12. LIQUIDATED DAMAGES (cont'd).

- c. It is agreed that it is impractical and impossible to fix actual damages which may arise from situations where there may be a failure of services provided, due to the uncertain value of Customer's property or the property of others kept on the protected premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system is designed to detect or avert. Due to the inability of Integrated Security Systems to establish a causal connection between systems or service problems and Customer's possible loss, it is further agreed that if Integrated Security Systems should become liable for any losses or damages attributable to a failure of systems or services in any respect, its total liability to Customer shall be limited to \$250.00, which the Customer agrees is reasonable. The payment of this amount shall be Integrated Security Systems' sole and exclusive liability regardless of the amount of loss or damage incurred by the Customer. No suit or action shall be brought against Integrated Security Systems more than one (1) year after the accrual of the cause of action therefore.
- d. Since it is agreed that the Customer retains the sole responsibility of the life and safety of all persons in the protected premises, and for protecting against losses to his own property or the property of others in the protected premises, Customer agrees to indemnify, defend and hold harmless Integrated Security Systems from any and all such claims and lawsuits including the payment of all damages, expenses, costs, and attorney fees incurred by Integrated Security Systems, its employees and agents, from and against all claims, lawsuits and losses, by persons not a party to this Agreement, against Integrated Security Systems for failure of its equipment or services in any respect, alleged to be caused by the improper operation of the system, whether due to malfunctioning or non-functioning of the system, or by the negligence, active or passive, of Integrated Security Systems.

14. TERMINATION/PAYMENT:

- a. Integrated Security Systems has the option to terminate this agreement for cause should any payment due from Customer to Integrated Security Systems remain overdue for a period of more than thirty (30) days. Should Integrated Security Systems elect to exercise such cancellation option, said exercise shall be in writing, sent by certified mail, return receipt requested, and such cancellation shall be effective upon receipt.

15. SUCCESSORS:

- a. The Agreement is not assignable by Customer except upon the written consent of Integrated Security Systems, which consent will not unreasonably be withheld.

16. ENTIRE AGREEMENT:

- a. This Agreement is to govern the providing of services by Integrated Security Systems to Customer as described herein. Nothing in this Agreement is to be construed as creating a lease or a leasehold agreement between the parties. This Agreement is not binding unless approved in writing by an authorized representative of Integrated Security Systems. If approval is not obtained, the only liability of Integrated Security Systems shall be to return to Customer the amount, if any, paid to Integrated Security Systems upon the signing of the Agreement by its Sales Representative.

 - v. Electrical work external to the equipment or accessories furnished by Integrated Security Systems.

11. ADDITIONAL CHARGES:

- a. Unless otherwise specified in the Proposal, service charges for the system are based upon coverage as specified in the "hours of operation." Service performed outside this window, or as a result of the failure of the Customer to adhere to the requirements as specified by either the manufacturer or outside the scope of the Agreement, shall be chargeable at Integrated Security Systems' prevailing rates. Customer shall not tamper with, adjust, alter, move, remove, or otherwise interfere with equipment without Integrated Security Systems' specific permission, nor permit the same by other Contractors.
- b. Any work performed by Integrated Security Systems to correct Customer's breach of the foregoing obligation shall be corrected and paid for by Customer at Integrated Security Systems' prevailing rates. Remedial maintenance due to Acts of God or events beyond the control of Integrated Security Systems shall be corrected by Integrated Security Systems and paid for by Customer in accordance with Integrated Security Systems' prevailing rates.
- c. Integrated Security Systems shall have the right to increase or decrease the periodic service charge provided above at any time or times after the expiration of one year from the date service is operative under this Agreement.

12. LIQUIDATED DAMAGES

- a. Integrated Security Systems' LIMITS OF LIABILITY: It is understood that Integrated Security Systems is not an insurer; that insurance for whatever reason or purpose and in whatever amount shall be obtained by Customer, if any is desired; that the sums payable hereunder to Integrated Security Systems by Customer are based upon the value of services offered and the scope of liability undertaken and such sums are not related to the value of property belonging to Customer or to others located on Customer's premises.
- b. Customer does not seek indemnity by this Agreement from Integrated Security Systems and specifically waives any rights for indemnity for any damages or losses caused by hazards to Customers, Invitees, Guests, or property. Integrated Security Systems MAKES NO WARRANTY, EXPRESS OR IMPLIED, THAT THE SYSTEMS IT INSTALLS OR THE SERVICES IT FURNISHES WILL AVERT OR PREVENT OCCURRENCES, OR THE CONSEQUENCES THEREFROM, WHICH THE SYSTEMS AND SERVICES ARE DESIGNED TO DETECT. Customer agrees that Integrated Security Systems shall not be liable for any of Customer's losses or damages, irrespective of origin, to person or property, whether directly or indirectly caused by performance or non-performance of obligations imposed by this agreement or by negligent acts or omissions of Integrated Security Systems, its agents or employees. The Customer does hereby waive and release any rights of recovery against Integrated Security Systems that it may have hereunder.

12. LIQUIDATED DAMAGES (cont'd).

- c. It is agreed that it is impractical and impossible to fix actual damages which may arise from situations where there may be a failure of services provided, due to the uncertain value of Customer's property or the property of others kept on the protected premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system is designed to detect or avert. Due to the inability of Integrated Security Systems to establish a causal connection between systems or service problems and Customer's possible loss, it is further agreed that if Integrated Security Systems should become liable for any losses or damages attributable to a failure of systems or services in any respect, its total liability to Customer shall be limited to \$250.00, which the Customer agrees is reasonable. The payment of this amount shall be Integrated Security Systems' sole and exclusive liability regardless of the amount of loss or damage incurred by the Customer. No suit or action shall be brought against Integrated Security Systems more than one (1) year after the accrual of the cause of action therefore.
- d. Since it is agreed that the Customer retains the sole responsibility of the life and safety of all persons in the protected premises, and for protecting against losses to his own property or the property of others in the protected premises, Customer agrees to indemnify, defend and hold harmless Integrated Security Systems from any and all such claims and lawsuits including the payment of all damages, expenses, costs, and attorney fees incurred by Integrated Security Systems, its employees and agents, from and against all claims, lawsuits and losses, by persons not a party to this Agreement, against Integrated Security Systems for failure of its equipment or services in any respect, alleged to be caused by the improper operation of the system, whether due to malfunctioning or non-functioning of the system, or by the negligence, active or passive, of Integrated Security Systems.

13. RENEWAL:

- a. The Service Agreement portion of these conditions is self-renewing for the term provided herein and at the prices in effect as of the date of renewal unless modified or canceled by either party in writing not less than thirty (30) days prior to the expiration date of this Agreement.

14. TERMINATION/PAYMENT:

- a. Integrated Security Systems has the option to terminate this agreement for cause should any payment due from Customer to Integrated Security Systems remain overdue for a period of more than thirty (30) days. Should Integrated Security Systems elect to exercise such cancellation option, said exercise shall be in writing, sent by certified mail, return receipt requested, and such cancellation shall be effective upon receipt.

15. SUCCESSORS:

- a. The Agreement is not assignable by Customer except upon the written consent of Integrated Security Systems, which consent will not unreasonably be withheld.

16. ENTIRE AGREEMENT:

- a. This Agreement is to govern the providing of services by Integrated Security Systems to Customer as described herein. Nothing in this Agreement is to be construed as creating a lease or a leasehold agreement between the parties. This Agreement is not binding unless approved in writing by an authorized representative of Integrated Security Systems. If approval is not obtained, the only liability of Integrated Security Systems shall be to return to Customer the amount, if any, paid to Integrated Security Systems upon the signing of the Agreement by its Sales Representative.
- b. This writing, together with any individually signed acceptance of Proposals, rider, other attachments pertaining to this Agreement is intended by the parties as the final expression of their agreement with respect to the subject matter contained herein and also as the complete and exclusive statement of the terms and such Agreement, notwithstanding any prior, contemporaneous or subsequent purchase order or other document relating to said subject matter. 12. LIQUIDATED DAMAGES (cont'd).

- c. Due to the inability of Integrated Security Systems to establish a causal connection between systems or service problems and Customer's possible loss, it is further agreed that if Integrated Security Systems should become liable for any losses or damages attributable to a failure of systems or services in any respect, its total liability to Customer shall be limited to \$250.00, which the Customer agrees is reasonable. The payment of this amount shall be Integrated Security Systems' sole and exclusive liability regardless of the amount of loss or damage incurred by the Customer. No suit or action shall be brought against Integrated Security Systems more than one (1) year after the accrual of the cause of action therefore.
- d. Since it is agreed that the Customer retains the sole responsibility of the life and safety of all persons in the protected premises, and for protecting against losses to his own property or the property of others in the protected premises, Customer agrees to indemnify, defend and hold harmless Integrated Security Systems from any and all such claims and lawsuits including the payment of all damages, expenses, costs, and attorney fees incurred by Integrated Security Systems, its employees and agents, from and against all claims, lawsuits and losses, by persons not a party to this Agreement, against Integrated Security Systems for failure of its equipment or services in any respect, alleged to be caused by the improper operation of the system, whether due to malfunctioning or non-functioning of the system, or by the negligence, active or passive, of Integrated Security Systems.

14. TERMINATION/PAYMENT:

- a. Integrated Security Systems has the option to terminate this agreement for cause should any payment due from Customer to Integrated Security Systems remain overdue for a period of more than thirty (30) days. Should Integrated Security Systems elect to exercise such cancellation option, said exercise shall be in writing, sent by certified mail, return receipt requested, and such cancellation shall be effective upon receipt.

15. SUCCESSORS:

- a. The Agreement is not assignable by Customer except upon the written consent of Integrated Security Systems, which consent will not unreasonably be withheld.

16. ENTIRE AGREEMENT:

- a. This Agreement is to govern the providing of services by Integrated Security Systems to Customer as described herein. Nothing in this Agreement is to be construed as creating a lease or a leasehold agreement between the parties. - a. Services to be provided by Integrated Security Systems pursuant to this Agreement do not include:
 - i. Repair of damage or increase in service time caused by failure to continually provide a suitable operating environment with all facilities as prescribed by Integrated Security Systems and/or the equipment manufacturer, including, but not limited to, the failure to provide, or the failure of, adequate and regulated electrical power, air conditioning or humidity control; or such special requirements as contained in Rider "A" or the Proposal hereto.
 - ii. Repair of damage or increase in service time caused by use of the equipment for other than the ordinary use for which the equipment was designed or purpose for which it was intended.
 - iii. Repair of damage, replacement parts (due to other than normal wear) or repetitive service calls caused by the use of unauthorized supplies or equipment.
 - iv. Repair of damage or increase in service time caused by: accident, disaster, which shall include, but not be limited to, fire, flood, water, wind and lightning; transportation, neglect or misuse, alterations, which shall include, but not be limited to, any deviation from Integrated Security Systems' physical, mechanical or electrical machine design; attachments, which are defined as the mechanical, electrical or electronic interconnecting to non-Integrated Security Systems equipment and devices not supplied by Integrated Security Systems.
 - v. Electrical work external to the equipment or accessories furnished by Integrated Security Systems.

11. ADDITIONAL CHARGES:

- a. Unless otherwise specified in the Proposal, service charges for the system are based upon coverage as specified in the "hours of operation." Service performed outside this window, or as a result of the failure of the Customer to adhere to the requirements as specified by either the manufacturer or outside the scope of the Agreement, shall be chargeable at Integrated Security Systems' prevailing rates. Customer shall not tamper with, adjust, alter, move, remove, or otherwise interfere with equipment without Integrated Security Systems' specific permission, nor permit the same by other Contractors.
- b. Any work performed by Integrated Security Systems to correct Customer's breach of the foregoing obligation shall be corrected and paid for by Customer at Integrated Security Systems' prevailing rates. Remedial maintenance due to Acts of God or events beyond the control of Integrated Security Systems shall be corrected by Integrated Security Systems and paid for by Customer in accordance with Integrated Security Systems' prevailing rates.
- c. Integrated Security Systems shall have the right to increase or decrease the periodic service charge provided above at any time or times after the expiration of one year from the date service is operative under this Agreement.

12. LIQUIDATED DAMAGES

- a. Integrated Security Systems' LIMITS OF LIABILITY: It is understood that Integrated Security Systems is not an insurer; that insurance for whatever reason or purpose and in whatever amount shall be obtained by Customer, if any is desired; that the sums payable hereunder to Integrated Security Systems by Customer are based upon the value of services offered and the scope of liability undertaken and such sums are not related to the value of property belonging to Customer or to others located on Customer's premises.
- b. Customer does not seek indemnity by this Agreement from Integrated Security Systems and specifically waives any rights for indemnity for any damages or losses caused by hazards to Customers, Invitees, Guests, or property. Integrated Security Systems MAKES NO WARRANTY, EXPRESS OR IMPLIED, THAT THE SYSTEMS IT INSTALLS OR THE SERVICES IT FURNISHES WILL AVERT OR PREVENT OCCURRENCES, OR THE CONSEQUENCES THEREFROM, WHICH THE SYSTEMS AND SERVICES ARE DESIGNED TO DETECT. Customer agrees that Integrated Security Systems shall not be liable for any of Customer's losses or damages, irrespective of origin, to person or property, whether directly or indirectly caused by performance or non-performance of obligations imposed by this agreement or by negligent acts or omissions of Integrated Security Systems, its agents or employees. The Customer does hereby waive and release any rights of recovery against Integrated Security Systems that it may have hereunder.

12. LIQUIDATED DAMAGES (cont'd).

- c. It is agreed that it is impractical and impossible to fix actual damages which may arise from situations where there may be a failure of services provided, due to the uncertain value of Customer's property or the property of others kept on the protected premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system is designed to detect or avert. Due to the inability of Integrated Security Systems to establish a causal connection between systems or service problems and Customer's possible loss, it is further agreed that if Integrated Security Systems should become liable for any losses or damages attributable to a failure of systems or services in any respect, its total liability to Customer shall be limited to \$250.00, which the Customer agrees is reasonable. The payment of this amount shall be Integrated Security Systems' sole and exclusive liability regardless of the amount of loss or damage incurred by the Customer. No suit or action shall be brought against Integrated Security Systems more than one (1) year after the accrual of the cause of action therefore.
- d. Since it is agreed that the Customer retains the sole responsibility of the life and safety of all persons in the protected premises, and for protecting against losses to his own property or the property of others in the protected premises, Customer agrees to indemnify, defend and hold harmless Integrated Security Systems from any and all such claims and lawsuits including the payment of all damages, expenses, costs, and attorney fees incurred by Integrated Security Systems, its employees and agents, from and against all claims, lawsuits and losses, by persons not a party to this Agreement, against Integrated Security Systems for failure of its equipment or services in any respect, alleged to be caused by the improper operation of the system, whether due to malfunctioning or non-functioning of the system, or by the negligence, active or passive, of Integrated Security Systems.

13. RENEWAL:

- a. The Service Agreement portion of these conditions is self-renewing for the term provided herein and at the prices in effect as of the date of renewal unless modified or canceled by either party in writing not less than thirty (30) days prior to the expiration date of this Agreement.

14. TERMINATION/PAYMENT:

- a. Integrated Security Systems has the option to terminate this agreement for cause should any payment due from Customer to Integrated Security Systems remain overdue for a period of more than thirty (30) days. Should Integrated Security Systems elect to exercise such cancellation option, said exercise shall be in writing, sent by certified mail, return receipt requested, and such cancellation shall be effective upon receipt.

15. SUCCESSORS:

- a. The Agreement is not assignable by Customer except upon the written consent of Integrated Security Systems, which consent will not unreasonably be withheld.

16. ENTIRE AGREEMENT:

- a. This Agreement is to govern the providing of services by Integrated Security Systems to Customer as described herein. Nothing in this Agreement is to be construed as creating a lease or a leasehold agreement between the parties. This Agreement is not binding unless approved in writing by an authorized representative of Integrated Security Systems. If approval is not obtained, the only liability of Integrated Security Systems shall be to return to Customer the amount, if any, paid to Integrated Security Systems upon the signing of the Agreement by its Sales Representative.
- b. This writing, together with any individually signed acceptance of Proposals, rider, other attachments pertaining to this Agreement is intended by the parties as the final expression of their agreement with respect to the subject matter contained herein and also as the complete and exclusive statement of the terms and such Agreement, notwithstanding any prior, contemporaneous or subsequent purchase order or other document relating to said subject matter. There is no course of dealing or usage of the trade what would supplement or conflict with its terms. This Agreement may only be amended in writing signed by both parties.

18. EXCLUSIONS:

- a. Permit and Processing fees are excluded from this proposal.
