C4 L).

ANALYSIS

Characteristics of Overlay Area

The area between 5th and 6th Streets, from Washington Avenue to Alton Road, is currently zoned Commercial Performance General Mixed-Use (C-PS2). The C-PS2 district permits a range of business, commercial, office and hotel use, as well as medium density residential development.

As noted on the attached map, the north side of 6th Street between Washington Avenue and Alton Road is comprised of the following zoning districts:

- Residential Multifamily Medium Intensity (RM-2), between Washington Avenue and Pennsylvania Court;
- Government Use (GU), between Meridian Avenue and Jefferson Avenue;
- Commercial Medium Intensity (CD-2), between Lenox Court and Alton Road; and
- Residential Multifamily Low Intensity (RM-1), between Lenox Court and Jefferson Avenue, as well as between Meridian Avenue and Euclid Avenue.

The entire south side of 6th Street between Washington Avenue and Alton Road is zoned C-PS2. The center line of 6th Street between Washington Avenue and Lenox Court serves as the boundary for the Flamingo Park Historic District to the north and the Ocean Beach Historic District to the south.

The Flamingo Park neighborhood is bounded on the south by 6th Street, and on the north by Lincoln Lane south, and is generally between Alton Road and Washington Avenue. The Flamingo Park neighborhood is within a designated local historic district, and is composed predominantly of low scale, multi-family residential apartment buildings.

The low scale residential neighborhood within Flamingo Park is currently buffered from the higher intensity zoning CD-2 district on the west (Washington Avenue) by the Residential Office (RO) zoning district on Pennsylvania and Drexel Avenues. Additionally, in 2014, the Alton Road Historic District Buffer Overlay was created along the east side of Alton Road, to create a transition area between that CD-2 and RM-1 districts in Flamingo Park. Over time, these transition areas have helped to mitigate the impacts of higher intensity commercial uses adjacent to lower intensity residential uses on the east and west sides of the Flamingo Park neighborhood.

Planning Analysis

Recently there have been several large, high intensity projects approved within the C-PS2 area between 5th and 6th Streets, from Alton Road to Meridian Avenue. Most recently, a new hotel with a rooftop amenity deck and accessory outdoor café was approved for the property located at the southeast corner of 6th Street and Lenox Avenue. Given that there are a number of non-contributing properties, including several surface parking lots, in this area, as well as the potential future use of the 5th Street as a transit corridor, it is likely there will be an increase in new development proposals in this C-PS2 area.

To ensure that future development proposals within the C-PS2 area north of 5th Street are compatible with and sensitive to the established, low scale area of Flamingo Park north of 6th Street, additional development regulations have been proposed. To this end, the proposed amendments to the Land Development Regulations of the City Code (LDRs) contained in the attached ordinance are intended for properties and uses that front on or are near the south side of 6th Street. The intention of the proposal is to foster a more compatible relationship in terms of scale, massing and land uses between the south side of 6th Street and the Flamingo Park residential neighborhood.

The proposed overlay is intended to create a meaningful buffer along the south side of 6th Street and has been carefully formed, as the make-up of existing properties between 5th and 6th Streets is unique and includes variations in overall lot sizes and unified development sites. Also, this area contains several less than desirable uses, including surface parking lots, gas stations and other automobile related uses, and the proposed overlay takes into consideration the ability for multiple lots to be developed in a tangible manner.

Attached are additional maps showing the following:

1. Existing unified development sites (current property owners map); and
2. Existing properties with buildings classified as 'contributing' in the City's historic properties database (contributing buildings map).

These maps show how dispersed the area between 5th and 6th Street is both from a property ownership and unified site standpoint. Additionally, there is no strong concentration of contributing structures along 5th Street and the mid portions of most blocks.

Considering this, the overlay regulations have been drafted to prevent creating a barrier to establishing desirable unified sites, even if some of the lots within a unified site are close to or fronting 6th Street. Additionally, as 5th Street is a major commercial corridor there is an opportunity to maximize the development potential of these properties, including unification efforts with properties immediately north of 5th Street. Currently there are a number of highly underutilized parcels fronting on and north of 5th Street, as well as a number of existing uses that do not allow for the potential of the area to be realized.

The following is a summary of the proposed overlay regulations included in the attached ordinance:

1. The overlay applies to properties bounded by 6th Street to the north and 5th Street to the south, between the west side of Lenox Avenue and the west side of Washington Avenue. Properties with frontage on Washington and Lenox Avenues as of January 1, 2022 have been removed from the overlay. However, in the future, if a lot with frontage on Washington or Lenox Avenue is unified with another lot, such unified site shall therein after be subject to the overlay regulations.
2. The following shall apply to alcoholic beverage establishments within the proposed overlay:
 - a. Operations in outdoor or open-air areas of an alcoholic beverage establishment shall cease no later than 12:00 a.m., except as otherwise provided.
 - b. Alcoholic beverage establishments participating in the Outdoor Dining Concession Program shall not be permitted to have outdoor speakers abutting or adjacent to any public sidewalks.
 - c. Outdoor bar counters shall be prohibited within the overlay.
 - d. Outdoor restaurant seating is limited to 100 seats within 200 feet of the south side of 6th Street.
 - e. Outdoor seating above the ground floor (rooftop seating) within 200 feet within the south side of 6th Street is prohibited.
3. Recorded music and television sets are prohibited in any outdoor area within 200 feet of the south side of 6th Street.
4. For properties with frontage on 6th Street, entry and exit doors, as well as access points (except for required emergency egress) to hotels, apartment hotels and suite hotels, and food and beverage establishments serving alcohol, shall be subject to the following regulations:
 - a. Entry and exit doors, as well as access points, shall not be permitted on 6th Street.
 - b. A minimum setback of 20 feet from the south side of 6th Street, for all such entry and exit doors, as well as access points, shall be required.
 - c. For properties that contain 200 feet or more of frontage along Euclid, Meridian, Jefferson, Michigan or Lennox Avenues, all entry and exit doors, as well as access points shall be setback a minimum setback of 100 feet from the south side of 6th Street.
 - d. Subject to the approval of the Historic Preservation Board, for existing contributing structures the minimum setbacks from the south side of 6th Street may be waived or modified by the Historic Preservation Board, and the location of such entry and exit doors, and access points, may be permitted on 6th Street.
5. For properties with frontage on 6th Street, the storage or parking of vehicles above the ground level shall be setback a minimum of 100 feet from the south side of 6th Street.
6. The following uses shall be prohibited within the overlay:
 - a. The sale, lease or rental of any motor vehicles, including, but not limited to, automobiles, golf carts, low-speed vehicles, mopeds, motorcycles, motorized bicycles, and motorized scooters.
 - b. Hostels.

- c. Convenience stores.
 - d. Smoke shops and vape stores.
 - e. Package stores and the retail sale of alcohol for off premise consumption.
 - f. Hotels within 200 feet of the south side of 6th Street.
7. The maximum permitted height within the first 100 feet south of 6th Street shall not exceed 28 feet, regardless of property use, and the maximum permitted height between 100 feet and 140 feet south of 6th Street shall not exceed 40 feet. This height limit may be waived by the Historic Preservation Board to preserve contributing buildings or for a development whose primary use is affordable or workforce housing.
8. A minimum setback of five (5') feet shall be required along all front and side facing a street yards, to provide a clear pedestrian path that exceeds the width of the abutting sidewalk. This requirement may be waived by the Historic Preservation Board for portions of a property containing a contributing building.
9. If an alley exists, no front or street side curb cut shall be permitted. If no alley exists, any curb-cut required shall not exceed 12 feet in width.
10. Roof-top additions shall not exceed the applicable maximum building height set forth in the C-PS2 district.

Community Meeting

At the previous direction of the LUSC, on December 19, 2022, the city held an evening public meeting at the Miami Beach Police Department Community Room within the Flamingo Park neighborhood. The hybrid meeting was advertised and well attended by residents and property owners both in person and via Zoom.

After a brief presentation, some residents expressed concerns regarding potential proliferation of transient and commercial uses along the south side of 6th Street across from the Flamingo Park residential neighborhood. More specifically, the members of the public requested that the city explore the following:

- Prohibit the introduction of balconies facing 6th Street or any side street, for transient uses;
- Explore the introduction of zoning incentives that would encourage residential development; and
- Explore the possibility of rezoning the south side of 6th Street to the RM-1 zoning district.

PLANNING BOARD REVIEW

On January 7, 2025, the Planning Board held a public hearing and transmitted the proposed ordinance to the City Commission with a favorable recommendation (7-0). The Planning Board also recommended that the threshold for lower building height be applicable to development sites consisting of more than 2 platted lots.

UPDATE

The subject ordinance was approved at First Reading on March 19, 2025, with no changes. After the March 19, 2025 City Commission meeting, Planning staff met with representatives of the FPNA to further discuss the previous recommendations to allow more flexibility in overall building heights for limited lot aggregations. In this regard, Section 7.2.15.3.f.12.c of the proposed ordinance has been amended for Second Reading as follows:

c. The maximum permitted height within the first four platted lots measured southward from the south side of 6th Street shall be as follows:

i. For development sites consisting solely of the first two platted lots to the south of 6th Street, either as a single lot or a unified development site, the maximum building height shall not exceed 50 feet, regardless of the use of the property.

ii. For development sites consisting solely of the first three platted lots to the south of 6th Street, as part of a unified development site, the maximum building height shall not exceed 28 feet within the first two platted lots to the south of 6th Street and 50 feet for the remainder of the development site, regardless of the use of the property. The Historic Preservation Board may allow up to 35 feet within the first platted lot fronting 6th Street and up to 50 feet for the second platted lot to the south of 6th Street; however, an affirmative vote of five members of the Historic Preservation Board shall be required to approve any increase in height authorized in this sentence on the first two platted lots to the south of 6th Street. For a development site consisting solely of the third platted lot south of 6th Street, the maximum building height shall not exceed 50 feet, regardless of the use of the property.

iii. For unified development sites consisting of four or more platted lots measured from the south side of 6th Street, the maximum building height shall not exceed 28 feet within the first two platted lots to the south of 6th Street and the maximum permitted height shall not exceed 40 feet within the third platted lot to the south side of 6th Street, regardless of the use of the property. The remainder of the development site shall be subject to the height limits in this section but shall not exceed a maximum height of 75 feet for a residential use.

Because Second Reading of the ordinance was opened and continued on April 23, 2025, the item sponsor has requested that the City Commission waive the annual zoning cycle restriction, pursuant to Section 2.3.2 of the LDRs, and adopt the ordinance at Second Reading on May 21, 2025.

- b. Minimum Unit Size. This incentive shall not be construed to permit any unit that is smaller than the minimum allowable unit size for the type of unit being proposed.
- c. Covenant. In order to be eligible for this voluntary average unit size incentive, the property owner, at the owner's sole discretion, shall voluntarily execute a restrictive covenant running with the land, in a form approved by the City Attorney, affirming that in perpetuity no residential units on the property shall be leased or rented for a period of less than six months and one day.

Teen shot in Little Havana park in dispute over bike and 'territory,' police say

BY MILENA MALAVER
mmalaver@miamiherald.com

A 17-year-old boy was shot in one arm on May 2 at Henderson Park in Little Havana when a dispute between teens over a bike and neighborhood territory turned violent, according to Miami police.

Two other 17-year-olds were later taken into custody in connection with the shooting.

The altercation began in the park at 950 NW Third St. when one of the three suspects made a hand gesture believed to represent a gang sign, according to police.

The group approached the victim and his friends and challenged them to a fight, according to the teens' arrest affidavits.

The victim said he couldn't hear everything the group was saying but caught a reference to his parked motorcycle. He walked toward the motorbike and tried to leave, but it wouldn't start.

Police said that as he was trying to get away, one of the suspects pulled out a black handgun and fired, hitting the victim in the left arm.

Another teen in the suspect group continued to provoke the victim and his friends, according to the affidavit.

Police say the shooter took off on a scooter, while the two other teens ran off and were later found by officers near Northwest Seventh Avenue and Northwest Second Street. Those two were arrested; the arrest affidavits do not make clear what happened to the shooter.

The injured teen is expected to make a full recovery, according to police.

Investigators later showed witnesses a series of photo lineups. One witness identified one of the suspects as being involved; another could not make any identifications.

Police say surveillance footage captured the entire incident and showed the two suspects wearing the same clothes they had on at the time of their arrests.

One of the suspects agreed to speak with police without a lawyer present and gave a recorded statement after being read his rights.

At least one teen is charged with attempted murder.
