COMMISSION MEMORANDUM

TO: Honorable Mayor and Members of the City Commission

FROM: Rickelle Williams, Interim City Manager

DATE: July 24, 2024

TITLE: A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, AMENDING RESOLUTION NO. 2019-30958, RESOLUTION NO. 2021-31572, AND RESOLUTION NO. 2022-32099, WHICH APPROVED AN AGREEMENT BETWEEN THE CITY AND MIAMI-DADE COUNTY SCHOOL BOARD FOR THE CITY TO FUND DUAL ENROLLMENT COURSES, THROUGH MIAMI DADE COLLEGE, FLORIDA INTERNATIONAL UNIVERSITY, AND UNIVERSITY OF FLORIDA, AT MIAMI BEACH NAUTILUS MIDDLE SCHOOL AND MIAMI BEACH SENIOR HIGH SCHOOL; SAID AMENDMENT ALLOWING FOR FUNDS IN THE AMOUNT OF \$41,432 TO BE USED AS NEEDED TO MEET THE NEEDS OF THE COMMUNITY THROUGH ALL APPROVED PROVIDERS OF DUAL ENROLLMENT COURSES FOR THE 2024-2025 SCHOOL YEAR AND EACH SUBSEQUENT YEAR THEREAFTER, SUBJECT TO FUNDING APPROVAL DURING THE CITY'S BUDGETARY PROCESS; AND FURTHER AUTHORIZING THE CITY MANAGER TO EXECUTE ANY AND ALL DOCUMENTS OR AGREEMENTS IN CONNECTION WITH THE PROGRAM.

RECOMMENDATION

The Administration recommends authorizing the City Manager to execute Amendment No. 3 to the Agreement, to maximize the number of dual enrollment courses that may be offered at Miami Beach Senior High School and Miami Beach Nautilus Middle School through any combination of the approved providers including Florida International University (FIU), Miami Dade College (MDC) and University of Florida (UF).

BACKGROUND/HISTORY

The Education Compact with Miami-Dade County Public Schools (M-DCPS), established on January 16, 2008 ("Education Compact"), includes the outcome to increase academic support and achievement. The Education Compact reflects the desire of the Miami Beach community to support excellence in the City's public schools to improve educational opportunities for youth.

To increase academic support and achievement, the Education Compact seeks to identify and pursue the implementation of best practices strategies to increase the graduation rate at Miami Beach Senior High School (MBSHS). Dual enrollment is a program that allows eligible high school and middle school students currently attending accredited Miami-Dade County public schools, private high schools, or home schools, to enroll in a college course while attending high school or middle school. The credits that students earn in the dual enrollment program must be applicable toward a high school diploma and postsecondary educational title, such as a college associate, a baccalaureate degree, or a technical certificate.

Due to state funding changes for dual enrollment courses in July 2013, M-DCPS is responsible for reimbursing colleges for instructor and administrative fees; therefore, limiting the number of courses offered due to available funding and credentialing limitations of instructional school staff.

On May 21, 2014, the Mayor and City Commission adopted Resolution No. 2014-28601 to support dual enrollment at Miami Beach Senior High School beginning in Spring 2015 through Florida International University at an amount not to exceed \$20,000. Prior to the City providing this enhancement, dual enrollment was not offered by the high school or offered sporadically. Dual enrollment courses save students and parents money, as dual enrollment students are exempt from paying application, registration, tuition, laboratory, and special fees if the classes taken are being used toward high school graduation. At the July 6, 2016, Finance and Citywide Projects Committee (FCWPC) meeting, the committee recommended accepting the enhancement request of \$13,000 to expand dual enrollment options at Miami Beach Nautilus Middle School and Miami Beach Senior High School, through a partnership between the City, Miami Dade College, and Miami-Dade County Public Schools. At the July 13, 2016, City Commission meeting, a discussion relating to the expansion of dual enrollment options at Miami Beach Nautilus Middle School and Miami Beach Senior High School, was referred to the Neighborhoods/Community Affairs Committee (NCAC). The NCAC unanimously recommended the enhancement in the City's FY 2017 budget and the FCWPC unanimously recommended expanding the dual enrollment program.

On August 26, 2016, the Mayor and City Commission adopted Resolution No. 2016-29537(Attachment A), accepting the recommendations of the FCWPC and the NCAC, and authorizing the City to execute an agreement with Miami Dade College and M-DCPS, to provide dual enrollment courses taught at Miami Beach Senior High School, Miami Beach Nautilus Middle School, for 8th grade students attending the Middle School and Miami Beach Fienberg Fisher K-8 Center during the 2016-2017 school year.

On September 11, 2019, the Mayor and City Commission adopted Resolution No. 2019-30958 (Attachment B), approving an agreement between the City of Miami Beach and the Miami-Dade County School Board to provide dual enrollment courses for students attending Miami Beach Senior High School, in an amount not to exceed \$28,000.

On November 8, 2019, the City and M-DCPS executed Amendment No. 1 to the agreement extending the program for the 2020-2021 school year.

Amendment No. 2 to the Agreement was executed on May 8, 2022, to include Florida International University (FIU) as an additional provider of dual enrollment courses, so that the City, through its partnership with M-DCPS, may maximize the amount of dual enrollment courses that may be offered at the High School and the Middle School, based upon the approved City Contribution.

On February 10, 2020, the Mayor and City Commission adopted Resolution No. 2021-31572 (Attachment C), amending Resolution No. 2019-30958, which approved an agreement between the City and Miami-Dade County School Board for the City to fund dual enrollment courses, through Miami Dade College, at Miami Beach Nautilus Middle School and Miami Beach Senior High School; said amendment adding Florida International University as an additional provider of dual enrollment courses.

On April 6, 2022, the Mayor and City Commission adopted Resolution No. 2022-32099 (Attachment D), which approved an agreement with the University of Florida and Miami-Dade County Public Schools to provide dual enrollment courses, for college credit, for students at Miami Beach Senior High School. The City's partnership with UF provides funding in the amount of \$13,432 to cover the cost for instructors, approximately \$6,716 per course per semester, for

eligible and credentialed teachers, City Staff and Miami Beach residents, in an amount not to exceed \$13,432.

ANALYSIS

The City of Miami Beach in partnership with Miami-Dade County Public Schools (M-DCPS), Florida International University, Miami-Dade College, and the University of Florida (UF) offers dual enrollment courses at Miami Beach Senior High School (MBSH) and Miami Beach Nautilus Middle School (MBNM).

The chart below provides information on the number of course and class sections available, as well as the financial savings to Miami Beach families since program inception of \$3,536,972 (Attachment E) for those children choosing to enroll in dual enrollment classes funded by the City offered at Miami Beach public schools.

Funding to support and expand the partnership in the 2023-2024 school year included an estimated City contribution of \$104,000 for instructor salaries and MDCPS estimated contribution of \$28,560 for textbooks. This partnership also supports class size reduction.

The dual enrollment program at MBSH and MBNM School allows eligible students to enroll in a college course and high school class simultaneously. The credits the students earn are used towards both a high school diploma and are acceptable towards a college associate's degree, bachelor's degree, or technical certificate. The benefits of offering dual enrollment courses to high school and middle school students include:

- Saves students and parents money, as dual enrollment students are exempt from paying application, registration, tuition, laboratory, and special fees if the classes taken are being used toward high school graduation
- Enriches the course opportunities for outstanding high school / middle school students
- Shortens the time to attain a college degree
- Provides students with college credit that is transferable to a college or university
- Allows grades earned to become part of the student's permanent transcripts

SUBJECT: A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, ACCEPTING THE RECOMMENDATIONS OF THE FINANCE AND CITYWIDE PROJECTS COMMITTEE AND THE NEIGHBORHOOD/COMMUNITY AFFAIRS COMMITTEE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE AN AGREEMENT WITH MIAMI-DADE COLLEGE AND MIAMI-DADE COUNTY PUBLIC SCHOOLS, ACCEPTABLE TO THE CITY MANAGER AND CITY ATTORNEY, TO PROVIDE DUAL ENROLLMENT COURSES FOR COLLEGE CREDIT FOR STUDENTS ATTENDING MIAMI BEACH SENIOR HIGH SCHOOL, NAUTILUS MIDDLE SCHOOL, AND FIENBERG FISHER K-8 CENTER DURING THE 2016-2017 SCHOOL YEAR

RECOMMENDATION

The Administration recommends the approval of this Resolution. This approval will assist the Department in accomplishing its measurable objectives linked to the City's Key Intended Outcomes to Induce Public School Accountability Mainly at Middle School and Achieve K-12 Educational Excellence.

ANALYSIS

The Education Compact with Miami-Dade County Public Schools (M-DCPS), established on January 16, 2008, includes the outcome to increase academic support and achievement. Since the Education Compact implementation, the City of Miami Beach has collaborated with M-DCPS to improve educational opportunities for youth. At the January 31, 2014 Commission Retreat, the City's Key Intended Outcomes (KIO) in the Strategic Plan was updated to reflect the priority outcomes of the Mayor and Commission, and was formally adopted on March 5, 2014 per Resolution No. 2014-28525. This Resolution supports the KIO to Induce Public School Accountability Mainly at Middle School and Achieve K-12 Educational Excellence.

The graduation rate at Miami Beach Senior High School at 79.4 percent in 2015, is a 16.7 percent increase from 2010. M-DCPS climate survey data for the 2014-15 School Year reflected that 75% of parents and 91% of school staff agree or strongly agree that children are receiving a good education at Miami Beach Senior High School, and 55% of students agree or strongly agree that they are receiving a good education.

Further, the M-DCPS climate survey data for the 2014-15 School Year reflected that 87% of parents and 93% of school staff agree or strongly agree that children are receiving a good education at

Nautilus Middle School, and 67% of students agree or strongly agree that they are receiving a good education.

An activity included in the Education Compact to increase academic support and achievement is to identify and pursue the implementation of best practice strategies to increase the graduation rate at Miami Beach Senior High School (MBSH). Dual Enrollment programs enrich course opportunities for outstanding high school students and saves students and parents money.

Dual Enrollment is a program that allows eligible high school and middle school students currently attending accredited Miami-Dade County public or private high schools, or home schools to enroll in a college course and high school course simultaneously. The credits that students earn must be used toward both a high school diploma and are acceptable towards a college Associate or Baccalaureate degree, or Technical Certificate. The benefits of offering dual enrolment classes to high school students include:

- Enriches the course opportunities for outstanding high school students
- Shortens the time to attain a college degree
- Saves students and parents money, as dual enrollment students are exempt from paying application, registration, tuition, laboratory, and special fees if the class(es) taken are being used toward high school graduation
- Provides students with college credit that is transferable to a college or university
- Grades earned through dual enrollment will become part of the students' permanent high school and college transcripts

Students in the 6th, 7th, 8th, 9th, 10th, 11th, and 12th grades that are enrolled in M-DCPS are eligible to participate in the Dual Enrollment programs and must meet the following criteria:

- A minimum 3.0 high school unweighted grade point average (GPA)
- Passed the appropriate sections of the College's Basic Skills Assessment Tests (PERT or CPT), or submitted adequate SAT/ACT scores, or submitted adequate FCAT scores.
- Permission from the parent/guardian, high school principal and counselor
- Met with the College Dual Enrollment Coordinator at the Campus he/she plans to attend
- An understanding that the amount of work necessary to succeed in dual enrollment courses will be greater than in high school courses and must earn a grade of "C" or higher in their college-level courses to continue participation. Students whose College GPA falls below 2.0 are ineligible to continue dual enrollment.

Due to legislative changes (Senate Bill 1514), funding for the dual enrollment program changed, effective July 1, 2013. Previously, community colleges and universities assumed the cost of dual enrollment. Students are exempt from paying for tuition, however, schools must reimburse the college/university for college credit courses (dual enrollment) taken by eligible high school and middle school students, who must have a 3.0 unweighted GPA and be college-ready in Reading and Writing per state-approved tests (PERT, SAT/ACT, FCAT).

As such, the number of courses offered is limited due to available funding, along with credentialing limitations of instructional school staff. Miami-Dade College (MDC) currently offers dual enrollment courses in approximately 34 out of 53 high schools and two (2) middle schools across Miami-Dade County.

The City administration recommends, and it would be in the best interest of high school and middle school students attending public school in the City, that the City of Miami Beach to enter into an Agreement with MDC to allow for the credentialing of eligible City staff, as well as qualified residents, to increase the number of Dual Enrollment courses available at Miami Beach Senior High School and Nautilus Middle School for upcoming school years.

A City of Miami Beach partnership with MDC would provide funding for instructors at a cost of approximately \$4,330 per course per semester only for eligible MDC adjunct instructors and credentialed City staff and Miami Beach residents not to exceed two (2) Dual Enrollment courses during the 2016-17 School Year at Miami Beach Senior High School and one (1) Dual Enrollment courses during the 2016-17 School Year at Nautilus Middle School, with the expectation that the number of Dual Enrollment courses offered each subsequent School Year would increase.

CONCLUSION

The Administration recommends the approval of this Resolution.

ANALYSIS

The City of Miami Beach has maintained a partnership with Miami-Dade County Public Schools (MDCPS) to provide dual enrollment classes through Florida International University and Miami Dade College to students at Miami Beach Senior High School, Nautilus Middle School, and Fienberg Fisher K-8 Center.

The interest and success of students at our high school and middle school in dual enrollment classes has resulted in a 250 percent increase in the number of classes from the 2015-16 to 2018-19 school years. The chart below provides information on the number of course and class sections available to

students following the implementation of the partnership in Fall 2014, as well as the financial savings to Miami Beach families for those children choosing to enroll in dual enrollment classes offered at Miami Beach public schools funded by the city. The benefits of offering dual enrollment courses to high school and middle school students include:

- Saves students and parents money, as dual enrollment students are exempt from paying application, registration, tuition, laboratory, and special fees if the classes taken are being used toward high school graduation
 - Enriches the course opportunities for outstanding high school / middle school students
 - Shortens the time to attain a college degree
 - Provides students with college credit that is transferable to a college or university
 - Allows grades earned to become part of the students' permanent transcripts
- Dual enrollment course offerings include, but are not limited to, the following for the 2018-19 school years:

COMMISSION MEMORANDUM

TO: Honorable Mayor and Members of the City Commission
FROM: Raul J. Aguila, Interim City Manager
DATE: February 10, 2021

SUBJECT: A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, AMENDING RESOLUTION NO. 2019-30958, WHICH APPROVED AN AGREEMENT BETWEEN THE CITY AND MIAMI-DADE COUNTY SCHOOL BOARD FOR THE CITY TO FUND DUAL ENROLLMENT COURSES, THROUGH MIAMI-DADE COLLEGE, AT MIAMI BEACH NAUTILUS MIDDLE SCHOOL AND MIAMI BEACH SENIOR HIGH SCHOOL; SAID AMENDMENT ADDING FLORIDA INTERNATIONAL UNIVERSITY AS AN ADDITIONAL PROVIDER OF DUAL ENROLLMENT COURSES.

RECOMMENDATION

The Administration recommends authorizing the City Manager to negotiate and execute Amendment No. 2 to the Agreement, including Florida International University (FIU) as an additional provider in the program so that the City, through its partnership with M-DCPS, may maximize the amount of dual enrollment courses that may be offered at the High School and the Middle School, based upon the approved City Contribution.

BACKGROUND/HISTORY

The Education Compact with Miami-Dade County Public Schools ("M-DCPS"), established on January 16, 2008 ("Education Compact"), includes the outcome to increase academic support and achievement. The Education Compact reflects the desire of the Miami Beach community to support excellence in the City's public schools to improve educational opportunities for youth.

In order to increase academic support and achievement, the Education Compact seeks to identify and pursue the implementation of best practices strategies to increase the graduation rate at MBSHS. Dual enrollment is a program that allows eligible high school and middle school students currently attending accredited Miami-Dade County public schools, private high schools, or home schools, to enroll in a college course while attending high school or middle school. The credits that students earn in the dual enrollment program must be applicable toward a high school diploma and postsecondary educational title, such as the college associate, a baccalaureate degree, or a technical certificate. Students in 8th, 9th, and 10th grades that are enrolled in M-DCPS are eligible to participate in dual enrollment programs and must meet specific criteria.

Due to state funding changes for dual enrollment courses in July 2013, M-DCPS is responsible for reimbursing colleges for instructor and administrative fees; therefore, limiting the number of courses offered due to available funding and credentialing limitations of instructional school staff. Miami Dade College ("MDC") currently offers a dual enrollment courses in approximately 34 out of 53 high schools and three (3) middle schools across Miami-Dade County.

The City of Miami Beach has supported dual enrollment at Miami Beach Senior High School since Spring 2015 for 11th and 12th graders through Florida International University and prior to the City providing this enhancement, dual enrollment was not offered by the high school or offered sporadically. Dual enrollment courses save students and parents money, as dual enrollment students are exempt from paying application, registration, tuition, laboratory, and special fees if the classes taken are being used toward high school graduation. At the July 6, 2016 Finance and Citywide Projects Committee ("FCWPC") meeting, the committee recommended accepting the enhancement request of \$13,000 to expand dual enrollment options at Nautilus Middle School and Miami Beach Senior High School, through a partnership between the City, Miami Dade College, and Miami-Dade County Public Schools. At the July 13, 2016 City Commission meeting, a discussion relating to the expansion of dual enrollment options at Nautilus Middle School and Miami Beach Senior High School, was referred to the Neighborhoods/Community Affairs Committee ("NCAC"). The NCAC unanimously recommended the enhancement in the City's 2016-2017 fiscal budget and the FCWPC unanimously recommended expanding the dual enrollment program.

On August 26, 2016, the Mayor and City Commission adopted Resolution Number No. 2016-29537, accepting the recommendations of the FCWPC and the NCAC, and authorizing the City to execute an agreement with Miami Dade College and M-DCPS, to provide dual enrollment courses taught at Miami Beach Senior High School (the "High School"), for 9th and 10th grade students attending the High School, and at Nautilus Middle School (the "Middle School"), for 8th grade students attending the Middle School and Fienberg Fisher K-8 Center during the 2016-2017 school year. The City, M-DCPS, and Miami Dade College executed an agreement to provide these dual enrollment courses, providing for a total City contribution of \$13,000 in fiscal year 2016-2017. On December 10, 2018, the City and M-DCPS executed another Agreement to provide these dual enrollment courses, providing for a total City contribution of \$28,000 in fiscal year 2018-2019.

On September 11, 2019, the Mayor and City Commission adopted Resolution No. 2019-30958, approving an agreement between the City of Miami Beach and Miami-Dade County School Board to provide dual enrollment courses for the 2019-2020 School Year, through MDC, for college credit for eighth grade students attending Miami Beach Nautilus Middle School, Miami Beach Fienberg Fisher K-8 center, and for 9th, 10th, 11th and 12th grade students attending Miami Beach Senior High School, in an amount not to exceed \$28,000 ("City's Contribution"); and approving the funding of the City's Contribution for the 2019-2020 School Year from the City's 2018-2019 FY budget; and approving the City's Contribution to the program for each subsequent school year, subject to funding approval during the City's budgetary process and provided that the City's contribution amount does not exceed \$28,000. On November 8, 2019, the City and M-DCPS executed an agreement setting forth the guidelines for the City to support the dual enrollment courses at the High School and the Middle School. The City and M-DCPS executed Amendment No. 1 to the Agreement,

extending the program for the Fall 2020 and Spring 2021 semesters.

Miami-Dade College has not been able to accommodate the recent increased demand for dual enrollment classes.

The Administration recommends authorizing the City Manager to negotiate and execute Amendment No. 2 to the Agreement, including Florida International University (FIU) as an additional provider in the program so that the City, through its partnership with M-DCPS, may maximize the amount of dual enrollment courses that may be offered at the High School and the Middle School, based upon the approved City Contribution.

COMMISSION MEMORANDUM

TO: Honorable Mayor and Members of the City Commission
FROM: Alina T. Hudak, City Manager
DATE: April 6, 2022

SUBJECT: A RESOLUTION OF THE MAYOR AND CITY COMMISSION OF THE CITY OF MIAMI BEACH, FLORIDA, AUTHORIZING THE CITY MANAGER TO EXECUTE AN AGREEMENT WITH THE UNIVERSITY OF FLORIDA AND MIAMI-DADE COUNTY PUBLIC SCHOOLS, TO PROVIDE DUAL ENROLLMENT COURSES FOR COLLEGE CREDIT FOR STUDENTS AT MIAMI BEACH SENIOR HIGH SCHOOL, FOR THE 2022-2023 SCHOOL YEAR, IN AN AMOUNT NOT TO EXCEED \$13,432; AND FURTHER AUTHORIZING THE CITY TO EXECUTE AGREEMENTS FOR FUTURE SCHOOL YEARS WITH THE UNIVERSITY OF FLORIDA AND MIAMI-DADE COUNTY PUBLIC SCHOOLS, SUBJECT TO ANNUAL BUDGET APPROVAL BY THE CITY COMMISSION OF THE CITY'S CONTRIBUTION FOR EACH SUBSEQUENT SCHOOL YEAR.

RECOMMENDATION

Administration recommends accepting this resolution and expanding dual enrollment offerings at Miami Beach Senior High School to include University of Florida as a partner provider.

BACKGROUND/HISTORY

The Education Compact ("Education Compact") with Miami-Dade County Public Schools (M-DCPS), was established on January 16, 2008, and includes the outcome to increase academic support and achievement. At the January 31, 2014 Commission Retreat, the City's Key Intended Outcomes to Achieve PreK-12 Educational Excellence was prioritized in the Strategic Plan and continues to be a priority as reflected in the current Strategic Plan.

The graduation rate at Miami Beach Senior High School was 94% in 2021, a 16.9% increase from 2015, is 3.9% above the overall M-DCPS graduation rate of 90.1% in 2021. M-DCPS climate survey data for the 2018-19 school year reflects 78% of parents agree or strongly agree that children are receiving a good education at Miami Beach Senior High School, a 3.7% decrease when compared to the 2010-11 school year, and 56% of students agree or strongly agree that they are receiving a good education, a 21.7% increase from the 2010-11 school year.

An activity included in the Education Compact to increase academic support and achievement is to identify and pursue the implementation of best practice strategies to increase the graduation rate at Miami Beach Senior High School (MBSH). Dual Enrollment programs enrich the course

opportunities for outstanding high school students and saves students and parents money. Dual Enrollment is a program that allows eligible high school students currently attending accredited Miami-Dade County public or private high schools, or home schools, to enroll in a college course and high school course simultaneously. The credits that students earn must be used toward both a high school diploma and are acceptable towards a college Associate or Baccalaureate degree, or Technical Certificate. Students in the 6th, 7th, 8th, 9th, 10th, 11th, or 12th grades that are enrolled in M-DCPS are eligible to participate in the Dual Enrollment programs and must meet specific criteria.

The city has partnered with Florida International University and Miami-Dade College since 2004 to increase the number of dual enrollment courses at Miami Beach Senior High School and Miami Beach Nautilus Middle School. As of 2020-21 school year, the number of classes offered at Miami Beach public schools was 170 impacting 3,766 Miami Beach youth, for an estimated savings to families of \$2,771,539.26 since program inception and an estimated cost to the City of \$90,000 annually.

ANALYSIS

The University of Florida (UF) currently offers dual enrollment courses across the State of Florida and no courses in any of the 65 Miami-Dade County Public High Schools in Miami-Dade County. Due to state funding changes for dual enrollment courses in July 2013, individual high schools are responsible for reimbursing colleges for instructor and administrative fees. As such, the number of courses offered is limited due to available funding, along with credentialing limitations of instructional school staff.

To support our efforts to increase educational opportunities for Miami Beach youth and to increase our city's attraction to families as a place to live and raise a family, we propose a Memoranda of Understanding with UF to increase dual enrollment options for Miami Beach youth which will make the City of Miami Beach the only City offering dual enrollment through University of Florida at a Miami-Dade County public high school in Miami-Dade County Public Schools. The partnership with UF would provide for the City to fund the instructor cost of approximately \$6,716. per course per semester not to exceed two (2) Dual Enrollment courses in the 2022-23 school year, with the expectation to increase the number of Dual Enrollment courses offered each subsequent school year.

Below is a listing of the dual enrollment courses the City anticipates to offer and fund for the 2022-2023 school year at both Miami Beach Senior High School and Miami Beach Nautilus Middle School at an estimated cost of \$68,506. The City's budget for dual enrollment is currently \$90,000 per school year, which will allow for additional courses to be added beyond those listed below:

WHEREAS, the Education Compact with Miami-Dade County Public Schools ("M-DCPS"), established on January 16, 2008 ("Education Compact"), seeks to increase academic support and achievement and reflects the desire of the Miami Beach community to support excellence in the City's public schools to improve educational opportunities for youth; and

WHEREAS, in order to increase academic support and achievement, the Education Compact seeks to identify and pursue the implementation of best practices strategies to increase the graduation rate at Miami Beach Sr. High School ("MBSHS"); and

WHEREAS, dual enrollment is a program that allows eligible high school and middle school students currently attending accredited Miami Dade County public schools, private high schools, or home schools, to enroll in a college course while attending high school or middle school; and

WHEREAS, the credits that students earn in the dual enrollment program must be applicable toward a high school diploma and postsecondary educational title, such as a college associate, a baccalaureate degree, or a technical certificate; and

WHEREAS, due to state funding changes for dual enrollment courses in July 2013, M-DCPS is responsible for reimbursing colleges for instructor and administrative fees, which has limited the number of courses offered due to available funding and credentialing limitations of instructional school staff; and

WHEREAS, on May 21, 2014, the Mayor and City Commission adopted Resolution No. 2014-28601 to support dual enrollment at Miami Beach Senior High School beginning in Spring 2015 through Florida International University at an amount not to exceed \$20,000; and

WHEREAS, prior to the City providing this enhancement, dual enrollment was not offered by the high school or offered sporadically; and

WHEREAS, dual enrollment courses save students and parents money, as dual enrollment students are exempt from paying application, registration, tuition, laboratory, and special fees if the classes taken are being used toward high school graduation; and

WHEREAS, at the July 6, 2016, Finance and Citywide Projects Committee ("FCWPC") meeting, the committee recommended accepting the enhancement request of \$13,000 to expand dual enrollment options at Miami Beach Nautilus Middle School and Miami Beach Senior High School, through a partnership between the City, Miami Dade College, and Miami-Dade County Public Schools; and

WHEREAS, on November 8, 2019, the City and M-DCPS executed Amendment No. 1 to the agreement extending the program for the 2020-2021 school year; and

WHEREAS, on May 8, 2022, Amendment No. 2 to the Agreement was executed to include Florida International University (FIU) as an additional provider of dual enrollment courses, so that the City, through its partnership with M-DCPS, may maximize the amount of dual enrollment courses that may be offered at the High School and the Middle School, based upon the approved City Contribution; and

WHEREAS, the City's partnership with UF continues to expand with two new Artificial Intelligence (AI) dual enrollment courses available in the 2024-25 school year; and

WHEREAS, MBSH will be the only high school in the state to offer AI classes with a UF professor; and

WHEREAS, as such, this amendment will allow for the utilization of the allocated funds of \$41,432 to be used for dual enrollment courses offered through FIU, MDC, and UF based on student interest on a school-year basis; and

WHEREAS, the flexibility to utilize the funds allocated, in an amount of \$41,432, for dual enrollment at both MBSH and MBNMS through partnerships with FIU, MDC, and UF will allow the City and M-DCPS to meet the needs of the Miami Beach community within the public schools; and

WHEREAS, the City Manager recommends authorizing the City to execute Amendment No. 3 to the Agreement, to maximize the number of dual enrollment courses that may be offered at Miami Beach Senior High School and Miami Beach Nautilus Middle School through any combination of the approved providers including Florida International University, Miami Dade College, and University of Florida.
